### An Explanation.

We have received a letter from the Rev. F. A. Currier this week, dealing principally with farms owned by persons in the Wharshan valley, touching on the quantity and quality of the fruit and vegetables grown there. We think it unnecessary to publish this letter, as this ground was fully gone over in previous letters published in this journal by Mr. Currier last spring.

### Presentation.

The members of the Reformed Baptist church Sunday school visited the residence of H. G. Noble on Monday evening, and after spending a pleasant evening, presented him with a fine Gladstone bag. Mr. Noble has been treasurer of the church for about fourteen years, and to him is largely due the fact that the church is clear of debt. He is also superintendent of the Sunday school and will be greatly missed.

### Wanted to Be Locked Up.

A rather amusing incident occurred at Andover Saturday evening which surely goes to prove the famed perseverance of the Englishman. Ferguson, an Englishman 23 years old, who arrived here only recently from River du Loup, went to the jail Saturday and asked to be locked up. He was refused, but on his insisting he was told to go to Constable McCrae, who has a particularly good knack of handling and getting rid of this class of men. To make assurance doubly sure, the young fellow stopped on his way to Mr. McCrae's house long enough to break one of the windows of the recording office. He then went and told what he had done. After looking the window over Mr. McCrae still refused to put him in. They turned to walk away when Ferguson picked up a tin kettle ran back and with a well aimed blow broke every atom of glass from one of the windows of the bank, remarking as he did so "There, now, I've broke the window of the blooming Bank of Montreal." Whereupon much to his delight the irons were placed on his wrists and he was lodged in the lockup.

He declared himself satisfied since he would undoubtedly get thirty days and perhaps they would kindly give him three months. He had only ten cents, but had tobacco in almost every pocket. He is an intelligent young chap and had no appearance of being intoxicated.

### Governor Fraser Here To-morrow.

It is to be hoped that the citizens of the Town and County will avail themselves of the opportunity to hear Governor Fraser to-morrow evening, when he speaks in the Hayden-Gibson Theatre under the auspices of the Canadian Club. Governor Fraser's long experience upon the public platform, both as a political campaigner and as a lecturer before various non-partisan gatherings, have made him one of the most eagerly sought for speakers throughout Canada. The Canadian Club is certainly fortunate in getting a man of Governor Fraser's experience and prestige. Everyone should hear him! Tell your friends, or bring them with you. Admission is free.

The publishers of the Youth's Companion will, as always at this season, present to every subscriber whose subscription (\$1.75) is paid for 1910 a beautiful Calendar for the new year. The picture panel which suggests the title, "Venetian," for the calendar was painted by the famous marine artist, Thomas Moran. His Venetian scene, reproduced in the Calendar by thirteen-color lithography, will be found well worth preserving, long after 1910 is gone by.

### Woodstock Deanery

A special meeting of the Deanery of Woodstock was held in Woodstock on Tuesday last to consider the apportionment of the various parishes and missions towards the missionary work in the diocese and outside. As a preliminary to the business meeting, Monday evening was devoted to interesting missionary addresses delivered in the school house by His Lordship the Bishop, Rev. Canon Smithers and Rev. Mr. Hazel. Among the clergy present were, besides the vestry of this parish and that of Richmond, Revs. Rural Dean Teed, J. E. Flewelling, Crowfoot, Dunham and Mr. Buchlan, lay reader. There was a good attendance at the meeting, and earnest addresses were delivered.

At 7.30 on Tuesday morning there was a choral celebration of the Holy Communion in St. Luke's, the Bishop being celebrant and assisted by Revs. Canon Smithers, Mr. Teed and the rector Rev. H. G. Alder. There were some eighty communicants.

At 10 o'clock the business meeting of the Deanery was held in the Parish Hall, beside the clergy there being a good representation of laity. The work of apportionment was dealt with. In the afternoon the Deanery considered other matters of importance.

The Women's Auxiliary met at three o'clock and listened to a stirring address by Canon Smithers. The several missions, except one, in a Deanery which comprises a stretch of land from McAdam to Edmundston, as well as Queensbury and Southampton, are all filled now and everything points to progressive work for the future.

The Bishop was present during the Deanery meetings and his counsel and advice much appreciated.

On Monday Mr. and Mrs. Alder entertained the visiting clergy and their respective hosts and hostesses to tea in the rectory.
