**CHRONIC CATARRH  
NOSE AND THROAT**

"At the Advice of Friends I Tried Peruna and the Results Have Been Highly Satisfactory." — So Writes Mr. Pilon.

MR. RAOUL PILON, 116 Rue Notre Dame, Lachine, P. Q., Can., writes: "I write you a few words to express to you my satisfaction at being cured. I was afflicted with catarrh of the throat and nose and suffered much. I was greatly discouraged. I had a bad breath and a bad taste in my mouth in the morning."

"I took treatment for some time without obtaining relief. At the advice of friends I tried the Peruna and the results have been highly satisfactory. At the end of four months I was completely cured."

Neglected catarrh becomes chronic. Having developed into the chronic stage, a longer and more persistent treatment will be required to cure it than if the disease were treated at the onset.

However, Peruna generally brings relief, whether the catarrh is acute or chronic. If you are wise you will keep Peruna on hand and take a few doses at the first appearance of a cold or cough, and thus perhaps save yourself both suffering and expense.

Peruna is recognized the world over as a standard remedy for catarrh. A multitude of people have been benefited by it.
