COUNTY COUNCIL.

Continued from page Six.

A delegation from the Upper Woodstock school district in regard to the county property was heard.

Rev. A. V. Kearney was the spokesman. He said the school buildings are situated on the same land as the Court House building. The school district would like to have an opportunity to continue the ownership of their school without any complications in the future. This was wanted for public purpose for school purposes. Again this land was given by a Mr. Ketchum, one of the early settlers, for public purposes and it would be carrying out the intentions of the donor. They wish to have the confirmation of the rights and title to the part of the land they occupied. If the part could not be separated from the whole they would like a preference for the whole property so that they would not be deprived of the school privileges they now possess. The district would like to have a little more land than they now used.

Coun. Brown thought it would be a generous act to donate that land to the school district. He had so expressed himself last January. He would think the people of Upper Woodstock should make an offer to the council in January next, and for himself he would be disposed to deal generously with them.

Coun. Connolly moved, That whereas Charles Swim has failed to make returns for 1908, John Sewell be appointed in his stead collector of rates, also that Jos. L. Thornton be surveyor of lumber, wood and bark, both for the parish of Brighton. Seconded and carried.

Coun. Connolly also moved that the secy-treas. notify all collectors who have not made

returns that they must do so within thirty days, and in default of complying with said notice, to make such returns as to collection of monies, etc., the secy-treas take legal action against the said persons and their sureties to recover the amounts not accounted for. Motion seconded and carried.

On motion Henry Bull, parish of Woodstock was ordered refunded \$4.00 overpayment of poll tax.

Coun. Williams moved that A. H. Margison be added to the list of field drivers, etc., for the parish of Wilmot. Carried.

Coun. Phillips thought it would be well to remove the fence in front of the Record office and grade the lot.

Coun. Kinsey moved that \$137.00 be assessed in the parish of Kent when the assessment is made up and the amount be paid to the petitioners on the road. Carried.

Coun. Flemming said Mr. Phillips expressed his opinion in the matter of the fence. He moved that the building committee be authorized to make what disposition of the fence in front of the Record office they see fit.

Coun. Bull favoured Mr. Phillips proposition. The motion being duly seconded carried.

Coun. Flemming thought that this council should put itself on record as favoring the view of the delegation as expressed by Rev. Mr. Kearney.

Coun. Bull also expressed himself similarly.

Coun. Williams moved, seconded by Coun. Bell, that the council give to the school district of Upper Woodstock the preference in what land they require for school purposes.

Coun. Brown moved an amendment that this municipality give a deed to the district of the land they now occupy for the sum of one dollar.

Coun. Balmain seconded the resolution.

Coun. Rideout said that this would not be using the district right as they wanted more land. He favoured the original motion.

Coun. Mellville did not favour giving away the county property. The council did not meet here to give away the people's land. He was willing to give the school district the preference or all consideration in reason.

Coun. Balmain pointed out that the property did not cost the county anything. They would not be giving away what cost the county anything.

Coun. Williams did not think we should give more than was asked. They asked for more land and this amendment would not give them that.

Coun. Stevens said the district in the matter of the preference would only be in the position of getting the land, if they bid as much as some other bidder. He would favor a proposition that the school district find

cut what they require, let the council know and that that be decided to them.

Coun. Gillmore said he would vote for giving the deed.

Coun. Flemming thought we should give them what they want for school purposes.

Coun. Tompkins said he was not in favor of giving away this land. However it came to the county, the land was now owned by the county.

Coun. Connolly thought the school district should let the council know what they wanted.

Coun. Phillips thought it would be well for the district to stake off what land they wanted, and let the January council deal with the matter.

Coun. Bradley—We are not here to give away the county property.

Coun. Bull said the district did not ask for free land.

Coun. Mellville moved that the matter be held over till January session.

Coun. Lamont seconded the amendment to the amendment. Carried.

Coun. Lamont moved that Benjamin R. Doherty, Wm. Logue and Perry Fitzgerald be added to the list of poundkeepers, etc., for Aberdeen. Carried.

Coun. Owens read from the new Road Act, and asked the sec. treas. as to the unpaid taxes under Act of 1904. In his parish they were making several roads and wished these defaulters to work on them. How were they to get the lists.

