TO THE MOTHERS OF PALE GIRLS

A Case Showing How The Tonic Treatment Restores Lost Health.

Anaemia is simply lack of blood. It is one of the most common and at the same time most dangerous diseases from which growing girls suffer. It is common because blood so often becomes impoverished during development, when girls often overstudy, over-work, and suffer from lack of exercise. It is dangerous because of the stealthiness of its approach and because of its tendency to grow so steadily worse, if not promptly checked, that it may run into consumption. Every growing girl should take an occasional tonic to ward off the insidious trouble; and in all the world there is no tonic that can equal Dr. Williams' Pink Pills. Every dose of this medicine helps to make new, rich, blood, which promptly makes weak, pale, listless girls, bright, rosy and strong. Miss A. M. Dugay, Lower Cove, N. S., says:—"I believe I owe my life to Dr. Williams' Pink Pills. My blood seemed to have turned to water. I was pale as a sheet; I suffered from headaches, and floating specks seemed to be constantly before my eyes. As the trouble progressed my limbs began to swell, and it was feared that dropsy had set in and that my case was hopeless. Up to this time two doctors had attended me, but notwithstanding I kept growing worse. It was at this juncture I began using Dr. Williams' Pink Pills, and after taking a few boxes I was much improved. I kept on using the Pills until I had taken eight boxes, when my health was completely restored." Dr. Williams' Pink Pills cure cases like this because they go to the root of the trouble in the blood. That is why they cure Rheumatism and indigestion, nervous headaches and racking neuralgia, and all those troubles from which growing girls and women of mature years so often suffer in hopeless silence. If Dr. Williams' Pink Pills are given a fair trial they will not disappoint you. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

with relatives here.
