Indigestion

Stomach trouble is but a symptom of, and not
in itself a true disease. We think of Dyspepsia,
Heartburn, and Indigestion as real diseases, yet
they are symptoms only of a certain specific
Nerve sickness—nothing else.
It was this fact that first correctly led Dr. Shoop
in the creation of that now very popular Stomach
Remedy—Dr. Shoop's Restorative. Going direct
to the stomach nerves, alone brought that success
and favor to Dr. Shoop and his Restorative. With-
out that original and highly vital principle, no
such lasting accomplishments were ever to be had.
For stomach distress, bloating, biliousness, bad
breath and sallow complexion, try Dr. Shoop's
Restorative—Tablets or Liquid—and see for your-
self what it can and will do. We sell and cheer-
fully recommend.

The Play.
Through countryside and teeming towns
Captains and ladies, trulls and clowns,
Live out their farce, their tragedy.
Half lookers-on, half players, we,
Bewildered, wonder what the scene
And all its pageantry may mean;
Crucely commingled, bad and good,
Nothing complete, naught understood.

Are we then doomed till death to gaze
Distracted on life's chaotic plays?
Are there no spectacles more fair?
Yes, in those blest dominions where
The flying strands of life are caught
By magic, and by art are wrought
To fabrics for the still delight
Of eyes that shine with spirit sight.

Here from the soul spring questionings
Straight to the inmost heart of things.
Here all the sons of Shakespeare dwell
And all the daughters of Rachel.
To every baffled fugitive
From life's disorder still they give
Laughter and tears,—and grace to see
The truth in life's epitome.

A Warning.
Last summer the congregation of a little
kirk in the Highlands of Scotland was great-
ly disturbed and mystified by the appear-
ance in its midst of an old English lady who
made use of an ear-trumpet during the ser-
mon—such an instrument being entirely un-
known in those simple parts.

There was much discussion of the matter,
and it was finally decided that one of the
elders—who had great reputation as a man
of parts—should be deputed to settle the
question.

On the next Sabbath the unconscious of
fender again made her appearance and again
produced the trumpet, where-upon the chos-
en elder rose from his seat and marched
down the aisle to where the old lady sat,
and, entreating her with an upraised finger,
said sternly:

"The first toot—ye're out!"—[Harper's.]

The old fashioned way of dosing a weak
stomach, or stimulating the Heart or Kid-
neys is all wrong. Dr. Shoop first pointed
out this error. This is why his prescription
Dr. Shoop's Restorative—is directed en-
tirely to the cause of these ailments—the
weak inside or controlling nerves. It isn't
so difficult, says Dr. Shoop, to strengthen a
weak Stomach, Heart, or Kidneys, if one
goes at it correctly. Each inside organ has
its controlling or inside nerve. When these
nerves fail, then those organs must surely
falter. These vital truths are leading drug-
gists everywhere to dispense and recom-
mend Dr. Shoop's Restorative. Test it a
few days, and see! Improvement will
promptly and surely follow. Sold by All
Dealers.

Inquisitive Edwin.
"Say, mam."
"Well, Edwin?"
"Why do little boys have to go to school?"
"To get an education, dearie."
"How long do I have to go to school?"
"Till you are grown up."
"Then do I get my education?"
"No. You get it while you are going."
"Get it all the time I am going?"
"Yes."
"Huh! I'd rather get it now and not go to
school."
"But you can't."
"Did you get one, maw?"
"I did, but I have no use for it."
"What's the matter with you giving me
yours, then?"
"Tut, tut, child! Every person has to get
his or her own education."
"Hum! Who's got paw's?"
"Why, he has."
"Gee! Nobody 'd think he had one,
would they?"
"Your father conceals a great many of his
attainments, son."
"What's a attainment, maw?"
"Something one has acquired in the way
of learning or accomplishments, I believe."
"I think I know about accomplishments,
maw. I heard Mr. Bingle say paw was ac-
complished."

"Are you sure? Mr. Bingle is ordinarily
very accurate in his statements."
"Yes, I'm sure. He said paw was a ac-
complished liar."
"Ah, well, Mr. Bingle hasn't gone back on
his record! Now run away, Edwin, and let
the finish reading 'A College Girl's Unhappy
Wifehood; or, She Was Taught More Higher
Mathematics Than Housekeeper.'"
"But, maw."
"But bother! What now?"
"S'pose I don't get a education?"
"Then you wouldn't know anything when
you become a man."
"Oh, that's all right, maw; I could be a
juror!"—Chicago Journal.

