J. W. ASTLE, Woodstock, N. B.

### A Chapter of Accidents.

On Thursday afternoon Bird MacMullin, a 15 year old lad who works in Sayre's saw mill at Hartland, nearly lost his life by being caught in a rapidly revolving shaft. Every stitch of clothing was torn from his body, his stockings being torn off at his boot tops. Beside being somewhat dazed he was not injured beyond a few bruises. As though this were not all that was coming to him, when near the same place the following day, he slipped and fell on a "live" roller with spiked rollers in it for carrying deal, and had the calf of his leg badly lacerated. A number of stitches were necessary to close the wound.

Thursday evening, Shirley, the 8 year old son of Aaron Craig (who, by the way, is in bed with both his legs broken), jumped over a fence after a base ball and slighted on a rusty nail thrust through a board. The nail penetrated entirely through the thickest part of his foot, protruding from the instep. Older boys ran to his assistance and pulled him off the nail and board. Dr. MacIntosh, hastily summoned, took prompt measures to avert blood-poisoning or lock-jaw. The little fellow has suffered a lot but is doing as well as can be expected.

### Appointed Cashier.

Word has just been received of the promotion of Frank H. Fisher, son of Collector Williamson Fisher, to the position of cashier of the United States Banking Co, the leading bank in the Mexican Republic. Young Mr. Fisher's rise has been steady and rapid, and all his friends here heartily congratulate him. His position, which carries a very large salary, is second only to that of General Manager. It is something like four years since Mr. Fisher started with his present bank, his previous experience having been gained with the old Peoples Bank of Halifax and the Merchants Bank of Canada.

### The Crops and Prices.

It is now candidly admitted by the farmers that hay is yielding quite as well as it did last year, which means another bumper crop. Last season, however, the long-continued rains nearly ruined the hay. Not a twentieth part of the abundant crop was got in in good condition. Most of it was classed as second grade while a great portion went only for bedding. Indeed, there is a lot of last year's hay still in store, which is fit only for the last mentioned purpose.

This year there is an abundant crop and the farmers are nearly through with out the hay being injured in the least by rain.

The same favorable conditions seem to prevail in all parts where hay is raised extensively and this would indicate lower prices than were offered last year. There is, however, the hope that Carleton County hay will be of a quality fit for the New England market, and there will not be such lavish shipments to St. John as there were last season at one time, when prices took a sudden and disastrous slump.

As reported last week the chance for grain is fair if there is a little more rain and less scorching sunshine until ripening time comes. Buckwheat, which has almost gone out of fashion, is a good crop.

Potatoes, the most expensive of all crops, from the view-point of first-cost, indicate a good yield. So far rust, that deadly pest, has not shown itself, and until it does the crop may be regarded as sure. There is, however, always the danger of that until the stalks die down in the fall.

Butter is in good demand with prices advancing. Orders are now coming to farmers for winter butter in boxes, although there is a good demand for bricks.

The hens have been doing very well all summer, and should be stimulated by the raise in prices. At present store-keepers pay 16 cents.

### Bristol.

Mrs. D. E. Brooks, and her daughter, Mrs. Crabbe, of Lowell, went to Plaster Rock on Saturday to spend a few days.

Mrs. E. Robinson, of Lowell, is spending the summer with her parents, Mr. and Mrs. Wm. Elkins.

Rev. R. G. Fulton was in the village on Thursday and Friday last.

S. G. Barter and Kenneth Tracy, Lakeville, were in Bristol on Thursday in the interests of the "Chosen Friend".

D. V. Boyer is building a house for Thomas Ebbett at Upper Kent.

Mrs. Lorena Tinker went to St. John on Friday.

Rev. G. E. Orser, of Maine, preached in the Primitive Baptist church on Sunday morning and evening.

The members of the W. C. T. U. held their annual picnic on Tuesday, and the Sunday School on Thursday next.

Mr. and Mrs. Charles Ackerson, of Bridgewater, spent Sunday with friends in Bristol.

Elder Hiram Raymond, Middle Simonds, is spending a few days with his daughter, Mrs. J. Farley.

Miss Ellen Giberson and Miss Mattie Pearson are visiting friends at Bridgewater, Me.

On account of irregularities in the annual school meeting at Fielding, the Inspector has set the meeting aside, and has called another meeting of the ratepayers.

L. Hall.....	24	25	20	69

### Rogers-Gaunce.

A very quiet wedding took place on June 9th., at the residence of Mr. R. B. W. Bridges, Gordonsville, the contracting parties being Mr. Nelson B. Rogers, of Gordonsville, and Miss Lottie H. Gaunce, daughter of Mr. Amos Gaunce, of Riley Brook, Victoria County. The ceremony was performed in the presence of only a few friends, by Rev. James Copeland, pastor of the United Baptist church. The bride who is a popular teacher, was attended by Miss Evelyn Tedford as bridesmaid, and little Evelyn Bridges as flower girl, and the groom was supported by G. K. Farley, of Florenceville. The bride was the recipient of some valuable and useful presents. The happy couple will reside at Fielding, and have the best wishes of many friends.

