NEWS FROM THE COUNTY.

Bath.

The rite of Baptism was administered to sixteen candidates yesterday afternoon by Rev. B. Beatty and received in the United Baptist Church the same evening.

The welcome snow has come which all have been desiring. There is good crossing over the river on the ice at this point.

Mr. Purchase, of St. John, representing the R. G. Dun & Co., was in this place on Monday.

Mr. Cosman, representing Messrs. Barnes & Co., St. John, spent Sunday here.

Mrs. E. F. Shaw is still confined to her home. Mr. Wm. O. Harris is also ill.

Mr. H. H. McCain, Florenceville, was a caller in the village yesterday.

Jacksonville.

There are several persons on the sick list at the present time.

Miss Geneva Shaw has a tubercular cyst and has gone to Cape Cod where she will stay with her cousin a medical man who will treat her.

Miss Deborah Clarke has returned from Normal School with a severe attack of bronchitis. Despite her ill health Miss Clarke took all her examinations before leaving Fredericton.

Goldie Hazen, youngest daughter of Mr. and Mrs. Samuel Hazen has an acute attack of appendicitis. Dr. Prescott of Woodstock, is in attendance, but will not operate until the little patient is strong enough to stand the strain of so severe an operation.

Mr. and Mrs. William Hopkins have a new daughter in their home, this being the thirteenth child, ten of which number are still living, five boys and five girls.

Mrs. Smith of Kings Co. who has recently returned from the Klondike, was the guest last week of Mr. and Mrs. Fowler.

Many friends of Mrs. McMahon regret to learn of the serious injury received by her husband in a railway accident near Boston where the young couple resided. Mr. McMahon was removed to a hospital and is recovering as rapidly as possible considering the injury sustained.

Johnson Clarke performed a remarkable feat week of falling 60 feet from a roof and sustaining no injury. He is a son of Ernest Esty of this place. Mr. Clarke is employed by his uncles Dewitt Bros. St. John.

Mr. Archibald, of Truro, N. S. has been urging the claims of the well equipped Baptist college at Wolfville. He gave a splendid educational address in the United Baptist church on Sunday afternoon.

Rev. E. C. Turner has been attending a conference of the Methodist ministers of the District of Woodstock, discussing the question of missions in the county and the appropriation of money's thereto.

Centreville.

William McDonald and Miss Sherwood were married last Wednesday evening. A number of invited guests were present and a very pleasant time was enjoyed by all.

Harry Perkins, of Centreville, was also married to Miss Tracy, daughter of Mark Tracy, on the same day. Both young couples have made themselves many friends who join in wishing for them a pathway in life strewn with flowers of fragrance and beauty.

It is reported that Dorien Gray has sold out at Bridgewater Centre and will return to Carleton county.

William J. Owens is justly proud of the large vote polled for him on Tuesday last and will doubtless always remember with kindly feeling the day when nearly twenty one hundred evidences were placed on record that he was their favorite. There never was so quiet an election as this last one which is the best proof that the reform movement is doing its work.

James A. Barter of Avondale was engaged by S. W. Burt and H. J. Clark running out their lumber lands in Knoxford last week and will have another week or more in Knoxford Settlement and Greenfield running lines. Mr. Barter has proved himself very correct in the business in his engagement of last week.

The first snow to speak of came on Monday and the very cold wave preceeding it will make a good foundation for the winter roads.

The school children have taken advantage of the good skating and all have enjoyed themselves immensely with one or two exceptions, one who broke through the ice and took a dip to the chin, the other, well, he had his feelings hurt another way.

There is very little preparation for lumbering on this side of the Boundary and perhaps a considerable falling off on the other side, and consequently there will be a decline in men's wages during the winter and spring months.

Union Corner.

Mrs. Amasa Coy and two children from Upper Gagetown, Queens Co., are visiting at her relatives, Mrs. Aaron Nevers and J. E. Chase.

Mr. and Mrs. Sutherland representing the Banyan Comedy Co. gave a fine evening's entertainment in the school house, much to the enjoyment of the young people and some of the older.

Steven's mill starts up again, as soon as enough snow comes to make hauling. Some parties expect to operate quite extensively during the winter.

We are sorry to report that Miss Gildard is not improving any, it is thought she is failing.

