Altered Accordingly.

A government engineer officer, in the course of his duties, which involved travelling, sent in a bill which contained the item, "Porter, sixpence." In return he received the notice, "Alcoholic drinks not included in the travelling allowance for officers." He answered that he did not mean the beverage "porter," but the hire of a man to take his luggage from the station. Upon this the all knowing official rejoined that in future in such a case he should use the word "porterage."

The officer, who had a sense of humor, afterwards sent in an account which included "Cabbage, two shillings."

The bill was promptly returned, with the intimation, "Green vegetables are not to be included in the travelling allowances for officers."

Now it was the officer's turn, and he wrote in explanation: "I had taken a cab. When I asked for the hire of a porter, I was instructed to call it 'h-'s, as would be one of worst in this 'porterage. I suppose, therefore, that it would be necessary to call a cab 'cabbage.'

Nervous People SALT OF THE EARTH

But when overstrained their highly strung systems give way and depression and suffering is intense.

Money is made these days at the expense of brain and nerve rather than muscular tissues.

The successful men and women are often of the highest strung nervous type—keen and active—but with too little reserve force.

A little extra worry and anxiety and snap goes the nervous system. Weeks and months are often required before energy and vigor are regained.

Rest helps, so does fresh air and exercise, but the blood must also be made rich and red by use of such treatment as Dr. Chase's Nerve Food.

Much as they may disagree on some points the best physicians are unanimous in claiming that an abundance of rich, red, life-sustaining, nerve invigorating blood is positive ly necessary for the restoration of the exhausted nervous system.

There is too often little sympathy for the nervous sufferer. When as a matter of fact his sufferings are most intense, being of mind as well as body.

Headaches, neuralgia, indigestion, sleeplessness, irritability, pains and cramp are often the lesser felt because of the depressed spirits and discouragements which come with loss of memory, and gloomy forebodings of the future.

The sufferer from nervous exhaustion and prostration can use Dr. Chase's Nerve Food with positive assurance that the benefits derived therefrom will be both thorough and lasting.

There is no reaction from this great nerve-builder because it is not a stimulant, but a restorative and reconstructor of the wasted nervous system. 50 cts. a box, all dealers, or Elmanston, Bates & Co., Toronto.

One Woman's Way.

"I suppose," said the American youth who had just been handed the frosty digit, "you wouldn't marry for a title, would you?"

"I should say not," replied the heiress. "A girl who marries for anything but love is foolish."

"Well," rejoined the young man, "I'm glad of that—even if I am a loser."

"But I don't mind saying," continued the girl with the obese bank balance, "that a man will have to have a title before I can love him."

After the brick house had been pushed over on him, figuratively speaking, the young man batted out a home run.—Chicago News.

Go to the blood, if you are to drive out Rheumatism. A Wisconsin physician, Dr. Shoop, does this with his Rheumatic Remedy—and with seeming success. Rub-ons, says the doctor, never did cure rheumatism. It is more than skin deep—it is constitutional always. Because of this principle, Dr. Shoop's Rheumatic Remedy is perhaps the most popular in existence. It goes by word of mouth from one to another, everywhere. Grateful patients gladly spread results. It is an act of humanity to tell the sick of a way to health. Tell some sick one. Sold by all dealers.

Hatfield-Franklin.

A very pretty event took place at the residence of Ansel Franklin, Wednesday afternoon, October 6 h, when his daughter, Ruth E ta, was united in the holy bonds of matrimony to Edward W. Hatfield, of New Limerick, M. The ceremony was performed by the Rev. J. E. Flewelling, of Canterbury, in the presence of a large number of invited guests. The rooms and grounds were prettily decorated with evergreens, ferns, red berries, bells and flowers. The bridal party stood on the lawn in front of the house.

The bride was charmingly dressed in white silk voile and wore a bridal veil. She carried a large shower bouquet of white dahlias and ferns. The bridegroom wore the conventional black. Miss Laura Franklin, sister of the bride, was bridesmaid, and was dressed in white muslin and carried a large bouquet of white asters and ferns. Lester Eaton of New Limerick, acted as best man. The wedding march was played by Miss Violet Oltz, of Meductic. After the wedding the guests were ushered into the dining room by Delbert Franklin and Geo. Oltz, where a bountiful supper was served consisting pressed chicken, jelly, pickles, bread and butter, assorted cake, fruit and coffee.

After the supper the bride cut the bride's cake and passed it to each guest. In the evening a large number of friends gathered on the lawn and serenaded the happy couple until they appeared on the piazza and invited them into the house where refreshments of candy, nuts and cigars, were passed around, and congratulations and good wishes extended.

