**Weak Kidneys**

Weak Kidneys, surely point to weak kidney  
nerves. The kidneys, like the heart, and the  
stomach, find their weakness, not in the organ  
itself, but in the nerves that control and guide  
and strengthen them. Dr. Shoop's Restorative is  
a medicine specifically prepared to reach those  
controlling nerves. To doctor the kidneys alone,  
is futile. It is a waste of time, and of money as  
well.  
If your back aches or is weak, if the urine  
scalds, or is dark and strong, if you have symptoms  
of Bright's or other distressing or dangerous kid-  
ney disease, try Dr. Shoop's Restorative month-  
ly. Tablets or Liquid—and see what it can and will  
do for you. Druggist recommend and sell.

**How King's Castle is Guarded.**

For an unauthorized person to gain an en-  
trance into one of the king's palaces is almost  
an impossibility. It has been done, but the  
number of times could be almost counted on  
the fingers of a hand.

Within the walls of Windsor Castle are  
treasures of priceless value, and even if the  
court is not in residence no person can enter  
without his presence being known by the  
police.

Although the royal residences are so well  
guarded at all times the guard is strongest  
when a foreign sovereign pays a state visit.  
Then almost every other man is a detective  
within a mile or two of Windsor Castle, and  
no one who is not well known has the slight-  
est chance of getting within easy reach of the  
royal apartments.

When the King is in residence at Windsor  
the guards are doubled. Instead of one  
man marching up and down with bayonet fixed  
between sentry box and sentry box there  
are two.

Then there are Metropolitan policemen on  
duty at each gateway, as well as royal gate-  
keepers in scarlet and gold livery. In addi-  
tion to that there are plain clothes detectives  
and night watchmen.

**Champagne's Assistance.**

(Chicago Record Herald.)

It is said that when Sir Andrew Clark,  
Mr. Gladstone's physician recommended a  
patient to drink wine the latter expressed  
some surprise, saying he thought Sir Andrew  
was a temperance doctor, to which Sir An-  
drew Clark replied:

"Oh, wine does sometimes help you to  
get through work, for instance, I have often  
twenty letters to answer after dinner, and a  
pint of champagne is a great help.

"Indeed," said the patient, "does a pint  
of champagne really help you to answer  
twenty letters?"

"No! no!" said Sir Andrew, "but when  
I've had a pint of champagne I don't care a  
rap whether I answer them or not!"

**Smiles.**

BY S. E. KISER.

If there were smiles for sale  
At some fair market where  
The rich, the poor, the low, the high,  
Might hurry with their change, to buy,  
What crowds would gather there!

Yet there are smiles enough,  
And each might have his share,  
If every man would do or say  
One—just one kind thing every day  
To lift some other's care.

**Value of Silage in Feeding.**

For stock cattle and sheep, silage has, says  
a writer in the Breeders' Gazette, been found  
of great value in cheapening the cost of feed,  
increasing the rate of gains in weight and  
promoting good health. With fat cattle the  
results have not unusually been especially pro-  
mising when silage and grain have been heav-  
ily fed at the same time. But when steers  
have had all the silage they could eat with a  
light feed of grain, in imitation of the prac-  
tices of British feeders, the gains have been  
remarkably cheap and afforded great possibil-  
ities for profit.

Nothing ever came so near turning winter  
into summer for cattle and sheep as the silo.  
Within its round high walls is stored the  
best substitute for pasture yet devised.  
Compressing the products of summer's  
growth on many acres within a narrow com-  
pass, canning air-tight and preserving for in-  
definite lengths of time the fresh green suc-  
culent feed that the animal craves, it is a tre-  
mendous boon to the live stock industry.

**Card of Thanks.**

HARTLAND, Nov. 30th, 1909.

Mr. A. F. Lockhart.

Dear Sir:—I have to thank you very much  
for the prompt settlement by the Dominion  
Fire Ins. Co., of Policy No. 35067 on my  
house at Cloverdale, Carleton Co. The fire  
occurred Sept. 23, and I notice that the  
check for the amount (\$400.00) was dated  
Sept. 23. This is certainly as prompt a set-  
tlement as could possibly have been made  
and I consider that your company has used  
me very kindly indeed; and I would recom-  
mend anyone wishing anyone wishing to place  
insurance to put their risk with the Domini-  
on Fire Insurance Co.