Neck Ruffs.
When tight neck ruffs first made their ap-
pearance last spring they were received by
the feminine world with hesitation that in-
dicated a certain doubt on the part of fair
woman whether they would be acceptable to
the multitude or not. But now the uncer-
tainty, the caution, has swept away, and the
tight Pierrot ruff has been enthusiastically
adopted by every one. In fact, it has so far
progressed in favor as to be the model used
in making up new neckpieces of fur.

Deafness Cannot be Cured.
by local applications, as they cannot reach
the diseased portion of the ear. There is
only one way to cure deafness, and that is by
constitutional remedies. Deafness is caused
by an inflamed condition of the mucous lin-
ing of the Eustachian Tube. When this
tube is inflamed you have a rumbling sound
or imperfect hearing, and when it is entirely
closed, Deafness is the result, and unless the
inflammation can be taken out and this tube
restored to its normal condition, hearing will
be destroyed forever; nine cases out of ten
are caused by Catarrh, which is nothing but
an inflamed condition of the mucous surfaces.
We will give One Hundred Dollars for any
case of Deafness (caused by catarrh) that can-
not be cured by Hall's Catarrh Cure. Send
for circulars free.

Preference.
Uncle Zebulon was on a visit to his nep-
hew in the big city and the two had gone to
a restaurant for dinner. They had given
their order and were waiting for it to be
filled when the younger man, who had been
glancing at a paper that lay on the table,
said:

"By the way, uncle, did you ever have
cerebro spinal meningitis?"
"No," replied Uncle Zebulon, after a few
moments' mental struggle with the question,
"and I don't want any. I'd rather have
fried liver and bacon any day."

Long Coats in Vogue.
Very long coats are in demand for almost
all occasions. The shapes are all of direct-
oire inspiration, with short backs and semi-
fitted fronts. That the long coat should be
general now is not to be speculated upon
when long straight lines are to the fore.
That no other outside garment can produce
such a stunning effect is a certainty. Many
of the smart coats shown in the best shops
have high roll collars, huge revers, and long
straight sleeves. A bequiling coat of striped
chevron in a deep red blue has a waistcoat
of blue and gold brocade. The skirt accom-
panying it has a trimming of self material
with stitched edges, while the coat is finished
with stitching, buttons and button holes.
Another model found among the interesting
styles is a satin directoire coat made with a
cape of its own material.

Don't Butcher Your Trees.
There is a prevalent idea that shade trees
need trimming. It is a wrong idea, based
probably, on the fact that certain fruit trees
bear better if judiciously and skillfully trim-
med. Fruit trees, in the modern sense, are
purely artificial in their production, and the
trimming is a part of the diversion of energy
from nature's plan of fruit merely to carry
seed, to man's plan of fruit for food.
In the case of shade trees, no such diversion
is necessary or desirable. To have naturally
beautiful trees, each kind of its own beauty,
allow nature to make those trees in her own
way. It is more than foolish—it is wicked—
to allow an ignorant wood-butcher to say
what the form of God's trees shall be.—[Sub-
urban Life.

"Hubby I want five dollars" "Won't
two do?" "No, sir I want five." "All right.
Money seems to be flying in a V shape. I
guess winter has set in."—Louisville Courier
Journal.

Didn't Agree with Me
Mr. Arthur Tension, 88 London
Street, Toronto, writes enthusiastically of
the merits of Psychine for all
stomach troubles.
"For seven years I have had indiges-
tion and dyspepsia. I tried scores of
remedies. My room resembled a drug
store with nostrums which I had bought.
Eventually I used Psychine, and every
dose brought permanent relief."
All throat, lung and stomach troubles
quickly cured by Psychine. It is the
prescription of a great specialist. At

CURES Inside Ills
A sneeze—a snuffle—a cold in the head
—a cough. Serious trouble may result
unless you recognize the symptoms and
eradicate them at once. There's a sure
remedy for inside ills—take it in time
and save doctor's bills. A few drops of

Johnson's Anodyne Liniment
taken on sugar will work wonders. The first dose makes
a big improvement in your condition, whether you are
suffering from a sore-throat, a cold, cough, tonsillitis,
bronchitis, asthma or other disorders of the respiratory
organs. For pains in the stomach, cramp, colic, cholera
morbus and diarrhoea, a few half-teaspoonful doses will
bring relief and effect a speedy cure.
For outside aches and pains, cuts, bruises and lame-
ness Johnson's Anodyne Liniment is invaluable.
Always have a bottle within reach. Sold everywhere.
Guaranteed under Food and Drugs Act,
June 30, 1906. Serial Number 513.