Friday morning the young left by team for New Limerick where they will reside in the future. The travelling costume of the bride was blue broadcloth trimmed with jet and hat to match.

The young couple received many valuable and useful gifts among which were:

Mr and Mrs Ansel Franklin, lace bed spread and pillow shams; Delbert Franklin, \$10; Mr and Mrs Leroy Franklin, carving set; Mr and Mrs E J Furlong, berry set; Ambra Furlong, glass dish; Mrs Mary Flower pair linen towels; Addie Flower, hand embroidered bureau scarf; Mr and Mrs W L Turner, bed spread; Mr and Mrs Geo Oltz, china tea set; Mr and Mrs D W Oltz, dozen silver tea spoons; Wilda Porter, half dozen silver knives; B Theo Marsten, half dozen forks; Mr and Mrs Geo Porter and Miss Violet, sugar bowl; Mr and Mrs N S Marsten, silver teapot; Mr and Mrs G W Brown, China crocker jar; Mr and Mrs T S Porter, bed spread; Mr and Mrs Thad L Porter, China fruit dish; Mr and Mrs J E Porter, glass set; Mr and Mrs John Marsten and L Kennedy, cut glass knife and fork rest; Mr and Mrs Chas Marsten, berry set; Moses Violet and E ta Oltz, large glass dish; Mr and Mrs Herbert Marsten, tea set; Mr and Mrs H Smith Dow, silver pickle dish and fork; Lester Eaton, \$1 00; Estella Grant, China pitcher; T Roy Stevenson, dozen bread and butter plates.

Grit for Fowls.

Grit enables the gizzard to prepare the food for digestion. It is a fowl's false teeth. When grit becomes worn out, it is expelled. If now, sharp material cannot be secured, the food must remain unground in the gizzard until it is softened and falls to pieces. This makes slow, imperfect digestion. The hardest grit is best. Always keep it before the fowls.

Fowls do not really begin to satisfy their hunger until the food has been ground and expelled by the gizzard. Fowls have been known to starve to death with a crop full of food, merely because it could not pass to the gizzard, and thence on to be digested.

The only rule for feeding, says the reporter of the Kansas State Board of Agriculture, is the rule of appetite. Keep the appetite good. To do this is the fine art of feeding. It cannot be taught; it must be learned by practice. Fowls do not eat the same amount of foods each day. Those that are laying eat far more than fowls of the same age and breed not laying. Pullets not laying eat more than the same weight of old hens not laying.

Want Engineers to Make Survey.

A. J. Gregory, K. C., of Fredericton, and Hon. W. P. Jones, of Woodstock, counsel for the Canadian Commissioners in the St. John river investigation, were in the city Wednesday, consulting A. P. B. Hill and John Keefe, the commissioners, in regard to sending an engineer to make a survey and take levels of Chamberlain Lake. The Americans have also been asked to send an engineer for the same purpose. The Canadian contention is that Chamberlain Lake is a tributary of the St. John river, and that the Americans, by digging a canal, have diverted the waters to the Penobscot, thus violating the Ashburton treaty. Canadians also claim that the digging of a canal causes some 75,000,000 feet of lumber to go through that way instead of coming down the St. John river.

F. W. Holt, C. E., has been decided upon by the commissions, and he will leave shortly for Chamberlain Lake. The next session of the commissioner will likely be held in a week for two at Bangor, when the report from the engineers will be presented.

Upset by Constipation
Distressing Indigestion, Stomach Gas, Palpitation, Constant Headaches.

"It is with intense satisfaction that I am able to relate how I was snatched by Dr. Hamilton's Pills from my bed of sickness," writes H. H. Sargent, a well-known hardware traveler residing at Charleston. "So many changes of diet brought on a fit of indigestion and liver complaint, but being very busy I didn't give the matter much attention. Headaches, awful dizzy spells and constant tiredness soon made it impossible for me to attend properly to business. My appetite faded away. I became thin and looked yellow and jaundiced. I used three different prescriptions, which physicians said would tone up my liver and regulate my bowels—but I got no relief at all till I started to use Dr. Hamilton's Pills. After taking them for a few days I was surprised at the energy and force I obtained; the old feeling of tiredness and lack of desire to work disappeared, and instead came vigor, energy, ambition, good color, and sound digestion. I take Dr. Hamilton's Pills three times a week, and ever since have enjoyed the best of health."

What's the use of feeling so languid, so stupid, and dull when Dr. Hamilton's Pills will give you such robust, joyous health. For all disorders of the stomach, kidneys, liver, and bowels, no medicine compares with Dr. Hamilton's Pills. 25c per box or five boxes for \$1.00. At all dealers, or the Catarrhzone Company, Kingston, Ont.

