## ST. VITUS DANCE

## A Severe Case Cured by Dr. Williams' Pink Pills.

St. Vitus dance is a disease of the nerves brought on by a morbid condition of the blood. It is a common disease with children and attacks females oftener than males. The only cure lies in plenty of pure blood, because good blood is the life food of the nerves. Dr. Williams' Pink Pills cure even the most severe forms of this trouble because they enrich the blood supply, thus carrying the necessary food to the nerves. In proof of this we have the statement of Mrs. Alex. Cameron, Summerside, P. E. I., who says:—"Some years ago my daughter Lena, then a child of ten years, became afflicted with St. Vitus dance. At that time she was attending school and the first indication I had that something was wrong, was that she appeared easily discouraged in her studies. She was naturally a spirited child, not given to tears, but she would cry over what I thought should be easy work for her. The disease progressed so rapidly that in the course of a few weeks she became unable to hold anything in her hands, and we were obliged to take her out of school. She became so afflicted that she could not hold a cup to her lips without suddenly losing hold of it. I knew from the first by the symptoms that her ailment was St. Vitus dance, and despaired of seeing her cured, and it was looked on as such a hopeless ailment. She became so bad that she could not hold herself still for the space of ten seconds. Her hands or feet were continually moving and last of all she would contort her features so that she was losing her natural expression. At this stage I chanced on a paper containing a testimonial in favor of Dr. Williams' Pink Pills, describing the cure of a little girl afflicted as mine was. I hastened to get a couple of boxes of the Pills, and by the time she had used them I noticed a decided change for the better, and purchased a further supply. By the time she had taken seven boxes she was entirely cured. Although she seemed thoroughly cured I was afraid the disease might return, but it never did, and she has since enjoyed the best of health. I cannot thank Dr. Williams' Pink Pills enough for what they did for my child, and I hope my experience may be of benefit to someone afflicted as my daughter was."

Dr. Williams' Pink Pills are sold by all medicine dealers or may be obtained by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

## STOMACH INDIGESTION.

Per-una Strikes at the Root of the Trouble.

MR. S. J. MASSEY.

Mr. S. J. Massey, formerly a resident of Toronto, and a well-known business man, writes from 247 Guy street, Montreal, Quebec:

"I wish to testify to the good results I have derived from the use of Peruna. Having been troubled for several years with catarrh of the head, I decided to give Peruna a fair trial and I can truly say I have received great benefit from its use. It evidently strikes at the very root of the trouble and good results are soon noticeable."

"I have also found Peruna a very valuable remedy for stomach trouble and indigestion."

"I have no hesitancy whatever in recommending Peruna as a reliable catarrh remedy."

There are several kinds of indigestion. The trouble may be due to sluggishness of the liver, derangements of the bowels, enlargement of the pancreas, or it may be due to the stomach itself.

In nearly all cases of stomach indigestion catarrh of the stomach is the cause. The only permanent relief is to remove the catarrh.

Peruna has become well-known the world over as a remedy in such cases.
