### THE WISE MOTHER

#### DOCTORS BABY WISELY

Nowadays wise mothers do not dose their children with nauseous, griping castor-oil or purgatives, nor do they give them poisonous opiates in the form of soothing medicines. Baby's Own Tablets take the place of these harsh and dangerous drugs, and the mother has the guarantee of a government analyst that the Tablets are absolutely safe, and will cure all stomach and bowel troubles, destroy worms, break up colds and make teething easy. Mrs. Thos. Craft, Binscarth, Man., says:—"I have used Baby's Own Tablets for constipation and teething troubles, and do not know of any other medicine that can equal them. They are always satisfactory in their results." Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

The residence on Queen street south owned by Mrs. David Stephenson has been purchased by Ira S. Smith, of Canterbury, who will come to Woodstock next spring to occupy it. The deal was put through by J. W. Astle, the hustling real estate dealer, who has also a number of other desirable properties to dispose of.

### TUBERCULOSIS.

#### How Contracted! How Prevented! How Treated!

A public meeting will be held in the Hayden-Gibson Theatre on Thursday evening, October 28th, at 8 o'clock sharp, for the purpose of organizing an "Association for the prevention of Tuberculosis" in Carleton County.

Speakers will be present from the The Canadian Association at Ottawa, as well as from the Maritime Associations and other active centres.

We want the support of everyone in this movement as it is of the utmost importance to this County.

The number of deaths from this dread disease alone in the Maritime Provinces last year exceeded 3000 persons. Of all deaths in the Dominion, between the ages of 25 and 35 years, nearly one half are due to consumption. It is calculated that in Canada at the present moment between 50,000 and 60,000 persons are suffering from this disease, but it is a curable disease and there is no doubt but that a general knowledge and the use of the simple and effective methods known would practically eliminate the disease in one or two generations so we want your cooperation. We want enthusiasm. Help along the good work. Remember the date, Thursday evening, October 28th, Hayden & Gibson, Theatre. FREE ADMISSION.

### Dr. Wm. L. Tracy is Associate Surgeon.

Dr. Richardson, chief surgeon at Hillcrest hospital, has found it necessary to secure the services of another experienced surgeon to assist him in the work at the hospital.

The work has so rapidly increased that with the opening of the new addition, in the near future, it will greatly increase the efficiency of the hospital to have two surgeons, one of whom would always be at the hospital in the event of illness or absence from the city of the other.

Dr. William L. Tracy is the new surgeon. He has for the past ten years been preparing himself for his life work. He received the degrees of Bachelor of Arts and subsequently Master of Arts from the University of New Brunswick.

Later he received the degrees of Doctor of Medicine and Master of Surgery from McGill University, Montreal. After graduation Dr. Tracy spent considerable time in medical and surgical work in Bellevue and postgraduate hospitals in New York city.

Dr. Tracy will devote his entire time to surgical work, the same as Dr. Richardson, and one or both will be at the hospital at all times.—Pittsfield, Miss., Journal.

Dr. Tracy is well known in this town and throughout Carleton County. For a time he was principal of the Grafton school.
