

Thursday, Oct. 28th

## Florenceville.

Mrs. Caspar Caldwell has been seriously ill for a fortnight. Mrs. Walter Parker is still quite poorly.

Eva Scriber, Eva Gillespie and Grace Turtle are ill with typhoid fever.

W. Hopkins is able to be around again.

G. Kinney continues seriously ill at the Woodstock hospital.

Earl Ross and Miss Annie Grey are home for Thanksgiving.

H. P. Gillespie who has been cut off by illness for some weeks from work, purposes starting out again on Monday on his mercantile rounds.

Rev. Thos. Pierce commenced a series of special services last week at Summerfield.

Miss Louise Jewett returned home from Worcester, Mass., on Tuesday, the 19th inst.

A quiet and pretty wedding took place on Wednesday, the 20th inst., at the home of the bride's father, Jas. E. Jewett, when his daughter, Julia M., was united in marriage with Harry Hartt, of Monticello, Me. The nuptial knot was tied by Rev. Thos. Pierce. The happy couple took the train that p. m., enroute for Monticello via Houlton.

Miss Lolo Jewett, of Monticello, was a visitor for some days last week at the home of her grandfather, Jas. E. Jewett.

Mrs. Nehemiah Tompkins and her daughter, Mrs. McCain, and two little granddaughters left on Wednesday last for Waltham, Mass., whence, after a month's sojourn, they purpose going South, Mrs. Tompkins to Danville, Virginia, Mrs. McCain and little girls perhaps to Florida.

Mrs. John McLaughlan, of West Glassville, passed here en route to Woodstock on Wednesday last.

Thos. McCain was a business visitor to Woodstock last week.

Miss Mary Fitzpatrick delegate from East Florenceville to the Provincial S. S. Convention last week will likely return today, Monday. We are glad to note that the Convention has been considered the best yet held in New Brunswick, which is saying a good deal when we recall the inspirational visits to former conventioners of such leaders in the S. S. world as the late B. F. Jacobs and Wm. Reynolds, Prof. H. M. Hamill, Marian Lawrence, Dr. Clarke, ("Timothy Standby") &c., together with our live Provincial workers, W. C. Pearce, of Chicago, of Adult Bible Class fame, together with Hugh Cork, a prominent worker of long experience, give inspiring service this year. We note the large place filled also by Rev. Mr. Kuhring, of St. John. Nova Scotia we notice has programmed specially great things for her 25th Annual Provincial Convention in Brunswick, Meth. Church Halifax for this week, 26th to 28th inst., at which W. C. Pearce, International Field Secretary and Supt. of the International Adult Bible Class Dept.; F. L. Farwell, Secy of the S. S. Dept. of the Meth. Church in Eastern Canada; Mrs. Flora T. Stebbins, of Lee, Me., International Supt. of the Home Dept., and Mrs. R. F. Armstrong, Northampton, Mass., a successful elementary worker of that state, who has had charge of the Young People's Work at Laurel Park, Chataqua, are expected to take part along with other leaders. We note the warm appreciation of Field Secy, Rev. J. B. Ganong, evidenced by the P. E. Island people in their plea for his continuance.

Thanksgiving Day is again our privilege. "Thanksgiving!" what a wholesomely, suggestive and inspiring word! We are a favoured people. We have life, privilege opportunity, love, liberty, God, the good of earth and the outlook of heaven. Soil, sunshine and atmosphere have united in kindly ministry. Cereals, grass, roots, vegetables and fruits have made their way into our storehouses. Our comfortable homes with their rest, happiness, opportunities for duty, delight, service and sacrifice we cannot overvalue. The prophecy of Spring, the opportunity of Summer, the wealth of Autumn and the wholesome rigours of Winter, with its manifold opportunities for mental improvement and advantageous character building, yield us their beneficent impulses. Our facilities for communication, transportation; for industrial business and social relations, how abounding! The school, the college, the university, the church, the printing press, how they cater to our cravings and necessities, to our culture and our equipment for life. Our Province shines brilliantly in the galaxy of Provincial stars of our Dominion. Our lumber, fisheries, mines, our manufactures, commerce, and especially our agricultural privileges, how prominently they stand out in relief. Our Province according to the late Duff Miller is two and a half times larger than Belgium, with six hundred miles of coastline to Belgium's forty-two, and with its far richer resources, but with its three hundred and fifty-one thousand of a population to Belgium's seven and a half millions, what possibilities it has. Its career seems but fairly begun. The attention of eyes hitherto gazing at the spacious, fertile and splendid West is being wisely and practically diverted to the rich resources of New Brunswick. When the great scheme of Van Horne at Grand Falls, the cement works of Craig and the great dry docks in-

dustries of Harland & Wolff at St. John become facts, a few of the strong incentives to provincial enterprise will be thrilling some of us. The increasing recognition of the unquestionable importance of scientific Agriculture, and the greater degree to which our young people are turning their attention to Scientific Agricultural study promise big things for our people. The attractions of up-to-date farming promise to outvie the lure of the cities. The complaint of J. J. Hill of the Great Northern as to the exoduses from the farms of New York state cannot probably be duplicated relative to New Brunswick. What liberty peace and happiness in our Dominion! What inspiring cohesive movements our Empire shows. Australia, New Zealand, South Africa, Canada, how they fraternize in their clustering around the Mother Country! Peace conference and Imperial Defence electrify the national mind. The English language how it outruns German, Russian and French in its race for the conquest of the linguistic throne of the world. What an age is ours for moral and social reform! What a searchlighting of politics and methods of city government! What Democratic movements operate in our day! How the laymen are taking hold in the evangelization of the world. But let us meditate on these reasons for thankfulness and also realize that vastly greater is the number of other reasons for the glow of soul.