Yours Truly,

IDA M. GRANT.

MR. A. F. LOCKHART, Agent, The Domini-  
on Fire Insurance Co.

Dear Sir:—I have to thank you very much  
for the manner in which the Company which  
you represent, have used me. I lost my  
house by fire on the 26th of Oct. last, and  
now I have received from you a check for al-  
most every dollar of the amount of the policy  
covering the house. I find that the check  
bears the date Nov. 16th, 1909. I consider  
that this is prompt business, to say the least.  
And I will tell everyone I see to place their  
insurance with the Dominion Fire Insur-  
ance Co.

I only regret that I had not been so wise  
as to have put some insurance on my furni-  
ture and household effects when I put it on  
the house, as I lost almost all of my furni-  
ture.

**CHRISTMAS STAMP CAMPAIGN**

**THE 1909 BATTLE AGAINST THE DREAD  
WHITE PLAGUE.**

Available Beds in the Muskoka Free Hospital for  
Consumptives Increased Three-Fold as a Result of  
Last Year's Sale of Christmas Stamps. The Number  
Can Be Doubled This Year If Everyone Will Help.

STIMULATED by  
the success of a  
year ago the National  
Sanitarium Associa-  
tion have made large  
preparations for the  
sale of the Christmas  
Stamp of 1909-10, issued  
on behalf of the  
Muskoka Free Hospi-  
tal for Consumptives.

Nearly \$6,000.00 was netted from  
last year's sale, making it possible for  
the trustees to increase the available  
beds for needy patients from an aver-  
age of fifty-five a year ago to one  
hundred and forty, the accommodation to-  
day.

The trustees are hopeful that they  
may bring the accommodation up to  
300 beds as the outcome of this year's  
sale of this little one cent messenger  
of hope and healing.

The Christmas Stamp, as a means of  
fighting the dread white plague, had  
its origin in Denmark in 1904, the sale  
from which has financed a hospital for  
consumptives in that country. The  
idea was taken up by the Red Cross  
Society of the United States in 1907,  
and interest has grown each year.

A year ago a Christmas stamp of  
special design was put in circulation  
by the Muskoka Free Hospital for  
Consumptives with the success already  
indicated in this article.

The price of the individual stamp is  
only one cent, but what wonderful  
things can be accomplished by so tiny  
an instrument. There is no reason  
why everyone who writes a letter,  
addresses a postcard, mails a news-  
paper or parcel from this day out  
should not use one of these stamps.

The educational value of the stamp  
appearing on every piece of mail mat-  
ter would be enormous. One can  
hardly figure up the material results.  
It would mean a routing of the enemy

Tuberculosis that would bring hope  
and joy and gladness to thousands of  
homes and communities in all parts of  
Canada.

The stamp of 1909 is more beautiful  
than that of a year ago. The design  
is as shown in this article, but printed  
in red and green, and is of same size  
as the regular government postage  
stamp.

This Christmas stamp will not carry  
any kind of mail, but any kind of mail  
will carry it—and carry to the happy  
Season's Greetings from sender to re-  
ceiver. The stamps will be done up in  
envelopes of ten, twenty-five, fifty and  
one hundred for ordinary selling, and  
large users will be supplied in quanti-  
ties. The price for ten or for one  
thousand is a cent each.

The banks, departmental stores,  
drug stores, book and stationery  
stores and many other stores will sell  
them. Women's clubs, church organi-  
zations, bible classes and Sunday  
schools, public schools, and many  
other organizations and individuals  
will help this year as last year.

There would seem to be no reason  
why everybody everywhere may not  
help in forming an army of willing  
workers to sell these stamps all over  
the Dominion. The Muskoka Free  
Hospital for Consumptives is in the  
fullest sense a national institution  
caring for patients from every pro-  
vince in Canada.

The first issue of the stamp for this  
year is one million, and these will be  
put into circulation immediately, but  
there can hardly be any reason why  
the issue should not be increased  
many times over before Christmas.

The direction of the sale of Christ-  
mas Stamps is in the hands of Mr. J.  
S. Robertson, Sec.-Treasurer, National  
Sanitarium Association, 347 King  
Street, West, Toronto, who will give  
prompt reply to any enquiries regard-  
ing the stamp.
