The lath machine is still in operation, but that, too, will cease operation, for a time at least, in a few days.

Last week Chief of the G. T. P. Police Foster arrested an Italian workman named Frederico on a charge of theft and assault. Jose Cote, a young Frenchman, and his brother, and five Italians had undertaken a job on the railroad out Miramichi way. One of the Frenchmen was hurt a short time ago and was in Hartland being cared for by Dr. MacIntosh, when the Italians took a notion to rid themselves of the other one. Frederico relieved young Cote of his watch and then booted him out and away from the camp altogether. Cote informed Foster of the treatment he had received, and the arrest speedily followed. The prisoner was taken before Stipendiary Magistrate Farley at Bristol, before whom he was convicted and sentenced to one month in jail.

Out of twelve fine sheep, one was found all right, one badly torn, and a registered Leicester buck killed outright. Where the other young sheep are no one knows." PROPRIETOR

Husband And Wife

Both Restored To Health By Dr. Williams' Pink Pills.

"Both myself and my wife can truthfully say that Dr. Williams' Pink Pills have been of great benefit to us, and we are constantly recommending them to our friends." Thus writes Mr. Ernest L. Archibald, Truro, N. S., who further says:—"In my own case I had been subject to dizzy headaches for over a year, and three boxes of the Pills completely cured me of the trouble. About a year ago my wife began to complain. She seemed to be completely run down; was very pale and weak; she could not walk up stairs without stopping on the way to get breath, and ultimately she grew so weak she could not sweep a floor without resting. She tried several tonics but received no benefit. Then I persuaded her to try Dr. Williams' Pink Pills and got her a half dozen boxes. After she had used a couple of boxes her appetite began to improve and the color to return to her face. She continued using the Pills until she had taken the six boxes, and to-day she is perfectly well, feels stronger and looks better than she has done for some years. While she was taking the Pills she gained twelve pounds in weight."

Dr. Williams' Pills cure troubles like these because they are rooted in the blood. Bad blood is the cause of all common diseases like anaemia, rheumatism, indigestion, neuralgia, St. Vitus dance, general weakness, and all those ailments that only women folks know, with their attendant headaches and backaches and irregularities. Dr. Williams' Pink Pills are a sure cure when given a fair trial, because they enrich the blood and thus reach the root of disease. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville Ont.

The Markets.

The roads are in poor condition now and there is a slackening in the produce market. Taken on the average prices do not seem to be as good as they were a year ago. This is probably due to the fact that last year was a poor year for crops, while the past summer there was a big crop of everything but oats. Prices this week run:

Hay loose,.....	\$6.75 to \$7.25
Oats,.....	.42
Potatoes,.....	1.10
Butter,.....	.23 to .25
Eggs,.....	.23 to .25
Dressed pork,.....	.07 to .07 1/2
Buckwheat Meal,.....	1.75
Beans,.....	2.50

Annual Meeting of Carleton and Victoria Poultry Association

The second annual meeting of the Carleton Poultry and Pet Stock Association was held in Hagerman & Baird's hall at Hartland last Tuesday. There was a good attendance and several new members. Officers for the ensuing year were elected as follows: J. B. Daggett, re-elected president; Charles W. Hurst, re-elected secretary-treasurer; A. A. Belyea, 1st vice-president; Dr. Hagerman, 2nd vice-president; Dr. MacIntosh, Charles W. Hurst and A. A. Belyea, executive committee.

G. E. Baxtes of Andover was appointed a committee to secure as competent a judge as possible for the show to be held in January. He is to correspond with experts at the various experimental stations for this purpose.

It was decided to have the annual show at a date in January to be fixed by the executive committee.

It was moved by Dr. Hagerman, seconded by Dr. MacIntosh, and unanimously carried, that in the opinion of the association the time has arrived that this province should fall in line with the other provinces of Canada and have a poultry branch added to the Department of Agriculture, and under its auspices an up-to-date poultry plant should be established for educative purposes. The executive were instructed to take the matter up with the association in St. John, and to send a delegate to the Farmers' & Dairymen's meeting and jointly to carry the matter to the government.

Mr. Hurst presented his annual report, which showed a year's successful work in promoting the interests of the work. He also reported visiting the agricultural shows at Woodstock, Centreville and at St. John and Halifax.

The question of a grant from the government was brought up. It was desired that \$200 be appropriated to assist the Hartland exhibition. This had previously been asked for, but no action had been taken by the government.

NATIONAL STOCK FOOD

Is really the superior of the imported article that is advertised in such glowing colors. We advertise National Stock Food modestly, but we prefer to put more money into the goods than in gay colored pamphlets. That National Stock Food is better than any other kind if not an idle boast. We weigh the words carefully before we announce our claim. We have testimonials from people who have used most of the other kinds, and they support our claim to having the BEST. We make it right here; the goods are not only "made in Canada" but put up "right here." We give a cast iron guarantee that backs the goods up.

For sale by dealers from Fredericton north to the St. Lawrence river. Don't take another kind when you can get the best at your own store-keepers. Ask him for it.
