It is a fact that Insurance Companies through the country will give you a lower rate where you use Carpenter-Morton Roofing than where you use shingles, tin or iron. HALLOWE'EN was generally observed by the young people here on Saturday evening, and there is abundant evidence of the fact that they got in their deadly work on the fences and door-steps, and anything else that was moveable. MRS. WM. LOVE, of Glassville, has secured the services of Mrs. H. Giberson, of Bath, for the coming season as milliner. THE concert and dance held in the Hayden-Gibson Opera House by the Woodstock Band on Monday evening was poorly patronized. The band under the leadership of Prof. Hall, shows a marked improvement, and the programme was thoroughly enjoyed by those present. If the citizens expect to have an organization of this kind in the town they should make an effort to attend these concerts and show in a practical manner that they are willing to help the boys out. It costs money to keep up an institution of this kind, and it is hoped that a more liberal support will be given in the future.

THE north bound freight running from Woodstock to Aroostook Junction, met trouble at Tompkins' grade, about eight and a half miles north of here, Saturday afternoon at about 3 o'clock. The four rear cars jumped the track and were pretty badly mixed up. One of the cars was the conductor's van, but no one was seriously injured. The train was in charge of Conductor Oliver Vandine and Engineer Almon Tabor. A relief train was sent out from Woodstock, and after about five hours' work the track was cleared so that the south bound express, with passengers for St John and the west was permitted to pass.

If you want to sell I can find the man who wants to buy. I make this my business. If you have the confidence in your property, and if it is worth the value you place upon it, I can get the price for you, and I can do it much quicker and cheaper than you can.