## REBUILDING THE WHOLE BODY.

That is the Constant Business of the Blood.

And That is Why a Blood Making Tonic Will Make the Body Well and Keep it so.

Pure, red blood is the vital principal of life, for upon it the tissues of the body live. It goes practically to every part of the body, carrying nourishment and oxygen, taking up the wastes and so changing them that they can be cast out of the body. As our every act results in the breaking down of some of the tissues and the formation of waste materials, the body is in a constant state of change. To maintain health, strength and life the blood must be pure in order to replace these tissues with plenty of fresh nourishment and rid the body of its waste material.

Men and women who are run down will find Dr. Williams' Pink Pills the best tonic for their condition because these Pills are a certain blood-builder and purifier. They enable the blood to meet the unusual demands of the body and give perfect health. We offer the case of Mrs. John Harram, of Welland, Ont., as a proof of the great power of Dr. Williams' Pink Pills over disease. Mr. Harman says:—"For several years I lived a life of pain and misery, and even now as I recall that illness it seems awful to contemplate. The trouble began with weakness and loss of appetite. This was followed by headaches and emaciation. At times I had violent palpitation of the heart and shortness of breath, finally I was completely prostrated. I was so haggard that my friends hardly knew me, and I often thought my last hour had come. My sufferings would follow me into the region of dreams with such distinctness that often times I would awaken shivering and shaking with sobs, and scarcely able to realize that I had been but dreaming. The best efforts of three doctors at different times failed to help me. Then I was urged to try Dr. Williams' Pink Pills. Within one month I felt a distinct improvement, and after using eleven boxes I was again in the full possession of health and strength. Several years have now elapsed since this illness and as I have constantly enjoyed the best of health I am warranted in saying that the cure is permanent."

Dr. Williams' Pink Pills should be used in all diseases caused by thin, watery or impure blood, such as anaemia, rheumatism, stomach trouble, the after effects of lagrippe and fevers, neuralgia, headaches and the various ailments common to women and growing girls. These pills are sold by all medicine dealers or sent by mail at 50 cents a box or six boxes for \$2.50 by The Dr. Williams Medicine Co., Brockville, Ont.

Phone 33-21.

## "About A Home."

Have you ever thought how foolishly you are squandering your hard earnings in paying rent, while you might have a nice home of your own?

I can tell you an easy way and start you on any priced home you require.

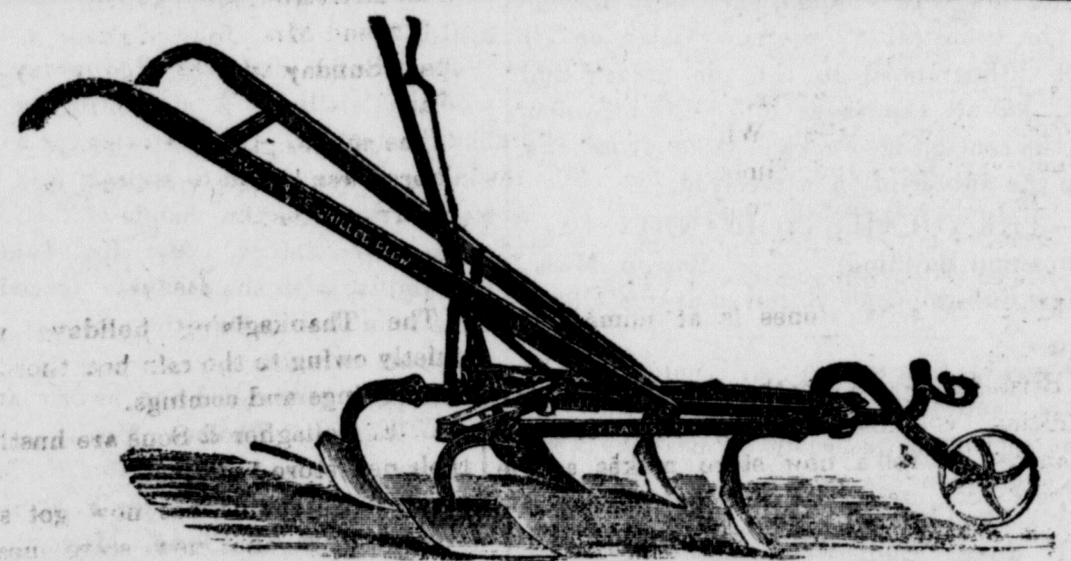

I have two Particularly Beautiful places now—nice Orchards and Gardens—in a most desirable locality, that must be sold at a sacrifice. One, an excellent opportunity for raising vegetables, strawberries, etc., for the local trade. Any retiring farmer wishing to live in town should have this place.

Call and have a talk with me. It will cost you nothing. I know I can save dollars for you.