Beautiful, Indeed.

It was a bright, crisp morning, and the teacher looked down at her small, eager pupils with an encouraging smile.

"Who would like to tell the teacher of something beautiful, seen on the way to school this morning?" she asked.

Half a dozen hands were raised, and she chose for first speaker little Michael Donovan.

"You may tell us what was the most beautiful thing you saw on your way to school, Michael," she said.

"I stopped to get Tommy Nolan," said Michael, hoarsely, "and he's coming down with the measles, and his mother showed him to me through the window, to let me see how good they've come out!"

DR. A. W. CHASE'S CATARRH CURE ... 25c.

Is sent direct to the diseased parts by the Improved Blower. Heals the ulcers, clears the air passages, stops droppings in the throat and permanently cures Catarrh and Hay Fever. Blower free. All dealers, or Dr. A. W. Chase, Medicine Co., Toronto and Buffalo.

Had to Have Some Name

"When staying in the Sandwich Islands I had an amusing experience with my Hawaiian servant," says a writer in the New Orleans Times Democrat. "Now these servants insist on calling you by your first name. Ours was always saying to my husband, 'Yes John,' and to me, 'very well' Mary', etc. So when we got a new cook I told my husband to avoid calling me 'Ma'y', as then not knowing my name, he would have to say, 'missus' to me. So John always called me 'sweetheart' or 'dearie', never 'Mary', but the watchful fellow gave me no title at all."

"One day we had some officers to dinner and, while awaiting the report I told them of the ruse I had adopted, and added, 'by this servant at least, you will hear me called Mary'."

"Just then the new cook entered the room. He bowed, and said to me: 'Sweetheart, dinner is served.'"

"What?" I stammered, aghast at his familiarity.

"Dinner is served, dearie," answered the new cook."

FERROZONE

Will Give You An Appetite, and With Appetite and Good Digestion Come Health and Strength.

Ferrozone will in one week give you a splendid appetite, and will so improve digestion and assimilation that full benefit will be derived from everything eaten.

There is nothing like Ferrozone to create a keen, healthy relish for food for the blood and a tonic for the nerves and brain. To those leading a sedentary life it is a perfect boon.

The Rev. Dennis O'Brien, D.D., the well known evangelist, says of Ferrozone: "I have pleasure in saying that I have found Ferrozone a remarkably good preparation. It keeps up one's appetite, cures nervousness and sleeplessness, and perhaps is the very best tonic I have used. Being in the form of a chocolate-coated tablet it is both pleasant and convenient to take and is well worthy of my highest recommendations."

This is an example of the way people speak of Ferrozone who have used it, and should be convincing evidence of its unusual merit. It is warranted to cure Indigestion, Dyspepsia, Lost Appetite, Rheumatism, Kidney and Liver Troubles, Catarrh, and all other diseases arising from impairment of blood or nerve tone.

Refuse to accept a substitute for Ferrozone. Every druggist sells it, 50c per box, or three for \$1.25. By mail from the Catarrhzone Co., Kingston, Ont.

MOUNT ALLISON ADIES' COLLEGE

SACKVILLE, N. B.

56th Year
Commencing
September 9

Massey-Treble School of Household Science
Normal Course Certificate from Mount Allison accepted as qualification for teaching Household Science in New Brunswick Schools.
Conservatory of Music
With Faculty of Ten Members, and equipped with Pipe Organs and over 80 Pianos.
Department of Literature

G. N. A. BURNHAM, Upper Woodstock, N. B.

"Little men delight in little controversies."

IN THE PROBATE COURT.

Of Carleton County.

To the Sheriff of the County of Carleton or any Constable within the said County, GREETING:

WHEREAS Nelson Turney, Executor of the Last Will and Testament of Sabra J. Turney late of the Parish of Woodstock in the County of Carleton, deceased, hath filed in his Court an account of the administration of the said deceased's estate and hath prayed that the same may be passed and allowed in due form of law and also that a decree be made for distribution of said estate.

You are therefore required to cite the heirs, legatees, devisees and next of kin of the said deceased and all the creditors and other persons interested in the said estate to appear before me at a Court of Probate to be held at my Office in the Town of Woodstock within and for the said County of Carleton on Friday, the twenty-second day of October A. D. 1909, at ten o'clock in the forenoon, then and there to attend the passing and allowing of the said accounts and the making of the Order for distribution aforesaid.

(L. S.) Given under my hand and Seal of the said Court this 2nd day of September A. D. 1909. (Sgd) THANE M. JONES, Judge of Probate for the County of Carleton.

(Sgd) JAMES McMANUS, Registrar of Probate for the County of Carleton. LOUIS E. YOUNG, Proctor for Petitioner.
