

**SWELLINGS
BRUISES**

Swellings, bruises, sprains, cuts, etc., should be immediately bathed with Johnson's Anodyne Liniment. Always keep it in your home for the emergency call. When quickly applied and bandages kept thoroughly soaked, relief is quick and certain.

**Johnson's
ANODYNE
Liniment**

has been famous as the family emergency remedy for 99 years. It is as effective when taken internally for colds, influenza, asthma, cramps, colic, diarrhoea, etc., as when applied externally.

25 cents and 50 cents a bottle.
I. S. JOHNSON & CO., Boston, Mass.

PARSONS' PILLS
are the most effective
liver medicine. Relieve
biliousness, constipation
and headache.

Necessary Information.

Most farmers can estimate closely the number of bushels of grain raised, and tell fairly accurately the number of tons of hay grown, but when it comes to the really most important income of the farm, the product of each cow, it's all a blank, and they say, "Oh, I get my cheque each month, that's all I care about."

While a knowledge of the total weight of milk delivered at the factory is necessary, it never conveys to the farmer the information he stands in need of as to the profit made by each cow in the stable. That information is absolutely necessary to him if he desires to consider himself a credit to his profession, a first class, business-like dairyman. Otherwise these satisfying totals or delusive averages will continue to allow the one or two poor cows in every herd to consume good feed for which no profitable return is ever given.

In many herds where no attempt at checking up individual performance has been made, there is frequently to be found a difference of \$30 or \$40 in the earning power of the best and poorest cow. Farmers need to consider that statement carefully. In the Dominion are to be found herds, let us say of 12 or 14 cows, with a fairly good average of perhaps as high as 5,500 lb. of milk, where the highest yield is close on to 8,000 lb. milk and 330 lb. fat. Such comparisons are only made possible by noting the actual performance of each individual cow for her full milking period. Weight and sample regularly and make sure that each cow brings in good profit.

C. F. N.

Ottawa, September 1909.

Big Increase in Crops.

The government crop bulletin, covering crop conditions throughout Canada at the end of August, shows that as compared with last year's crops, the revenue from cereal crops the Canadian farms this year should in the aggregate yield something more fifty millions of dollars more than last year.

In the three staple crops of wheat, barley and oats there has been a remarkable increase. The estimated yield of wheat this year based on the report received by the census and statistical office from reliable correspondents in every section of the country,

is 168,386,000 bushels, or 43,696,000 more than last year. The oat crop is estimated at 354,919,000 bushels, an increase of 84,944,000 bushels, and the barley crop at 56,975,000 bushels, an increase of 7,489,000 bushels. On all three crops the aggregate estimated increase is 136,000,000 bushels, or over thirty per cent., as compared with last year.

Other field crops for the most part show small increases over last year. The yield of hay and clover, estimated at 10,128,000 tons, shows a decrease of 882,000 tons.

All the provinces with the exception of Ontario show substantial gains in the yields of wheat, barley and oats.

In the Maritime Provinces the increase in wheat is 121,000 bushels, and in oats 1,070,000 bushels. In barley the yield is practically the same as last year.

In Quebec the wheat crop shows a betterment of 65,000 bushels; oats, 7,570,000 bushels, and barley, 559,000 bushels.

The Prairie Provinces give an increase of no less than 45,231,000 bushels in wheat 79,942,000 bushels in oats and 7,942,000 bushels in barley.

NERVOUS DISORDERS.

Promptly Cured by the Use of Dr. Williams' Pink Pills.

If your hand trembles or is unsteady, remember that this is a sure and early sign of your nervous system being at fault. The mischief may develop slowly to a worse stage. You feel unaccountably weak and weary after exertion; you lose flesh; you turn against food and suffer palpitations and indigestion after eating. At times you are intensely irritable, greatly depressed and easily worried. Sometimes sharp pains shoot down your spine and legs and probably neuralgia robs you of your sleep at night. These are some of the troubles that indicate the presence of nervous disorders. If these troubles are neglected they result in complete nervous collapse and possibly paralysis. Dr. Williams' Pink Pills have won a great reputation by curing all forms of nervous disease. The nervous system depends entirely upon the blood supply for nourishment; when the blood is thin and weak the nerves are affected as described. Dr. Williams' Pink Pills actually increase the supply of good red blood, feed, strengthen and tone the nerves, enable them to perform their functions and dispel all signs of a breakdown.

Mrs. Jas. H. Ward, Lord's Cove, N. B., says: "About two years ago I suffered so much from nervous prostration that I was little better than a helpless wreck. I suffered from headaches and a constant feeling of dizziness. The least unusual move would startle me and set my heart palpitating violently. I had little or no appetite, and grew so weak that I was hardly able to drag myself about, and could not do my housework. In every way I was in a deplorable condition. As the medicine I had been taking seemed to do me no good, my husband got a supply of Dr. Williams' Pink Pills. I had only been taking the Pills for a couple of weeks, when I seemed to feel somewhat better, and this encouraged me to continue the treatment. From that on my strength gradually but surely returned, and in the course of a few more weeks I was once more a well woman, able to do my own housework and feeling better than I had done for years. I have since remained well and feel that I owe my good health to the healing power of Dr. Williams' Pink Pills."

