CANADIAN LOYALTY.

At a dinner in St. John last week, Dr. Peterson, the principal of McGill University as the guest of honor delivered a vigorous speech on the true Empire or some such theme in which Judge Longley's recent address at a Canadian banquet in New York received an emphatic deprecation. It will be remembered some little sensation was made by Judge Longley's suggestion that possibly at some distant date Canada might outgrow her present relations with the motherland. The British press have had a great deal to say in disparagement of the learned Jurist's political knowledge; and Dr. Peterson said nothing new on this subject.

Canadians dislike having their loyalty called in question, and while many would not accept Judge Longley's interpretation of their national feeling; the great majority will hesitate about endorsing the imperial idea as expounded by the distinguished guest from Montreal. Canadian patriotism means Canada first, and the motherland second. The people are quite sincere in their attachment to Great Britain. They would preferably do business with her people, but any market, the natural and most profitable one, will do. The idea of a standing army and fleet and especially one maintained with Canadian men and Canadian pay placed under the control of Downing Street has never yet been considered here except by an occasional after dinner speaker of the Canadian Clubs throughout this country. The sort of patriotism that is taught by Mr. Chamberlain and versified by Mr. Kipling is not received gladly by the common people. No man is sufficiently far-seeing to forecast the political future of this nation, and just now it is too deeply engrossed in developing its immense resources to be interested in the ultimate form her democracy shall assume.

Agricultural Commission.

The agricultural commission will consist of Hon. D. V. Landry, commissioner of agriculture, W. W. Hubbard, of St. John, and George E. Fisher of Chatham. The commission will begin a series of meetings in Carleton County about June 23, to be followed by meetings in Victoria, Madawaska, York and Sunbury. During the haying season the work will be stopped to be resumed in September. Forms of inquiries are now being prepared to send out to the farmers in order to give time for them to find the information desired. Statement are also being sent out giving the principal topics to be dealt with so that they may be as familiar as possible with the subjects.

WM. MCFARLANE OF HARTLAND.

Tells of His Condition and the Marvelous Cure.

I, WILLIAM MCFARLANE, when 25 years of age, received an injury to my leg resulting in a running sore, which the doctors called a white swelling. I suffered for 16 years. During all this time there was a constant discharge emitting bones, blood and corruption. During all these 16 years I employed many physicians, receiving no relief. For ten weeks of said time I was under the special treatment of the late Dr. Dow of Fredericton. I expended large sums of money in paying doctors and for other treatment and medicines, still of no avail. At last I took the matter of curing into my own hands and succeeded in discovering that by the mixing of certain ingredients I had an ointment which I applied to the affected parts and by persistent use at the expiration of three months my leg was permanently healed and has so remained until the present time, although the doctors, time and again, told me there was no cure for me. Thirty-six years have passed away and have not been troubled with said leg. A permanent cure was effected.

Finding my remedy so effective in my own case I have manufactured this ointment in large quantities and supplied it to others and in hundreds of instances it has proven its perfect healing qualities. I am prepared to furnish reliable certificates from persons who are ready to testify to its value to its value in their own individual experience.

WILLIAM MCFARLANE.

This ointment is now put on the market by Horace R. Nixon, merchant, Hartland, N. B., and a box of it will be sent post paid upon receipt of 25 cents to any sufferer from Salt Rheum, Erysipelas, Fever Sores, Burns, Cuts and any skin or flesh diseases, particularly old sores.

Brown Dick.

The well known fast pacing stallion, Brown Dick has been purchased by C. E. Allen, of Hartland. Brown Dick stands 15 hands high and weighs 1000 pounds. He is a son of the great Lord Dufferin; his dam was by Bay Douglas. Brown Dick in his last race made the first quarter in 30 seconds, and finished the race at the rate of 2.06. Brown Dick will stand at C. E. Allen's stable and will make his trips as usual. Be sure to breed to Brown Dick to get speed. All mares at owner's risk

Mrs. J. M. Sloat of Centreville has been visiting her niece, Mrs. M. S. Sutton, at her home at Andover.

The corporation drive passed Hartland on Friday and was keeping the logs moving along at a good pace. A crew had been at work all the week clearing the piers of the bridge. The water holds up well and Contractor Scott seemingly has a good chance to make a few dollars. All the upriver drives are into safe waters.

Wedding invitations—very latest styles at either office of the DISPATCH.

Many years ago William McFarlane, now a resident of Hartland, discovered a splendid remedy, in the form of an ointment, for all kinds of running sores, scalds, burns, eczema, salt rheum etc., and it has cured many people. He has now made arrangement with Horace R. Nixon, general trader, of Hartland, to put it on the market and push its sale. For the latter purpose Mr. Nixon has purchased space in the DISPATCH in which to advertise the merits of the remedy and the public is asked to look up his ad which appears elsewhere in this issue.

The score of the Glassville—Hartland ball game on Victoria Day was erroneously given last week. The Glassville team was defeated in a score of 11 to 3.

Charles D. Tracey of Fredericton was here on Friday.

On Saturday evening the death occurred of Clarence Day at the Provincial Hospital where he had been since early winter. He was the second son of Allen Day of Somerville, and had been ill of tubercular diseases for two years and later developed a nervous malady. He was about 21 years old. The funeral was held yesterday. For more than a year this young man submitted to the open-air treatment and during the whole of one winter slept outdoors. He seemed to recover from his lung trouble under this treatment, but finally succumbed to the complication of diseases.

H. Berton Morgan went to Windsor on Saturday and on Sunday preached to a large congregation at the Union church.

The water in the river and streams has risen several feet in the last few days. On Sunday evening a partially completed deal raft owned by F. E. Sawyer & Co., broke from its moorings and went away with the current. But little of the 28,000 feet of lumber it contained can be saved. Some of the booms at the same place were also damaged.

Last week Mrs. Herbert Jones, who had been ill for some time, was removed to the hospital at Woodstock where she is slowly recovering her health.
