### Mahogany Furniture.

I am prepared to restore old pieces of Mahogany Furniture, no matter how badly broken up. These old pieces when repaired are quite valuable and far superior to anything of modern make. Being a Cabinet Maker and "French Polisher" of many years experience in the city of St. John, I think I understand my business. Also general repairing. Write to

### Letter From Rev. F. A. Currier.

(Continued from last week)

Upon my arrival at Woodstock I notified the Everett Brothers that I would like to see them and they called at the home of Dr. Baker, at which place I was then staying. I told them that I had looked over farms 4 and 5 very carefully and that I did not think the improvements on these farms were worth the money asked for them and I advised them not to pay it. I told them their money was in the Bank of Nova Scotia in Woodstock and that I would give them checks for the amounts. They said they would leave it there for the present.

On March 16th Wm. Everett called to see me again. He said that the Burpee's were on their way out to the Valley and that they had taken his seed potatoes with them and he thought that as farm 4 had a cottage on it that would be convenient for the men to live in, he had decided that he would take farm 4 and have the men plant it in potatoes. He instructed me to forward the \$300 00 to the Company which I did and at the same time gave him a check for the remaining \$50 00 which I had deposited in the bank to his credit. The following day Fraser Everett called on me and instructed me to send \$97.00 to the Company as first payment on farm 5. I did as he instructed me to do and at the same time I gave him a check for the amount of \$153.00, the balance of the amount which he had given me formerly. The statements concerning these checks can be verified by calling at the Bank.

The money given me by the Everetts I sent to the Columbia Valley Land Co., as I had been instructed to do and when the Company's receipts came to me and I offered them to the Everetts; they refused to take them.

These are the facts regarding the purchase of farms in the Whatsham Valley by William and Fraser Everett. If Wm. Everett wants to contradict these statements, I presume the courtesy of the Woodstock papers will be extended to him. But Wm. Everett will not contradict these statements, for the simple reason that Wm. Everett can't do it. I defy him to contradict them. This is the man who had me arrested for getting money from him under false pretenses and with intent to defraud. For this cause Wm. Everett apprehended me and had my name blazoned from sea to sea and tried to blacken a character which it has ever been my aim and ambition to keep unsullied and unspotted from the dark veil of suspicion and criminality. That he has succeeded in some cases I do not doubt which must be a matter of great satisfaction to him. But he has not succeeded with all. The many letters which I have received from friends and even from whole communities expressing the deepest indignation at this needless procedure and expressing the deepest sympathy and finest confidence on my integrity are confirmatory of the fact that not all people believe a man a criminal because some one got mad and had him arrested.

There is something which I have hesitated about making public but I feel as if the public ought to know about it, in fact in justice to myself I must publish it. Mr. Wm. Everett came into Dr. Baker's office and told Dr. Baker he wanted to see me. I came in shortly after and met Mr. Everett who, after a few minutes conversation, arose to his feet, and by means of what to my mind was the lowest and most contemptible blackmail I ever heard of in all my life, tried to extort money from me.

I presume Mr. Everett thought he was talking to me alone, but there were others who heard every word he said and who wrote it down, and who will swear to what he said. Mr. Everett may deny this charge if he wishes. I hope he will. That will give me a chance to make public his threats by sworn affidavits. And this is the man who had me arrested for getting money from him under false pretenses.

It seems to me that Wm. Everett had two purposes in view for having me arrested, the first of which was to ruin me financially. That is not the worst of the two, for "Who steals my purse, steals trash; 'tis something, nothing. 'Twas mine, 'tis his, and has been slave to thousands. But he who filches from me my good name robs me of that which doth not enrich himself but makes me poor indeed."

This latter is where the rub comes in. I cannot but think his purpose was to so darken my reputation that I would be compelled to leave the ministry. Whether he shall succeed on this or not I cannot tell. I will be in a better position to judge on that matter when I am through with this discussion.

For the information of those who may not know the nature of the indictment under which I was arrested I will here append the sum and substance of the same.

