Miss Bessie C., daughter of Mr. and Mrs. Otis Shaw, of Wicklow, left for Didsbury, Alberta, where she is to teach the school in the Three Hills District. Miss Shaw holds a Superior License, has had some experience in the practical work of teaching, and is followed by our best wishes for "making good" in the West.

Miss Rose Perley takes the school at South Tilley Vic. Co., which Miss Shaw had expected to teach. Miss Perley having been disappointed as to getting a school, this new arrangement is very encouraging to her.

Rev. J. D. and Mrs. Wetmore returned last week from their visit to Boston, a little earlier than than they had intended, in consequence of the illness of their grandchild.

F. Tompkins, W. Hopkins and G. Kinney were spoken of yesterday as all being thought to have Typhoid fever.

The heavy rains of last week raised the water in the Preeque Isle to a height never before reached at this season of the year. There are large quantities of grain yet to be harvested and one may see in driving through different sections of the county large fields of standing grain. The grain that was cut and left in the fields in sheaf began to sprout in many cases, largely decreasing its value.

The Boom in Miller Bros. dam at Tracy Mills gave way under the great pressure and about three hundred dollars worth of lumber went out into the St. John river.

The parties who were lured to the hunting grounds of Mirmachi by memories of other years had a very unpleasant experience during the constant wet weather of last week and came home burdened with a desire for dry weather, if nothing else.

This is the time in the year when men's patience is tested to the utmost limit that they make no ungenerous remarks about a neighbor who is willing to let his cow forage in your garden night after night and does not make the necessary effort to prevent it. My opinion is that the one who does so has no more of a claim to being a man than "Baalam's Ass" had to being a prophet.

A Sunday School Teachers class will be organized next Friday evening at the home of Mrs. Francis West, with Rev. Mr. Ferguson as leader. Properly carried out such an organization might be very beneficial to those interested in Sunday school work.

Ideas for Dress

Clothes are only covering after all, but gracious what a difference the style of them makes! The modern man is fastidious and must be in the fashion. The style of his Coat is of even more importance than the material of which it is made. We are specialists in "styling," and present more ideas in dress to our patrons than any other tailoring establishment in town. And our suit creations are universally admired.

Awarded Heavy Damages.

A case which has been much discussed throughout Victoria county, was brought to a close at Andover on Saturday afternoon, when the jury awarded damages amounting to \$500 to Wilfred De Merchant, who took action on a charge of false arrest and assault against James Woolverton, a constable of Woodstock.

Several witnesses were examined on Saturday, and their evidence showed that the plaintiff had been in a house about 90 feet from the boundary line on this side about 3 o'clock on Sunday morning, May 10, 1908, when the defendant accompanied two American officers came to the place and placed him under arrest. There was a scuffle and the plaintiff asserts that he was brutally beaten. The character of the house was described as being very questionable. There were, the constable said, five women and about a dozen men in the house at the time, carousing.

According to the evidence no cause or warrant was shown for the arrest. The plaintiff was placed in a carriage and taken to Houlton jail, where he was confined over eight months. He was allowed his liberty upon the payment of a fine. Coming to his home in Bath, N. B., he instituted proceedings against Wolverton.

It developed during the hearing that the plaintiff had been arrested several times in Maine, on different charges, mostly for the illegal sale of liquor, had served lengthy sentences, and paid over \$400 in fines.

De Merchant was defended by T. J. Carter, and Wolverton by Messrs. Jones and Carvell.

Judge McLeod strongly criticized the action of the defendant in surrendering a prisoner, taken in New Brunswick, seemingly without reason, to foreign authorities, and said it was a strange act for a provincial constable to deliver a British subject, even though his character might not be of good repute, to American officers and letting them confine him in a foreign jail.

The jury was out for about an hour and on return, the foreman announced a verdict of \$500 and costs for the plaintiff.
