Keith's & Plummer's and Franklin Clark's big new block is beginning to make a pretentious showing. The concrete work is completed and the woodwork advanced as far as the first floor. Monday the bricklayers, Ruddick & Taylor, began work and it is expected that within two months the three stories of brick will be laid up. The concrete basement has been nearly two months in building and has provided employment for 15 or 20 men during that time, and as many more will be employed about the work until it is completed. In Keith's & Plummer's part of the building the major portion will be used by themselves for the accommodation of their general store. There will be, however, a store with 18 feet front and 40 feet depth for rent. This is already let to Miss MacMullin for her fruit and confectionery business, while two suites of offices on the second floor are to be taken by Marvin L. Hayward, L. L. B., and Dr. A. R. Currie. The building over all will have a street frontage of 90 feet and a depth of 80 feet.

BROKEN IN HEALTH

Dr. Williams' Pink Pills Restored Strength After Medical Treatment Had Failed.

"I can truthfully say Dr. Williams' Pink Pills did for me what one of the best doctors in Halifax failed to do—restored my health." This strong statement is made by Mr. Wm. J. Weaver, 172 Argyle street, Halifax. Mr. Weaver adds: "A few years ago I took employment in a large factory as fireman. I knew the work would be hard, and friends told me I would never stand it, but as I was a strong man, weighing 180 pounds, I laughed at the idea of not being able to do the work. Anyhow I started and found the job a hard one indeed. There were a number of firemen employed and men were taking and quitting the job every few days. I kept at the work for two years and during that time lost 50 pounds weight, and was a broken down man. I could not take my meals and often took my dinner back home with me without touching it. When I would be working on the night shift I could not sleep in the day time, and this added to my trouble. Finally I became a total wreck and had to quit the work. I could hardly drag myself about, and yet had become so nervous that I could not sit still and would walk about the house until I was ready to drop. The doctor came to see me every day, and changed the medicine time and again, but it did me no good. Finally he wanted me to go to the hospital, and at this stage a friend came to stay with me over night. While he was reading the evening paper he came across the testimonial of a cure wrought by Dr. Williams' Pink Pills. He said, 'why don't you try them, nothing else is helping you and they may do you good.' He went out and got me a box at once. When this was done I got a half dozen boxes, and before they were all gone I began to feel like a new man. I continued using the pills for a couple of months when I was again as well and as strong as ever I had been in my life, and I have not seen a sick day since. I feel confident there is no remedy in the world equal to Dr. Williams' Pink Pills for building up a broken down and nervous system, and for such trouble I would strongly recommend them."

Dr. Williams' Pink Pills cure such cases as Mr. Weaver's because they make the rich, red blood that feeds the starved nerves and tones and strengthens every part of the body. That is why they cure anaemia, rheumatism, indigestion, neuralgia, St. Vitus dance, paralysis and other troubles due to bad blood and shattered nerves. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