Every other weak, sickly, worn out, nervous person should follow the example of Mrs. Ward and give Dr. Williams' Pink Pills a fair trial. These Pills will send new blood coursing through the veins and bring brightness and energy to the weak and despondent. Sold by all medicine dealers or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Mrs. J. J. Benson, and daughter, who have been visiting Mrs. Benson's brother, Archie Connell, will leave on Thursday for St. John where they will visit friends before returning to their home in Picton, Ont.

The Normal Attitude Toward Death.

The normal attitude of men toward death seems to be one of inattention or evasion. They do not trouble about it; they do not want to trouble about it, and they resent its being called to their notice. On this point the late Frederick Myers used to tell a story which I have always thought very illuminating. In conversation after dinner he was pressing on his host the unwelcome question what he thought would happen after death. After many evasions and much recalcitancy the reluctant admission was extorted, "Of course if you press me I believe that we shall all enter into eternal bliss, but I wish you would not talk about such disagreeable subjects." This I believe is typical of the normal mood of most men. They don't want to be worried, and though probably, if the question were pressed, they would object to the idea of extinction, they can hardly be said to desire immortality. Even at the point of death, it would seem, this attitude is often maintained.—G. Lowes Dickinson in Atlantic.

Miss Winifred Wright is visiting friends in Fredericton.

Mrs. G. Vanwart is visiting friends in Fredericton.

Miss Brooks, of Boston, is the guest of her aunt, Mrs. Charles Hale.

Jack McAfee went to Fredericton, Monday to attend the exhibition.

Miss Mathews, was in Gibson last week attending the wedding of her sister.

Mr. and Mrs. Lorne Kyle, of Vancouver, B. C., are guests of Mr. and Mrs. D. W. Kyle.

Mrs. M. Ryan and Miss Alice McIntosh will leave tomorrow to attend the exhibition at Fredericton.

Mrs. Stanley Sutton and children, of Andover, were guests of Mr. and Mrs. William Sutton on Monday.

Miss Pauline Balloch, of Centreville, who has been visiting in British Columbia, returned home Friday last.

Mr. and Mrs. James Queen and child, of St. John, spent Sunday with Mrs. Queen's parents, Mr. and Mrs. Fripp.

Mr. and Mrs. E. W. Mair, and daughter went to Campbellton on Monday to visit Mrs. Mair's father and sister.

Mr. and Mrs. William Oldenburg, of Blaine, Me., accompanied by Mr. Oldenburg's mother, spent a few days in town, the guests of Mr. and Mrs. Henry Bull.

**"About
A Home."**

Have you ever thought how foolishly you are squandering your hard earnings in paying rent, while you might have a nice home of your own?

I can tell you an easy way and start you on any priced home you require.

I have two Particularly Beautiful places now—nice Orchards and Gardens—in a most desirable locality, that must be sold at a sacrifice. One, an excellent opportunity for raising vegetables, strawberries, etc., for the local trade. Any retiring farmer wishing to live in town should have this place.

Call and have a talk with me. It will cost you nothing. I know I can save dollars for you.

J. W. ASTLE,
The Reliable Real Estate and Insurance Man.
Woodstock, N. B.

When the mind thinks nothing, when the soul covets nothing, and the body acteth nothing that is contrary to the will of God, this is perfect sanctification.—Auron in old Bible, 1599.

THE EYES

The eyes are the windows through which the soul looks out upon the world. There is no need of having them darkened or defective. Don't tamper with unknown inexperienced opticians. Vision is too precious, have them scientifically fitted with glasses. DONT DELAY.

For instance:—Mrs Freeman wife of the Rev. Mr. B. L. Freeman, for 7 years pastor of the Centreville Baptist church was troubled by defective sight. Five specialists treated her, one in New York, one in Boston, one in Halifax, one in St. John, one in Woodstock N. B. She could not wear their glasses and her eyes grew worse. Two years ago just before moving to B. C., with her husband she came to me, I treated her by my new discovery and supplied her with glasses. She now writes me as follows, the glasses are a perfect fit. You evidently have the right theory. My eyes are better than for years. Many thanks.

MRS R L FREEMAN.

If your eyes trouble you at all, come in and let me examine them FREE.

I would also like to call your attention to a new line of Jewelry just in, finer and more beautiful than I have ever carried before, my souvenir goods especially will interest and attract you.

Prices of course are right, that is why my trade grows. Thanking my former patrons, and soliciting a trial from new ones.

I am respectfully yours.

C. E. VAIL.

Jeweler And Graduate Optician
Centreville N. B.