### Fatal Accident.

Losing her foothold in the doorway of the second story of a shed in the rear of her home at 50 Durham street, St. John, Mrs. Elizabeth Powers, widow of Wm. R. Powers, fell to death to the ground at 4:30 o'clock Friday afternoon. She was picked up unconscious and died a few minutes later. Mrs. Powers was about seventy-five years of age. She was formerly Miss Akerley of Southampton but had lived in St. John for many years. She leaves two daughters, two brothers and four sisters. Mrs. Harold D. Ferris and Miss Ella, at home, are the daughters; John and Harrison Akerley of Southampton are the brothers and the sisters are Mrs. J. W. Estabrook of Boston; Mrs. Fred Moore, of Woodstock; Mrs. Charles Scott, of Temperance Vale, and Mrs. J. F. Estabrook, of this city. T. Fred Powers of St. John is a nephew.

### Returned Missionaries.

Rev. H. C. Sanders and Mrs. Sanders and family returned missionaries from South Africa of the Reformed Baptist church, will spend this week with Rev. S. A. Baker and wife, and will hold a public missionary meeting in the Reformed Baptist church on Friday evening at 8 o'clock, they have a large number of African curios which will be shown at the meeting. All are cordially invited an offering will be taken for the extension of missionary work.

### Centerville.

Rev. G. M. Campbell spoke in the interests of the "Canadian Bible Society" in the Baptist Church last Saturday evening to a small but attentive audience. There was a large number of outsiders in the village but The Dramatic Club of Montecello, Me. playing in the Opera House drew much of the crowd. The Rev. gentlemen gave a very interesting account of the Society's work during the past three years. A number of officers were appointed to look after the work in Centerville, Tracey Mills and Knoxford. Mrs. O. C. Gibson is the Treasurer; Roy Lee is Secretary, and Mrs. Rose Clarke, Miss Ida Sherwood and Miss Smith, daughter of P. G. Smith the collectors for Centerville Churches. The collectors for Tracy Mills and Knoxford will be chosen at a later date.

In the passing away of Mr. Geo. Long and Erastus Hagerman, two of the oldest men have crossed the dividing line strong in hope, their exemplary lives being the best evidence of their implicit faith in Him who said "I go away to prepare a place for you."

Mrs. Joseph Pryor died at her home in Williamstown last Wednesday. She had been a widow just five years at the time of her death.

The hay crop though not so heavy as last year is of excellent quality and if the favourable conditions continue for another week a very large part of the crop will be gathered.

The Allen Brothers working for Roy Lee, were standing in Sherwood's Mill yard less than two yards apart. The boys on the premises of Dr. Brown were playing with guns and discharged them, the bullet from one passing between the two men in the mill-yard. The incident should teach parents that the boy is not the proper person to have the custody of playthings so well calculated to be dangerous to life.

Mr. and Mrs. J. C. Bartt of the Central Hotel at Bridgewater Center are rejoicing over the advent of two little strangers with-

in their home who have come to be permanent guests, they are both girls.

The people of this village are beginning to feel some anxiety in regard to the repairing of the streets as nothing has been done by the commission in the way of repairing this year. Now the question that the people are asking is "will the money that the people of this village pay in road taxes be expended in other districts and no work on the streets be done here." It certainly means trouble ahead for some one.

Byron Alexander and his wife and child are visiting his parents, Mr. and Mrs. J. E. Alexander.

A meeting of the Ratepayers in Cogswell Settlement and Gregg Settlement School Districts will be taken in the near future to vote on the question of consolidation with Centerville School District.

Dr. Field returned last week after a short visit to his native home in Westmoreland County.

Dr. F. M. Bawn of New York is expected on about the first of August to visit his family who are spending the summer months at their old home Centerville.

### BABY'S GREAT DANGER DURING HOT WEATHER.

More little lives are lost during the hot weather than at any other time of the year, diarrhoea, dysentery, cholera, infantum and stomach troubles come without warning, and when a medicine is not at hand to give promptly the short delay too frequently means that the child has passed beyond aid. During the hot weather months Baby's Own Tablets should be kept in every home where there are small children. An occasional dose of the Tablets will prevent stomach and bowel troubles. Or if the trouble comes unawares the prompt use of this medicine will bring the child through safely. Mrs. J. Renard, New Glasgow, Que., says:—"One of my children had a severe attack of diarrhoea which Baby's Own Tablets promptly cured. I know of no medicine so good for stomach and bowel troubles." Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### Sad Death of Wm. Campbell.

Saturday's Telegraph says: A few weeks ago William Campbell, an old man at Stickney, six miles north of Hartland, left his home, and no trace was found of him until Thursday, when his decayed remains were found in the woods back on the farm. An inquest was held by Dr. D. W. Ross, coroner, and a verdict of death by exposure was rendered. The old gentleman had been in the habit of leaving his home and visiting friends and relatives in various parts of the country. His friends discovered a few days ago that he was not among those whom he was accustomed to visit, and, becoming alarmed, made search for him with the foregoing result. He had for some time been in a state of enfeebled mind and it is presumed that in a condition of mania he wandered away and died. Mr. Campbell left a wife and a grown-up family.

### FOR SALE.

Boilers and Engines, Special value. Correspondence solicited. THE ALEX. DUNBAR & SON CO., LTD. July 29-31.
