Letter From Rev. F. A. Currier.
(Continued from First Page.)

learn, have had no cause to regret their investment. One of them visited this Valley at the same time William Everett was here and he was delighted with his farm.

Leaving B. C. I went through Ontario in order to see the orchards there and later on I went to the Annapolis Valley in order that I might compare the two later with B. C. A few weeks later I arrived in Woodstock. Dr. Baker and I talked a great deal about the Whateshan Valley and began planning for the future. It was not long before people began to ask me questions about fruit growing in B. C. and I told them what I had seen and heard there. Where the Everetts and the Burpees got their first information about the Valley I do not know. They certainly did not get it from me. I do know to my sorrow, that after a time they came to me and wanted me to tell them all about it. Now here is something that I want to make plain. I never ran after any of these parties or tried to sell land to them. On the contrary they sought me and on some days no less than three or four times a day was I called from my work to talk to some of them. They wanted maps and literature, and letters and information about this and about that and they talked Kootenay, Kootenay, Kootenay until, as I said to a friend, I was sick and tired of the sound of it. One of them drove me up to Mr. Burpee's where a party had gathered and they wanted me to tell them all about B. C. On another occasion Wm. Everett himself drove down to Woodstock and got me and drove me up to Mr. Dow's for the same purpose. They sent out and called in the neighbours and then I had to go over the same story again, after which Mr. Everett drove me home again. Another one of them drove me over to Houlton to see and talk with some of his friends there.

On the last Wed. in Dec., 1908, I was packing my valise in order to take the afternoon train for B. C., when I was so besieged with certain of these parties that I did not get time to pack my valise and I had to go without many needed articles. First came Wm. Everett and his brother. The former gave me \$350.00 with which to purchase Farm No. 5, and the latter gave me \$250.00 with which to make first payment on Farm No. 4. Of the \$350.00 given me by Wm. Everett, \$250.00 were for improvements on the farm and the remaining \$100.00 was for first payment on the land. Of the \$250.00 given me by Fraser Everett, \$150.00 were for improvements on Farm No. 4, and the remaining \$100.00 were for first payment on the farm. I gave them receipts for the money, which I presume they still hold. After they had gone Roy Dow and Fred Cowan called to see me and the former gave me \$90.00 as first payment on farm No. 67. I carried this money to Winnipeg and paid it into the Company's hands and received receipts for the money, which receipts these parties received. I also hold the Company's receipt for the money, which any one can see at any time. The money which had been given me by the Everett brothers I carried to Nelson with me, being desirous of looking carefully over Farms 4 and 5 in order that I might satisfy myself that the improvements on these farms were worth the price asked for them. Arriving in Nelson I deposited the money in the Bank there not wishing to carry so much money with me while inspecting the land. I arrived at Needles Jan. 15, and spent two weeks looking over these hands. I concluded the improvements on farms 4 and 5 were not worth the money asked for them and I decided that I would carry the money back to the Everetts and tell them what I thought about it and they could then do as they liked. I spent considerable time traveling around B. C. to see if I could find a place that suited me better than the Whateshan Valley but I failed to find such a place.

Suicided By Electricity.

Edwin Brymer, formerly of Carleton Co. New Brunswick, committed suicide Tuesday evening by winding a wire round his hand and throwing it over the big electric wire carrying 33,000 volts from the Aroostook Falls to Houlton. Mr. Brymer's home was in a small house on John S. Dorsey's farm, Dorsey road, where he lived with his wife and four children. His health had been poor for a long time, so that he could not work, the family was in destitute circumstances, and Mr. Brymer was naturally despondent. Mrs. Brymer is a hard-working woman. Two of the children do not appear to be rugged. Mr. Brymer came from Carleton county some three years ago, and did not seem to have any relatives around here. His age was about 50 years. A brother is said to have committed suicide about a year ago. Much sympathy is felt for the family. They are asking no assistance whatever, but it seems as if a few dollars tactfully put forward in this case would be as well spent as in helping a man worth \$15,000 because he has lost a horse.—Fr. Fairfield Review, Oct. 27th.

Obituary.

FRANK ELMER ROULSTON.