Repeat it:—"Shiloh's cure will always cure my coughs and colds."

Temple.

The weather has been cold the past few days and this morning (Monday) the beautiful snow is falling giving promise of sleighing.

The ice is closing up the river here but the water is very low causing us to think that the ice won't remain unless the weather keeps cold.

The donation held at Mr. J. Shaw's Saturday evening 28th ult for our minister proved very successful.

F. L. Shaw, a former teacher and resident of this place but who is now in Boston spent his Thanksgiving with friends in Easthampton, Mass.

Dr. Patterson left last week to accept a position in one of the New England cities.

Miss Patterson is spending the week with Mr. and Mrs. R. E. Patterson.

Miss Graham returned to her home in Temperance Vale, after spending a short time in Temple.

C. S. Ingraham has resigned his position as teacher of the day school and intends entering the Provincial Normal school at Fredericton after New Years for advance of class. It is understood that Miss Lucy Cummings has applied to fill the vacancy caused by Mr. Ingraham's resignation and it is quite likely she will be accepted.

R. Frederick Pickett, teacher at Temperance Vale spent Saturday with his old class mate, C. S. Ingraham. He was accompanied by Ernest MacDonald.

Mrs. Jane Fox, and daughter Miss Grace, were guests of Mrs. E. Ingraham on Saturday last.

Listerville.

Our good sleighing is gone and wagons are again seen on the road.

Mr. and Mrs. Anthony Wright took tea at T. N. Barkers Thursday.

Robbie Longstaff, of Knoxford, spent Tuesday evening with friends in Listerville. Miss Edith Barker, of St. John, is spending a few weeks with her parents here, on account of ill health.

Charles Gallagher, of Bath, spent Friday night here, the guest of T. H. Barker.

D. B. Bird was a caller in Listerville Friday evening.

Miss Kathleen Parlow.

A despatch from Berlin says that Miss Kathleen Parlow, the young Canadian violiniste, achieved a great triumph at Bluthner Hall on Saturday night. She was recalled twenty times, and her playing of Brahms' concertos aroused great enthusiasm. On Friday she played with signal success before a critical audience at the Gewandhaus, Leipzig.

Miss Parlow is a niece of Bordman Wheeler and Mrs. Chas. Giberson, both of Wicklow.

Death Of Mrs. Geo. Bedell.

During the past few months Andover has lost several of its elder residents. On Wednesday of last week Mrs. Bedell, wife of Geo. Bedell, passed to her rest after a prolonged illness, she had attained within one month of her 70th year and was a native and life resident of the village being the daughter of the late Duncan Reid, in his day a prominent and well known farmer of the place and also one of the California city-miners. She leaves to mourn their loss besides her husband one daughter, Mrs. Benjamin Beveridge, and two sons, D. R. of Andover and T. B. now residing at St. John, and a host of relatives and friends.—Victoria County News.

Why Not The Best?

When the best can be had at the same price as the inferior articles, why not have the best? There is absolutely no doubt that the Family Herald and Weekly Star of Montreal is the best dollar's worth in the line of newspapers. It is an educator for the whole family. It has more features than any other half-dozen big city papers or magazines. Give it a trial for 1909, and you will be glad of your bargain.

REPEAT it:—"Shiloh's Cure will always cure my coughs and colds."

Mahogany Furniture.

I am prepared to restore old pieces of Mahogany Furniture, no matter how badly broken up. These old pieces when repaired are quite valuable and far superior to anything of modern make. Being a Cabinet Maker and "French Polisher" of many years experience in the city of St. John, I think I understand my business. Also general repairing. Write to

The Long, Cold, Dark Evenings,

Are coming upon us when the wise father and mother will look about for some means to keep the young people at home.

Nothing will do this more effectually than a musical instrument, a Violin, an Organ, or a Piano. I heartily recommend to your notice the renowned Gourlay Piano. Won't you come and have a talk with me about the matter.

The area under cultivation for olive growing in Italy exceeds 2,700,000 acres. The crop has varied from 90,000,000 gallons of oil in 1905 to less than 23,000,000 in 1899, owing to the damage done by the olive fly, against the ravages of which no adequate remedy has yet been found. The last two seasons have been bad, and a decided rise in prices is expected.
