### NEWS FROM THE COUNTY.

#### Kirkland.

We are having rainy weather today.

Will Donovan from Skiff Lake and his sons have been here and in Monument Sett. gathering lambs. They had about one hundred and twenty-five when they left the corner.

Mrs. John Dickison, Miss E. Waldron, Mrs. Andrew Bustard and her son, Stewart, from this place, also Mrs. E. Graham and her daughter, Ella, from Maxwell attended the exhibition in Fredericton.

A. J. Slater and Andrew Bustard took a baby moose to the exhibition. They have been away about two weeks.

#### Centerville.

Mrs. Gordon Wright, Pres. of the W. C. T. U. gave a very pleasing address in the Baptist church last Tuesday evening. A number of those present were honoured by being presented with the white ribbon by Mrs. Wright which it was hoped they would wear with equal pleasure and honor to them selves and to the order to which they are now united.

Rev. Mr. Higgins, of St. John addressed a meeting in the interests of The Laymen's Missionary Movement last Thursday evening, and on Friday morning, afternoon and evening in the Baptist church but his visit here proved to be in a very unfavorable time as the season has been so backward that every available hour must be spent in caring for the crops which have been so long

subject to injury from the bad weather.

The application of the C. M. Sherwood Co. for incorporation will no doubt open up possibilities for a largely increased business. Every reasonable encouragement should be extended to this new enterprise by the people of this place.

G. W. White has signified his intention of contesting for municipal honors unless some other person be brought out by a meeting of the ratepayers of the village which is not very probable.

Mr. King continued his sale of the White & Tweedie stock up to last Saturday night and has concluded that he will soon close up the business here.

The Word of God must be the guide of our desires, and the ground of our expectation in prayer.—Matthew Henry.

## CHEST INFLAMMATION

Suffered From a Heavy Cold,  
Pleuritic Pains in Side—Constant Coughing.

"NERVILINE" CURED QUICKLY

"Anyone that goes through all that I suffered last winter will appreciate the value of a remedy that cures like Nerviline cured me." These are the opening words of the solemn declaration of E. P. Von Hayden, the well-known violinist of Middleton. "My work kept me out late at night, and playing in cold, drafty places brought on a severe cold that settled on my chest. I had a harsh, racking cough and severe pains darted through my sides and settled in my shoulders. I used different liniments, but none broke up my cold till I used Nerviline. I rubbed it on my neck, chest, and shoulders morning and night, and all the pain disappeared. Realizing that such a heavy cold had run down my system, I took Ferrozone at meals, and was completely built up and strengthened. Since using Nerviline I have no more colds or pleurisy, and enjoy perfect health."

It's because Nerviline contains the purest and most healing essences and medicinal principles, because it has the power of sinking through the pores to the kernel of the pain—these are the reasons why it breaks up colds, cures lumbago, stiffness, neuralgia, sciatica, and rheumatism.

## Ideas for Dress

Clothes are only covering after all, but gracious what a difference the style of them makes! The modern man is fastidious and must be in the fashion. The style of his Coat is of even more importance than the material of which it is made. We are specialists in "styling," and present more ideas in dress to our patrons than any other tailoring establishment in town. And our suit creations are universally admired.