The information and complaint of William B. Everett of the town of Woodstock, etc. who said that F. Allison Currier, in the month of March, last past, obtained by false pretenses, from the said William B. Everett, three hundred dollars, with intent to defraud by falsely pretending that Lot No 4 in the Whatsham Valley in the province of B. C. was only a mile from the proposed town of Needles whereas the said lot number 4 is more than two miles from the said town of Needles; also that on said lot there were six acres of land cleared and ploughed, also that there was a good road leading from Needles past lot 4 as good as the road leading through Woodstock, fit for an automobile, whereas there is no road fit for an automobile from

### Want New Up-river Boat.

There is an agitation under way in the city to form a company to build a suitable boat for the Fredericton-Woodstock route on the St. John river and have it in operation next season. Mr. W. E. Vaughn, who has had the gasoline boat Exota on the Fredericton-Pokiok route the latter part of this season, is interested in the proposal and will probably take the matter up shortly with members of the Board of Trade. Speaking with The Gleaner last evening he said that the kind of boat he thought was wanted for the route was one eighty feet long and with 18 feet beam, fitted with two gasoline engines of 50 h. p. each and with an adjustable double stern wheel. Such a boat when loaded would not draw more than 21 inches of water and there would be accommodations for the freight below and the passengers on an upper deck. Mr. Vaughn estimates that the cost of such a boat would be about \$7,000.—Fredericton Gleaner.

The many friends of Mr. and Mrs. R. N. Loane will sympathize with them in the death of their infant son, which occurred on Friday evening. The remains were interred in the Parish church burying ground on Sunday.

### Carleton County Association for the Prevention of Tuberculosis.

A meeting of the above society was held in the town hall on Monday evening, the President, D. McLeod Vince, in the chair. On account of the wet weather there was a small attendance.

The matter of raising funds to provide for expenses already incurred and for the printing and distribution of appropriate literature was discussed, and on motion of Mayor Jones, seconded by E. W. Mair a committee was appointed to procure a suitable person to make collections in the town of Woodstock.

Sheriff Tompkins, seconded by Dr. W. D. Rankin, moved that the secretary R. E. Estabrooks, write to the councillors of the various parishes in Carleton County setting forth the objects of the society, and asking them to solicit subscriptions. Carried.

A committee was appointed to secure a speaker to deliver an address on the subject of Tuberculosis at the meeting of the Teachers' Institute in December.

The membership fee was placed at \$1 00.

A committee was appointed to arrange for the printing of a pamphlet for circulation in the schools and throughout the county, and the secretary was authorized to get the necessary information as to what steps will have to be taken to introduce these pamphlets into the schools.

### Canadian Club.

The annual meeting of the Canadian Club was held in Young's hall on Friday evening last, the president, Mr. C. L. S. Raymond in the chair. The attendance was somewhat disappointing in the matter of numbers. The President gave a verbal report of the work of the club during its first season of work. After some informal discussion as to the course to be pursued during the coming winter, especially with regard to making the club attractive for the younger members of the community, the election of officers was taken up. Mr. Raymond announced that it would be practically impossible for him to continue in the office of president, as living out of town, it was a great inconvenience for him to give that attention to the affairs that was required.

The following officers were then elected:— President, Hon. Judge Carleton; 1st v. p., Rev. G. D. Ireland; 2nd v. p., F. B. Mesgher; Secretary, T. C. L. K. Latham; asst. sec., I. N. Draper; lit. corr., C. D. Richards; treasurer, G. A. White; additional members of executive, R. G. Fulton, Albert Hayden, Frank Atherton, A. F. Garden, D. McLeod Vince.

Judge Carleton in expressing his thanks for the honor in electing him to the presidency stated that he would do all in his power to make the club a success during the coming season. He said he would have a meeting of the executive as soon as possible when a program for the year would be considered.

A meeting of the executive was held yesterday afternoon at the judge's chambers.

### Frazer-Jones.

Thursday afternoon at the home of Dr. H. G. Addy, 147 Union street, St. John, his daughter, Mrs. F. Frazer, was united in marriage to Mr. Thane M. Jones, the popular barrister of Woodstock. The ceremony was performed by Rev. Dr. Flanders. The bride, who was unattended, was becomingly attired in an amethyst travelling suit with a hat to match. The bride, who is a very popular young lady, was the recipient of many beautiful remembrances from her numerous friends.

Mr. and Mrs. Jones arrived in Woodstock on Thursday evening, and are spending a few days with Mrs. (Dr.) Sunder until their home on Connell street is ready for occupancy.

### The Old Folk Concert.

The Old Folk concert in the Hayden-Gibson Theatre on Wednesday evening given by the ladies of Eastern Star Lodge was largely attended and heartily enjoyed. The ladies and gentlemen were arrayed in old time costumes and presented a picturesque sight, especially in the choruses. Mrs. Geo. W. Gibson, who was instrumental in getting up this concert, with the aid of those who took, is to be congratulated on the success of the affair. It would certainly bear repeating. The solos, choruses and instrumental numbers were heartily applauded.
