A very pleasant surprise was given to Mr. and Mrs. George Tedlie at their home, Lower Brighton, on Thursday evening when about thirty of their friends laden with baskets and ice cream freezers took possession of their house for a few hours. They spent the time in conversing and singing, music being furnished by the Misses Hovey, Brown and Tedlie, all joining heartily in "Bless be the Tie that Binds."

After refreshments were served Mr. and Mrs. Tedlie were again surprised when Mrs. Melvin Hovey, on behalf of those present, presented them with a very pretty parlor suit upholstered in silk plush as a reminder of their 20th anniversary which occurred on July 1st. Rev. J. N. PALE, LANGUID GIRLS

Weak Blood During Development May Easily Cause a Life of Suffering.

A Tonic Such as Dr. Williams' Pink Pills is Needed to Build up the Blood and Give New Strength.

At no time in her life does a girl stand in greater need of pure red blood and the strength which it alone can give her, than when she is developing into womanhood. It is then that any inherited tendency to anaemia or consumption needs only the slightest encouragement to rapidly develop. This danger is especially threatening to girls who are confined long hours indoors, in stores, offices and factories—girls depressed by worry and cares. All these conditions quickly impoverish the blood and are among the most common causes of sickness among growing girls and young women. If at any time a girl finds that her strength is failing and she is becoming pale and nervous, has no ambition and is languid, it is a certain sign that her blood is failing to meet the demands upon it, because it is impure and thin.

It is at a time like this that Dr. Williams' Pink Pills are invaluable to young women and growing girls. They build up the blood, make it rich, red and pure, tone the nerves and give new health and strength to every part of the body. They have cured so many cases of this kind that they may truly be called a specific for the common diseases of girlhood. Miss Minnie Smith, Creighton street, Halifax, says:—"I have proved that Dr. Williams' Pink Pills are all that is claimed for them in cases similar to mine. About three years ago I suddenly began to run down. I grew so weak that I could hardly attend to my school studies. I suffered from headaches, my heart would palpitate violently at the least exertion, and my appetite was very fickle. I tried doctors medicine and emulsions, but the treatment did not help me. Then I started taking Dr. Williams' Pink Pills and after taking seven or eight boxes I was stronger than ever before. I feel that I owe my present good health to Dr. Williams' Pink Pills, and I gratefully recommend them to other ailing girls."

Dr. Williams' Pink Pills are sold by all medicine dealers or will be sent by mail at 50 cents a box or six boxes for \$2.50 by The Dr. Williams' Medicine Co., Brockville, Ont.