Died at Northampton, Oct. 30th, 1908, Frank Elmer, infant son of David S. and Edith L. Roulston, aged 8 weeks.

A bud the Saviour sent us;
A pure and lonely child;
He sent it to our keeping
To cherish undefiled.

And just as it was opening
To the glory of the day,
Down came the Heavenly Gardiner
And took our bud away.

TONIC TREATMENT FOR INDIGESTION

Remedies That Digest that Food Will Not Cure the Trouble— The Stomach Must be Fitted to do Nature's Work.

The tonic treatment for indigestion, dyspepsia; catarrh of the stomach and gastritis, a having remarkable success in curing obstinate cases and deserves attention from every sufferer.

Its principal is that remedies for indigestion that digest the food for the stomach give relief for only a short time. Ultimately they unfit the stomach to do its own proper work, because they make its already weak powers still weaker by disease, while the remedy that strengthens the stomach makes it capable of digesting the food for itself, and this benefit is lasting. A remedy that is not only a tonic for the stomach, but for the blood and nerves as well, invigorates the entire system and makes recovery from the painful, weakening effects of indigestion rapid and thorough. Every sufferer from indigestion will find in Dr. Williams' Pink Pills just the tonic needed, as they enrich the blood, tone the stomach and thus enable it to do the work nature intended it should do. This has been proved in thousands of cases, and it is worth the while of every sufferer from stomach trouble to give Dr. Williams' Pink Pills a fair trial. Mr. Edward Chatterton, Campbellton, N. B., says:—"I have been a great sufferer from indigestion and stomach trouble and although I had treatment from several doctors, I did not find a cure until I began using Dr. Williams' Pink Pills. I can hardly describe how much I suffered at times. Each meal brought with it more or less agony, and I seemed to have a complete distaste for food. I had almost begun to think my case incurable when I came across a pamphlet advertising Dr. Williams' Pink Pills, and I decided to give them a trial. I am very thankful that I did so, for I had not been taking the Pills long before I found them helping me, and in six weeks every symptom of the trouble had vanished. I can now eat heartily almost any kind of food, and no longer experience pain and discomfort after eating."

It is because Dr. Williams' Pink Pills make new, rich blood that they cure such troubles as indigestion, rheumatism, neuralgia, head aches and backaches, St. Vitus dance, and other forms of nerve troubles. They cure the irregularities of girlhood and womanhood, and bring ease, comfort and health to sufferers. Sold by all dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

A Better Train Service.

The travelling public in this section of the province will be glad to learn that a change has been effected by the C. P. R. whereby passengers who have business to transact in Woodstock and up-river points will have more convenient accommodation.

The freight going north in the morning will carry passengers as far as Aroostook Junction or intermediate points. It will leave Woodstock at 8.35, reach Hartland at 9.30 and Florenceville at 10.20.

The train going south in the morning will leave Perth at 6.45, Florenceville at 8.40, Hartland at 9.30, arriving at Queen street, Woodstock, at 10.20 a. m. Passengers going to Woodstock on this train may return by the express at 12.15, having nearly two hours there. Formerly the short time up-river people could have in Woodstock included the noon hour, when it was often difficult to do business, and Woodstock merchants who had business to do in up-river towns had of necessity to spend the night there.

Coy-Ackerson.

At the residence of the bride, Bridgewater, Me., Oct. 19th, by Rev. H. C. Archer, Rev. J. H. Coy, of Grand Manan, and Mrs. Angie Ackerson, of Bridgewater, Me.

The ladies of the Union Sewing Circle, of which Mrs. Coy had been a member, and other friends; met at her home on the evening of Oct. 20th and presented Mrs. Coy with a beautiful silk quilt valued at \$20.00. Brother Coy being on good terms with the young people of North Head, Grand Manan, on their arrival at that place the young people took the liberty to treat him and his bride to a shower of rice, and gathered in the evening and gave them a serenade with a brass band and songs. Several of the lady members of the church had gathered at the parsonage before the arrival of the boat and prepared a sumptuous dinner. The brethren came in later and a good time was enjoyed by all. Brother and sister Coy received a royal welcome by their generous hearted people.—Kings Highway.