Sec-Treas—It is the duty of the collectors to furnish the lists.

Coun. Connolly raised the question of the fixing of its pay of the members of the Highway Board.

The sec-treas read from the act, which provides that the council shall fix the pay of the councillors on the Board, but the salary of the gov't members will be fixed by the government and not more than what the council pays the others, but in no case to exceed 100c.

\$15.00 was ordered paid to Caleb Crane when assessed and charged to Kent for money paid out to a jury, and also \$5.00 paid to J. C. McReady for land damage for reads to be charged to Kent.

Coun. Connolly moved that the pay of the members of the Highway Board be \$2.00 a day for the time expended—a day of eight hours.

Coun. Flemming thought the intention of the act was that the gov't appointee should get the same as the councillors.

Coun. Melville moved that the councillors for Peel received no remuneration for the services this year. Carried.

Moved and seconded that councillors for Wilmot as Highway Commissioners be paid \$10. Carried.

Moved and seconded the same as the councillor for Wilmot \$10.00.

The same motion as the councillors for the parish of Simonds.

The same for the councillors of the parish of Northampton.

Moved by Coun. Lamont, that councillors of Aberdeen do their work free. Seconded by Coun. Tompkins. Moved in amendment by Coun. Gillmore that the councillors of Aberdeen receive \$10.00. Seconded by Coun. Connolly.

Coun. Estey thought the others should be considered.

Amendment carried.

Moved by Coun. Connolly that the councillors of the parish of Brighton receive \$10.00. Carried.

Moved that the councillors for Kent receive \$10.00. Carried.

The same motion for the payment of the councillors for the parish of Richmond carried.

The same motion for the payment of the councillors for the parish of Woodstock carried.

The same motion for the councillors of the parish of Wakefield carried.

Coun. Connolly moved that the councillors of all the parishes in the county receive \$10.00. The motion was declared out of order.

Coun. Connolly said the man appointed by the government in Peel was depending on the action of this council. This Board had now said that he was to have nothing.

Coun. Melville said he was after pay

usually, but this time we are willing to throw in our work free.

Coun. Keenan moved that James Bohan and Esau Holmes be fire wardens for the parish of Kent.

Coun. King asked if a non-resident of the parish could do road work in the place where assessed.

Mr. Hartley said he could not work. He had to pay, as he read the act, although his opinion might be modified on reference to the new Road Act.

Council then adjourned sine die.

Make Marriage Less Easy.

(Chicago Journal.)

If the church and the law paid the attention to marriage that they do to divorce the divorce problem would be reduced to a mighty small minimum.

The blind, halt, and foolish are permitted to wed without let or hindrance. The state and the church make no inquiry whatever. Anyone—even those manifestly unfit to marry—can be wedded on request, a condition which manifestly makes for marital unrest and dissatisfaction, and is largely productive of divorce.

Give marriage more safeguards, and the courts will find much less necessity to interfere with family relations. But those who expect to remove the effect without eliminating the cause are attempting a task very near the impossible.

An Awkward Compliment.

(Washington Star.)

Inspector General Hornady, of the Grand Army of the Republic, was relating incidents of famous national campments.

'I remember a little Jap who attended one of our banquets,' he said, smiling, 'and a queer compliment that he paid the colonel's wife.'

'I sat between the two, and the lady said across me:

'Mr. Takashiru, you compress the ladies' feet in your country, don't you?'

'Oh, no, madam, that is a Chinese custom,' said the Jap. 'We Japanese allow our ladies' feet to grow to their full size. Not that—'

'And he bowed and hissed in the polite Japanese way.

'Not that they could ever hope to rival yours, madam.'

Putting it Gently.

The sages of the general store were discussing the veracity of Old Si Perkins when Uncle Bill Abbot ambled in.

'What do you think about it, Uncle Bill?' they asked him. 'Would you call Si Perkins a liar?'

'Wall, answered Uncle Bill slowly, as he thoughtfully studied the ceiling, 'I don't know as I'd go so far as to call him a liar directly, but I do know this much, when feedin' time comes, in order to get any response from his hogs he has to get somebody else to call 'em for him.'—'Everybody's Magazine.'
