

Daring Robbery at Perth.

A daring robbery was brought to light at Perth, N. B., on Saturday, when two forgers, one a Pole, who could not talk English and whose name is not known, and the other a German Jew, named Urdang, went into C. L. Olmstead's store and asked the proprietor to cash two cheques for them, one for \$28.50 and another for \$26.45, made payable to Michael Mittock, or bearer, and signed Moores & Stubbs, of Plaster Rock. The proprietor of the store refused to cash the cheques and told them to wait until the bank was open, which would be in about twenty minutes, and they could get them cashed there. They went to the bank and received the money, less twenty-five cents, which was deducted for exchange, leaving them \$54.95. About thirty minutes after the two men left the bank, Moores & Stubbs telephoned and stated that two cheques had been stolen from one of the men and, if presented, not to cash them. When they were told that the cheques had already been cashed they asked the bank officials to communicate with the constable and get after the men.

Constable McRae, accompanied by Michael McCluskey, ledger keeper in the bank, who had paid out the money, searched Perth and Andover, but could not find any trace of the men. They secured a rig and started towards Fort Fairfield, Me., and a short distance this side of the boundary line came across the two men. McRae jumped out on one side of them with handcuffs while McCluskey covered them with a revolver. The men were searched, and in the Pole's stocking they found \$52.15. On the Jew \$31.43 were found. They were brought to Andover and the Pole was put in jail.

The Jew, Urdang, told a peculiar story. He claimed that he got on a train about six miles above Perth, and the conductor came to him and asked him to pay the other man's fare as he only had two cheques and no money. This, Urdang says, he did, and when they got to Perth he went with him to Olmstead's store to get the cheques cashed so that he could get his money back. He said he did not know the cheques were stolen. He says that the Pole had told him that he was going to Boston. As Urdang was going to Fort Fairfield, he asked the Pole to walk there, telling him that he could get a train quicker.

The authorities kept Urdang's money so that he would remain in Perth and give his evidence at the trial. The Pole, who is in jail, cannot speak a word of English and therefore his side of the story is not known.

Williamstown.

We are having fine weather, with cool nights and harvesting is nearly done.

The funeral of Miss Alice Deforest took place yesterday at Lakeville, the remains arrived the day before from New York, where she went four weeks ago, in company with Dr. Frank Brown to undergo an operation in the hospital there. Mrs. Myrtle Carvell, her niece, went to New York and brought the remains home large. A crowd attended the funeral. Rev. Mr. Ferguson officiated, assisted by Rev. Geo. Ayers. Lessened Production.

August records received at Ottawa from members of cow testing associations indicate that in most districts the flow of milk is well up to the average. In some localities there is but a very slight decrease from July yield of milk, so light, that the increasing richness shows a trifle higher of fat.

In other localities, unfortunately, where is a very marked shrinkage, as much as 120 lb. and even 180 lb. milk per cow less than in July. Many dairy farmers have accordingly vowed that next year will not see them caught without any provision for maintaining the flow, but they have determined to provide some soiling crop, and if possible build a silo, so as to ensure succulent feed for probable hot spells in July and August. Such men are wise.

Some districts have as high averages as 870 lb. milk, and 29 lb. fat in August. Such wise dairymen had made provision of suitable feed. Others, less provident, had to be content with a yield of 580 lb. milk and 21 lb. fat per cow, while hers and there the average yield was down to 390 lb. milk and 16 lb. fat. Such men might well copy the methods of their brother farmers who regularly secure the larger yields. Selection of the best cows can be made intelligently when records are kept of each cow. P. P. Bronnan spent Sabbath at his home here.

RHEUMATISM DRIVEN FROM THE BLOOD

A Remedy Which Assists Nature Makes a Cure Which is Permanent at This Case Proves.

Every sufferer from Rheumatism wants to be cured and to stay cured. The prospect of the frequent return of the trouble is not attractive to anybody who has gone through one siege. Most treatments aim simply to "keep down" the rheumatic poisons in the blood. The tonic treatment by Dr. Williams' Pink Pills has proved by hundreds of cures that it builds up the blood to a point that enables it to cast out these poisons through the regular channels of excretion—the bowels, the kidneys and the skin. When this is done the rheumatism is permanently cured, and as long as the blood is kept pure and rich the patient will be free from rheumatism. Mr. Thomas McNeil, Richibucto, N. B., says—"Permit me to bear testimony to the worth of Dr. Williams' Pink Pills as a cure for acute rheumatism. My son, Frederick, was subject to this painful trouble for a period of eight or ten years, and during this time periodical attacks would regularly occur. His last attack was a most severe one, and the pains were excruciating in the extreme, shooting through the various parts of the body to such an extent that even the approach of any person would cause him to cry out with fear, and he had rest neither day or night. Our family doctor, a man of skill and experience, applied many remedies without avail, and could give no encouragement other than that the warm weather then approaching might prove beneficial. Just at this time we noticed where some person similarly afflicted had been cured by Dr. Williams' Pink Pills and decided to try them. He kept on using the Pills, each succeeding box showing improvement, until he had taken ten boxes, when all pains and aches had completely disappeared, and although his mode of life is that of a fisherman, and consequently exposed to both wet and cold, he has had no return of the symptoms whatever. The cure is complete, and is entirely due to Dr. Williams' Pink Pills."

You can get these Pills from any medicine dealer or they will be sent by mail at 50 cents a box or six boxes for \$2.50 by The Dr. Williams' Medicine Co., Brockville, Ont.

THE EYES

The eyes are the windows through which the soul looks out upon the world. There is no need of having them darkened or defective. Don't tamper with unknown inexperienced opticians. Vision is too precious, have them scientifically fitted with glasses, DONT DELAY.

For instance:—Mrs Freeman wife of the Rev. Mr. B. L. Freeman, for 7 years pastor of the Centreville Baptist church was troubled by defective sight. Five specialists treated her, one in New York, one in Boston, one in Halifax, one in St. John, one in Woodstock N. B. She could not wear their glasses and her eyes grew worse. Two years ago just before moving to B. C., with her husband she came to me, I treated her by my new discovery and supplied her with glasses. She now writes me as follows, the glasses are a perfect fit. You evidently have the right theory. My eyes are better than for years. Many thanks.

MRS R L FREEMAN.

If your eyes trouble you at all, come in and let me examine them FREE.

I would also like to call your attention to a new line of Jewelry just in, finer and more beautiful than I have ever carried before, my souvenir goods especially will interest and attract you.

Prices of course are right, that is why my trade grows.

Thanking my former patrons, and soliciting a trial from new ones.

I am respectfully yours.
