**Rheumatism**

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pangs of this deplorable disease.  
In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfect, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, it uniformly cures all curable cases of this heretofore much dreaded disease. Those sand-like granular wastes, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

**Dr. Shoop's  
Rheumatic Remedy**

SOLD BY ALL DEALERS.

**Canada Menaces New York's Commercial Supremacy.**

The commercial supremacy of New York is menaced both within and without the Republic. While the acres of Alberta and Saskatchewan were untilled, the Canadians had no ambition to transport our wheat by their route to Liverpool, and the control of the Erie Canal was not threatened. But when population moved into the western Provinces to create freight products to be moved out in turn, Canadian Statesmen made preparations to handle the grain of the settlers bound for Liverpool and other world markets. Then Port Arthur and Fort William, the twin cities situated at the head of Lake Superior, gained a place on the map with Duluth and Chicago as grain centres. Today Canadian ships carrying Alberta's grain wind their way down Superior and Huron, through the fourteen-foot Welland Canal and to the elevators at Montreal, there to await transshipment. This makes a shorter haul from the Canadian Provinces to the seaboard than from the western States to the Atlantic, and the rate is more favorable than appears even from that fact, because the necessary Canadian rail haul is shorter.—Ernest Cawcroft in the Bookkeeper.

It isn't so difficult to strengthen a weak Stomach if one goes at it correctly. And this is true of the Heart and Kidneys. The old fashioned way of dosing the Stomach or stimulating the Heart or Kidneys is surely wrong! Dr. Shoop first pointed out this error. "Go to the weak or ailing nerves of these organs," said he. Each inside organ has its controlling or "inside nerve." When these nerves fail then those organs must surely falter. This vital truth is leading druggists everywhere to dispense and recommend Dr. Shoop's Restorative. A few days test will surely tell! Sold by All Dealers.

**A Joker.**

A seedy-looking man entered a store in Trenton the other day, and asked for assistance, backing up his request with a long tale of sickness and lack of employment.

With a wink at his clerk, the merchant pointed to a friend who happened to be in the place, and replied:

"Ask that gentleman. He is the proprietor. I am only a clerk."

The friend received the beggar's request in a sympathetic manner, and, turning to the merchant, remarked: "This seems to be a worthy case, Mr. Jones. Give him a dollar from the cash register," and walked out of the store.

It was in vain that the merchant protested that it had been a joke. So insistent did the seedy one become that "de boss's" directions should be carried out, that it was finally necessary to do so in order to be rid of him.—November Lippincott's.

Read the formula on a box of Pink Pain Tablets. Then ask your Doctor if there is a better one. Pain means congestion—blood pressure somewhere. Dr. Shoop's Pink Pain Tablets check head pains, womanly pains, pain anywhere. Try one, and see! 20 for 25c. Sold by All Dealers.

**For the Season of Long Evenings.**

There are no lonely winter evenings in the homes where the Youth's Companion is a weekly visitor, and there need be no idle hours. The variety of the paper's contents appeals to every member of the household, and before one issue is exhausted the next is waiting at the post office. During the winter season The Companion prints nearly a hundred complete stories of considerable length, besides the absorbing serials, some 25 articles by men and women of renown, and about twice as many short character and humorous sketches as there are winter nights. Such an article as "Winter Gardening" suggests an interesting occupation which can be carried on in Alaska with snow twenty feet deep, and without the cost of a dollar. It is well "worth while" to read a paper so carefully and ably edited.

Send your subscription (\$2.00) at once so as to receive free all the issues of The Companion for the remaining weeks of 1909, as well as The Companion's "Venetian" Calendar for 1910, lithographed in thirteen colors and gold.

**CROUP** stopped in 20 minutes sure with Dr. Shoop's Croup Remedy. One test will surely prove. No vomiting, no distress. A safe and pleasing syrup—50c. Druggists.

**The Laugh Cure.**

Laughter induces a mental exhilaration. The habit of frequent and hearty laughter will not only save you many a doctor's bill but will also save you years of your life.

There is good philosophy as well as good health in the maxim, "laugh and grow fat."

Laughter is a foe to pain and disease, and a sure cure for the "blues," melancholy and worry.

Laughter is contagious. Be cheerful and you make everybody round you happy, harmonious, and healthful.

Laughter and good cheer make love of life; and love of life is half of health.

Use laughter as a table sauce; it sets the organs to dancing, and thus stimulates the digestive processes.

Laughter keeps the heart and face young, and enhances physical beauty.

Laughter is nature's device for exercising the internal organs and giving us pleasure at the same time.

It sends the blood bounding through the body, increases the respiration, and gives warmth and glow to the whole system.

It expands the chest, and forces the poisoned air from the least used lung cell.

Perfect health, which may be destroyed by a piece of bad news, by grief, or anxiety, is often restored by a good, hearty laugh.

A jolly physician is often better than his pills.—Success.

Tickling, tight Coughs, can be surely and quickly loosened with a prescription Druggists are dispensing everywhere as Dr. Shoop's Cough Remedy. And it is so very, very different than common cough medicines. No Opium, no Chloroform, absolutely nothing harsh or unsafe. The tender leaves of a harmless, lung healing mountainous shrub, gives the curative properties to Dr. Shoop's Cough Remedy. Those leaves have the power to calm the most distressing Cough and to soothe and heal the most sensitive bronchial membrane. Mothers should, for safety's sake alone, always demand Dr. Shoop's. It can with perfect freedom be given to even the youngest babes. Test it yourself and see! Sold by All Dealers.

**Worn-Out Paper Money.**

Almost two million dollars a day are destroyed by men in the employ of the Treasury Department at Washington. This comes about by the redemption of worn-out paper money. The Government encourages the tendency of people to demand crisp and clean bills for those soiled and torn, and the average life of a one-dollar bill is now about fourteen months, where it used to be three or four years. The larger bills, for obvious reasons, have a much longer lease of life. The large increase of late in the volume of bills of all kinds sent in for redemption is taken as a reliable indication of brisker business and better times.

**Good Health.**

As the cold weather approaches, we should avoid as long as possible the closing of doors and windows, even after the first fall fires are lighted, says the Commoner. The temperature of the living rooms should be kept not higher than seventy degrees Fahrenheit, and a few degrees lower would be better. Avoid extremes of artificial heating and extra clothing, but kindle the "fires within" by plenty of fresh air, exercise, nourishing food, and deep breathing. Keep the hands and wrists warm, as these have an important influence on the temperature of the body. Do not neglect the feet: wear warm stockings and shoes thick enough to withstand dampness; the shoes should be loose and easy fitting, and one should not sit with wet shoes on the feet. A good aid to warmth of the feet is a pair of clean, fresh cork insoles, as this protects the bottoms of the feet from any dampness of the soles of the shoes. These are good for children, too.

**At Dusk.**

The day is done:  
The low descending sun  
Sinks 'neath the great lake's purple rim;  
While dusk, through silence gray and dim,  
Falls like a dream in the silvery mist;  
The far-flung shores with wave songs kist,  
And fringed with pines towering giant and green,  
Lies glimmering in the fading scene.  
Yonder, where crested billows restless sleep,  
And singing winds lull the lonely deep,  
A frail bark sails across the horizon bar  
And anchors in a star!  
—C. K. Shetterly, in Springfield Republican.

Rheumatism promptly driven from the blood with Dr. Shoop's Rheumatic Remedy. Don't waste time with common remedies. A test will surely tell. In tablet or liquid form. Sold by All Dealers.
