Lyons Bros., who have been running a store in Woodstock for some time have opened up a clothing store here. They have rented the store formerly occupied by the Misses Thornton as a millinery store, and seem to be doing a good trade.

T. T. Hammond, American Consul at Cabano, came down Saturday to spend a few days with his wife and family, who are spending the winter with Mrs. Hammond's parents Mr. and Mrs. D. H. Keswick.

Miss Winnie Nevers has been visiting her friend, Miss Gertrude Boyer at Florenceville.

Miss Esby Craig, who teaches the school at Highgate, spent Sunday at her home here.

Ballast trains have been working on the northern section of the new railway track during the past week, and in a few days the road will be in fit condition for trains to run regularly.

Mrs. Aaron Craig was visiting friends at Peel recently.

The new brick block is almost ready for occupancy, and it is expected without doubt that all the stores will be ready for the Christmas trade. The building is heated throughout by furnaces, which were installed by James Montgomery. The interior of the stores, done in pressed steel is handsome and shelf and drawer outfitting is right up-to-date. L. E. McFarland has been the head workman for the portion of the building owned by Keith & Plummer, while Frank Clark has supervised the building of his own portion.

W. H. Banks, representing Emerson & Fisher, of St. John was here on Monday.

On Wednesday the village was visited by D. McNicol, vice-president and general manager of the C. P. R., Assistant Chief Engineer Sullivan, Supt. William Downie, and Div. Supt. Newcombe. They came of three private cars in a train and their object was to inspect the track being rebuilt between here and Woodstock. After partaking of dinner in their own private dining car the train started south and ran over the new road from Tedlie Bluff to the Southern end. There was the first passenger train to pass over the road.

A few days ago Allen Trecartin of Wilmot went to the lumber woods at Cabano in the employ of George Raymond of Middle Simonds. On Nov. 18 he was at work chopping down a tree when he suddenly went stone blind. After calling for help he was assisted to the camp, and on Monday of last week was brought to his home. His sight is completely gone from him, and there is little likelihood of ever regaining it. The case is an exceedingly sad one. The afflicted man is about 35 years of age, married, and the son of John Trecartin. He has formerly suffered from eye trouble.

Miss Vaughan McFarland spent a few days of last week in Woodstock, the guest of her aunt, Mrs. Fred Boyd.

Mr. and Mrs. H. H. Hatfield drove to Woodstock on Thursday and returned on Friday.

The writer recently received from Prof. W. F. Watson, now in Great Britain as a delegate sent by the American Civic League to enquire into the educational system of the old country, a clipping from the London Daily Telegraph which gives an account of a banquet given to celebrate two great events in the Anglo-saxon world, the establishment of penny-postage between Great Britain and the United States, and the visit of the American fleet to Australia. This is a world-wide affair and Professor Watson was among the Canadian representatives. In writing he says that "At that banquet I had the opportunity of meeting Anthony Hope, the author of the 'Prisoner of Zenda,' and Mrs. Cecil Thurston, who wrote 'The Masqueraders.' There were present many of the nobility and many distinguished artists and sculptors."

The Victoria Co. News prints a rumor that the C. P. R. is arranging to transfer its blacksmith shops, and, we presume, the divisional headquarters, to Aroostook Junction. There is no official authority for the report, but the company has certainly the idea in view, and a year ago the writer was told by good authority that this was one of the changes the company was considering. As the most of the freight comes in at Aroostook Junction and nearly all the freight trains are made up there, it seems as though that place were the logical situation. The "News" also says in its published rumor that a movement is on foot that will in a way side-track Woodstock, in order to avoid the heavy grades between Woodstock and Debec Jct. It is said a survey leads around the mountains and brings the road in back of the town, touching the present line near the Upper Woodstock bridges. In this event, however, there is nothing to indicate the side-tracking of Woodstock as the station would doubtless be

as near the town as the proposed new station will be.

Traces of coal have been found at the Ox-bow, on the Tobique, and William Ellis of Plaster Rock is making a thorough inspection of the territory. It is hoped that the government drill will be in operation within a short time and that the vein will prove productive. This will, if anything comes of it, mean cheapened fuel for all in these up-river counties.

Donald Innes, of Tobique River, who has won an enviable reputation as a winner of prizes at the various agricultural shows, has sent to the Winter Fair at Amherst, sixteen varieties of grain. Last year Mr. Innes took the leading prize, a cup valued at \$140.

Most of last week there was excellent sledding and trade in the village was good. In many places the river was completely frozen over. This is a rare thing as always the river has not frozen over like a millpond, as it did this year, but filled with pack ice. The water is probably lower than ever it was before at any season of the year, but it has been raising during the past few days.

THE PANGS OF SCIATICA.

Can Be Cured by the Fair Use of Dr. Williams' Pink Pills.

Fierce darting pains. Pains like red hot needles being driven through the flesh—in the thigh, perhaps down the legs to the ankles—that's sciatica. None but the victim can realize the torture of this trouble. But the sufferer need not grow discouraged for there is a cure in Dr. Williams' Pink Pills. These Pills enrich the blood, feed the starved sciatic nerve and thus drive out the pain. Mrs. Joseph L. Brown, Wilmot, N. S., was a victim of sciatica and found a cure in Dr. Williams' Pink Pills. She says:—"For a year I was laid up with sciatica from my side to my foot. What I suffered was at times awful. I could not touch my foot to the floor and had to hobble about with a cane. My right leg was drawn up, and I never expected to have the use of it again. I was attended by our family doctor, and tried several other remedies, but with no benefit, and I felt very much discouraged. One day I read of the cure of a similar sufferer through Dr. Williams' Pink Pills, and I decided to try them. I got six boxes, and by the time I had taken them I was completely cured, and have not had the slightest twinge of the trouble since. I am, therefore a very enthusiastic friend of Dr. Williams' Pink Pills, and recommend them to all who are similarly troubled."

There is no mystery about the cures Dr. Williams' Pink Pills make. They act upon the blood, enriching and purifying it, and in this way feed the nerves and reach the root of the disease. This is why they cure such common ailments as anaemia, pimples and eczema, indigestion, rheumatism, neuralgia, St. Vitus dance, paralysis, and the irregularities in health of growing girls and women. Sold by all medicine dealers or by mail at 50 cents a box, or six boxes for \$2.50, from the Dr. Williams' Medicine Co., Brockville, Ont.

REPEAT IT:—"Shiloh's Cure will always cure my coughs and colds."

On information from St. John, Inspector Colpitts seized three barrels of liquor in the C. P. R. freight shed last week. They were consigned to a Woodstock man. The liquor will probably be destroyed.

NATIONAL STOCK FOOD

Is really the superior of the imported article that is advertised in such glowing colors. We advertise National Stock Food modestly, but we prefer to put more money into the goods than in gay colored pamphlets. That National Stock Food is better than any other kind is not an idle boast. We weigh the words carefully before we announce our claim. We have testimonials from people who have used most of the other kinds, and they support our claim to having the BEST. We make it right here; the goods are not only "made in Canada" but put up "right here." We give a cast iron guarantee that backs the goods up.

For sale by dealers from Fredericton north to the St. Lawrence river. Don't take another kind when you can get the best at your own store-keeper's. Ask him for it.
