A. F. Lockhart, Mrs. and Miss Lockhart, of Hartford, were in the village last week. They were on their way to the Tobique region to put in a few weeks in that fine country.

Misses Jeanie McElroy and Annie Strong of Grafton have been visiting Mrs. A. F. Cambell.

F. B. Cervell, M. P., was in the village one day recently.

The remains of Mrs. Alice Glass were brought here from Lowell on Tuesday. She had been ill for quite a long time. She was a daughter of James Campbell of St. Thomas, and the casket was accompanied by the late Mrs. Glass's sister Miss Mary Campbell, and Walter Glass, son of the deceased. The funeral was held at Lakeville on Friday by Rev. Fr. Bradley.

W. F. Campbell, Grand Organizer for the Canadian Order of Chosen Friends, is expected to come from Hamilton, Ont., next week to make a tour of the province in the interest of the order. He will give a public address on the merits and standing of the Order at Hartland on Aug. 7th.

N. Perry Sipprell, a grandson of the late Rev. Ezekiel Sipprell and son of Nathaniel Sipprell, arrived here last week accompanied by his bride. The two are on their honeymoon and visited relatives at Hartland, Somerville, and Victoria Corner for a few days. Mr. Sipprell is a lawyer and practices in Boston.

S. G. Barter, organizer for the C. O. C. F., and Kenneth B. Tracey of Sackville, who is his assistant, were in Hartland recently looking after the interests of Hartland Council No. 507. They have lately secured several new members.

Dr. A. R. Currie, dentist, will not be in Hartland again until Aug. 10th.

Mr. and Mrs. J. B. Bowser of Victoria returned last week from their trip to the "Island" and the north shore. They had a most enjoyable time.

Miss Blanche Kelley is spending a few weeks at the Bay Shore, St. John.

D. E. Morgan & Son have recently put into their meat-shop a refrigerator made by the Eureka Co. of Toronto. It is a great convenience to them and aids them in serving the public. The size of the apparatus is 6x8 feet by 10 feet high and it has a capacity for holding two carcasses of beef; and lamb, fish and fowl. The temperature is always at the

point of freezing and the air circulating therein is always dry so that a wet cloth put in to it will become dry in a short time. Meats are thus cured and kept fresh for an indefinite period.

Charles Brooks and Harold Brown, former Hartland boys, now Yankees from Island Falls and Ashland, respectively, have been enjoying a visit among their old friends.

Miss Reid is visiting friends in St. John. After having been steadily at work at his trade—painting—for several months, Merrill Taylor, the veteran master of the paint brush decided last week to take a vacation. He is now putting in time at Green River, St. Leonards, and Cabano.

The Farmers Telephone Line is being extended around the village and it is the Company's intention to put in a local exchange. The rates are very much lower than the N. B. Co., being only \$10.00 per year. Already it has a large number of local subscribers and beyond doubt will largely take the place of the much higher priced N. B. phones. The company also intend to run their line to Lansdowne, and probably to Woodstock, the present season. The line already touches Windsor (the head office of the Company) Lower Windsor, Armond, Coldstream, Hartland and other points, and has something near a hundred subscribers. The Company, it will be remembered, is incorporated under the Joint Stock Companies Act and has rights equal with any other company. Eventually it will likely be extended so as to be a lively competitor to the older company that at the present time holds a monopoly of the business. Harry Stiles formerly of the N. B. Co. is superintendent of construction.

Mr. and Mrs. Harry Perkins who have been visiting Mrs. Perkins brother's A. R. and Donald W. Foster at Middle Simonds, returned to their home at New Bedford, Mass., on Monday.

Miss Hayden, who has been chief milliner with Keith & Plummer since early spring, left for her home in St. John on Monday. During her stay here Miss Hayden made many friends who will miss her companionship.

Work on the C. P. R. track diversion immediately below the village is going on at a fair rate. This piece of road will not be so difficult of construction as that at and near Newburgh, yet it will involve a lot of excavating to get the proper level. The getting of the right of way is not all smooth sailing as it is said one man strongly objects to the company's trespassing on his land. But the work is being rushed along just the same and those who have settled have found the company ready to pay a good honest price.

Misses Gretchen and Muriel Smith of Woodstock are guests of their cousin, Mrs. Percy Graham.

Tenting out at nights during the hot weather has become quite a fad.

Miss Nellie McAdam left on Saturday evening for Burr's Corner, York county, where she will spend her holidays.

Patrick Corbett of Bath was here on Monday. Mr. Corbett has long been a game warden, and questioned as to the chances for big game hunting, he said that in no other season were so many deer, moose and other game seen out in the clearings. He says this is likely due to the construction work going on on the G. T. P. which is in the very heart of the big game region.

Herbert Hay and little son of Millville were guests of their cousin, Mrs. C. E. Alexander on Saturday.

Arthur S. Estabrooks of Rockland has a special fine line of Iron Beds Mattresses, etc. A by passer-by will certainly be impressed by the fine bed displayed in the window. Don't fail to look at it when next you are at Rockland.

Albert Orser, Esq., Cured.

Well Known Hartland Justice Finds Relief.

Read what Albert Orser, J. P., has to say regarding McFarlane's Ointment.

This is to certify I have used McFarlane's Ointment manufactured by him at Hartland and do say it exceeds any ointment I ever used. I had a sore on my leg and consulted a good surgeon in this Province, Dr. Moffat. He told me the knife must be used and the bone scraped. I got a box of this Ointment and it was healed up in ten days. This was some time ago. Recently my knee gathered and broke in two places and was lanced in another. I consulted three different doctors and they all said it could not be cured by any salve or ointment; the bone would have to be scraped. I was induced to try this medicine again before having it operated on and it healed it. I have recommended it to different ones who speak of it in the same way. I do not know the name he calls it but I should call it the Wonderful Healer for all manner of sores, no matter of how long standing. I make this statement more for my fellow sufferers than any one else.

ALBERT ORSER, Hartland, N. B.

McFarlane's Ointment is put up and sold by Horace R. Nixon, merchant, Hartland, N. B., and a full size trial box will be sent for 25 cents. It cures stiff joints and all flesh and skin diseases.
