TOWN COUNCIL.

A. G. Fields appointed Supt. of Water Works--Sidewalks will be Repaired as soon as Asphalt can be Secured.

The town council met on Monday. Coun. Hagerman for the committee appointed in reference to the tenders received in regard to Supt. of Water works, said they could not agree and had not any recommendation to make.

The tenders received were as follows:

A. G. Fields, \$850.00 per year.
James Carr, 400.00 " "
Rob't White 600.00 " "

Coun. Dupan moved that Robert White's tender be accepted, seconded by Coun. McManus.

Coun. Hagerman moved in amendment seconded by Coun. Fisher, that the tender of A. G. Fields be accepted.

Coun. Hagerman said it had been said in accepting the tender of Robt White it would be a saving to the town. When the council took into consideration that Mr. Fields would take care of the pumping station and look after the fire engine and guarantee that there would be no plumbing bills, he failed to see where the saving would come in, as Robert White or James Carr would not be capable of doing some of these things at least. He was convinced that Mr. Fields was the man for the place.

Coun. Dugan said the tender of Robt White agreed to do all the work that the tenders called for. The council did not call for tenders for a plumber, although Mr. White is a practical plumber. He thought in justice to the men who had tendered, it would be better to call for new tenders and specify just what was wanted. He thought Mr. White's tender should be accepted as he had fourteen years experience in the service of the town and was considered a good man for the job.

The amendment was carried. The request of Mrs. Geo. Saunders, that a patient be removed from Woodstock to the Home for incurables in St. John, was granted.

Geo. W. Gibson and James W. Gallagher through Coun. McManus, asked the council for \$250 00 which was voted to the band, and moved that an order be drawn on the treasurer for the amount. Carried.

Coun. Hagerman spoke of the dangerous condition of sidewalk on Main street, and thought it should be remedied.

Coun. Fawcett said he would look into the matter. There was no asphalt in town at present, but as soon as he could get some the sidewalk would be patched.

A property vote and an ordinary vote of the ratepayers was taken in regard to guaranteeing the bonds of Dickinson & Son, and resulted as follows:

	FOR	AGAINST
Property vote	\$500,400	\$2,300
Ordinary	198	201

A bill was received from the Estate of Charles Connell for \$144.00 rental of field used by town for making asphalt. The bill was handed to the street committee.

Before closing His worship, addressing the new superintendent of water works, said he hoped he would do all in his power to assist the town officers. It was in his power to spend a lot of money, and he could save a lot. He had confidence that he was capable of putting the water system in good order and making it a paying department.

Mr. Fields thanked the Council for appointing him, and said he would do all in his power to fill the office to the satisfaction of the Council.
