**The Dominion Mine.**

The following letter was received last week by H. G. Noble, accompanied by an assay recently made of ore taken from Dominion Mine No. 1:

H. G. NOBLE, Esq.,  
Woodstock, N. B.

Dear Sir,—I have to acknowledge the receipt of yours of the 14th inst., with express order for \$5.00 enclosed, for which please accept my thanks. I have completed the assays of your ore and am sending you certificate for the same herewith. The No. 1 sample is chiefly composed of Galena (sulphide of lead) and Iron pyrites, and is worth \$32.00 per ton to you on the ground; whilst No. 2 is composed of Galena in a Silicious gangue, this being worth \$25.93 per ton. These figures are taken at the New York prices for silver and lead with no deductions. These ores should be profitably mined at Woodstock, if you have any quantity of them.

Yours very truly,  
E. W. WIDDOWSON,  
Nelson, B. C.

The above samples of ore were taken from a shaft near the surface now being sunk at the company's property at Northampton, and the vein is now five feet in width.

**Typhoid Fever in Andover.**

The epidemic which is causing consternation in Andover, and which is also prevalent throughout the northwestern portion of the province, continues to make alarming headway.

One death due to the disease took place in Andover on Sunday, and fifty cases are now present among a population of less than four hundred.

Dr. Fisher, of Marysville, chief health officer of the province, who visited Andover on Saturday, diagnosed the disease as typhoid fever, disagreeing with Dr. Peake, the local officer, who considers the disease a combination in its symptoms and effects, of la grippe and billious fever. Dr. Peake found that in the case of patients he is treating the fever came on very quickly. Often on retiring, the victims of the disease were in normal health, and in the morning were in the grip of the disease and very dangerously ill.

**Canterbury Lady Shot Moose.**

Mrs. Sherman Mason, of Canterbury Station, shot a large moose at Kilburn Lake on Saturday. The antlers had a spread of 51 inches. The moose was in company with four others when shot. Mrs. Mason's husband is a licensed guide and reports that game is very plentiful in that section. Although the district is easy to reach and is one of the best game regions of the province it is not often visited by sportsmen.

**Back From Visit to D'Israeli Asbestos Works Quebec.**

Telegraph, Sept. 20th.

Captain C. W. Brannan, of St. John, and Arthur W. Orchard, of the King Lumber Company, of Chipman, returned to St. John, on Saturday last from a visit to the D'Israeli Asbestos Company at Quebec.

They both expressed themselves as highly pleased at what they had seen. When asked about the ore on the D'Israeli, property they said not only rich in asbestos but the visible supply was sufficient to last for generations.

They stated that the buildings are modern in all respects, being most strongly constructed on concrete piers and well adapted for the purposes for which they are intended.

They also found the branch line of railroad from the Quebec Central to the quarries almost completed and the manager informed them that he expects to be producing asbestos early in December.

Asked as to what they thought of the proposition as an investment, they declared that to their minds nothing better existed in Canada.

**McLauchlan-Allen.**

A very pretty wedding took place Tuesday afternoon at the residence of Mr. and Mrs. Thomas Allen, when their youngest daughter, Georgie Phillips, was united in marriage to Willard Roy McLauchlan. They were unattended. The bride wore a very dainty gown of flowered mousseline and carried a shower bouquet of roses and maiden hair ferns. After the ceremony, which was performed by the Rev. H. G. Kennedy, luncheon was served from a prettily decorated table. The groom's gift to the bride was a gold watch and chain.

The bride's travelling suit was of broadcloth, London made, with hat to match.

Mr. and Mrs. McLauchlan left on the 5 o'clock train for a short trip to Fredericton, St. John and other cities.

Many beautiful and elegant presents were received in silver and cut glass, a cheque from the groom's father and silver service from the groom's brothers.

THE DISPATCH extends hearty congratulations.

A very pretty home wedding took place Wednesday evening September 15 at the home of Mr. and Mrs. Joseph Richardson, 12 Broadway, Lowell Mass. when their daughter, Miss Eva Grace Richardson, formerly of Carleton county, was united in marriage to Thomas James Williamson. At eight o'clock the bridal party entered the parlor as the wedding march from Lohengrin was played by Miss Marion Lewis. The ceremony was performed by the Rev. N. T. **James W Gallagher Assaulted.**

(The Fredericton correspondent of the St. John Standard.)

In the third heat, of the 2.25 trot, Quincy A. the son of Vassar owned and driven by Thos. Hayes of St. John landed ahead but the best Lady Belmont got was fourth as W. W. Foster the owner of Red Rob who had replaced Driver Acker behind the Halifax horse swerved across the stretch when his horse broke as they were nearing the wire and collided with the Belmont mare throwing Mr. McCoy. Before the next heat Mr. McCoy was called to the judges stand and cautioned against pulling the mare, the judges plainly stating that they did not think he was doing his best to win. No more effort was shown than before and further complaints caused the judges to decide to take Mr. McCoy down and Jimmie Gallagher was instructed to take charge of the mare.

Quincy A. broke on the first turn of this heat and with Bessie Pardoner and Joe Patchen, Jr. failing to respond to urging in the drive through the stretch to the wire the second time around Lady Belmont just nosed out the Pardoner mare.

That the judges move in changing drivers was popular was shown by the applause that greeted Mr. Gallagher when he took charge of the mare and later when he finished ahead with her.

During the twenty-five minute period between heats Mr. Gallagher received a message to go to Lady Belmont's stall as Harvey McCoy wanted to speak to him about something. Mr. Gallagher went to the stall as requested and was unexpectedly set upon by Colbert Burke, a brother-in-law of McCoy, and at the same time vehemently upbraided him for allowing Lady Belmont to win. During the assault Mr. Gallagher was struck several times and also kicked. Several other people got into the fight, including Mr. Gallagher's groom, Randolph Nelson, who was struck when he started to go to the assistance of his employer. Later some of the spectators mixed up a little near the stables and it kept the police busy to quell the disturbance, during the course of which Burke disappeared by quietly jumping into a team and driving down town. Driver S. McCoy and Gallagher were summoned to the judges' stand, where the judges officially learned of the assault upon the driver they had ordered to take over the mare and Mr. McCoy acknowledged that he had urged on Mr. Gallagher's assailants. The judges stated that they would take the matter into consideration before announcing any action.

Mr. Gallagher then went on and won the sixth heat, after which the race had to remain unfinished until tomorrow afternoon. It is generally felt that some heavy penalties will be handed out by the judges to the men over whom they have any jurisdiction, while the local association will no doubt take action against Mr. Gallagher's assailant as the future of racing annals demands that some action in that direction be taken, it being a recognized rule in racing that drivers given mounts by the judges must be protected. The whole affair created a great sensation and has been the talk of the horsemen ever since.

**BABY'S TEETHING TIME**

IS A TROUBLOUS TIME.

When baby is teething the whole household is upset. The tender little gums are swollen and inflamed, and the poor child often cries day and night, wearing the mother out and keeping the rest of the family on edge. In the homes where Baby's Own Tablets are used there is no such worry. The Tablets allay the inflammation, soothe the irritation and bring the teeth through painlessly. Mrs. Jean Boutin, St. Marguerite, Que., says:—"When I sent for Baby's Own Tablets my nine months' old baby was suffering greatly from teething troubles and I hardly got any rest. A few doses of the Tablets relieved her, and the teeth seemed to come through painlessly." Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co. Brockville, Ont.
