Prescriptions!

We have been preparing medicine according to doctors' prescriptions for 15 years. In that time our business has doubled in volume, several times over, and yet we have never received a single complaint from any doctor in regard to our manner of compounding Prescriptions. We have always stuck to one policy, namely: To use only the best quality of Drugs that we could get, and always do the work as skilfully as we know how. THAT MAKES GOOD MEDICINE.

THE EXTERNAL RELATIONS OF CANADA.

Prof Leacock will speak on this subject before the Canadian Club on Monday Evening, Feb 1st.

The first public lecture or address under the auspices of The Canadian Club will be given in the Hayden-Gibson Theatre on Monday evening next at 8 o'clock. He is an accomplished publicist and a speaker of the first water. The Secretary of the St. John Canadian Club writes:—

"I hope you will be successful in securing him, and congratulate you on your choice as his address to us about a year ago was one of the very best we have had."

Edward McDade.

Death visited Woodstock again last Friday and took away another respected citizen, Edward McDade, who died at the residence of his daughter, Mrs. T. L. McCaffery. L. McCaffery of Woodstock and Misses Jennie, Fanny and Aggie McDade of Lowell, Mass, all of whom were present for the funeral which was held at 9 o'clock Monday morning after a high mass of requiem was celebrated in St. Gertrude's church by Rev. Farmers Represented at Ottawa.

The farmers of Canada are to have a representative in the House of Commons during this session. The Family Herald and Weekly Star, of Montreal, has engaged a practical farmer to attend the session and write a weekly letter to that paper, telling the farmers of Canada how Parliament is conducted, as he sees it. The man engaged is not only a practical farmer, but is well able to write such a letter. He is said to be a man absolutely free from political prejudice, and, no doubt, his weekly letter will be of great interest to all Canadian farmers.

The Family Herald and Weekly Star costs only one dollar a year, or will be sent on trial to new subscribers for the Session (about six months) for only twenty-five cents.

The Prescription Is Sacred.

If a man wishes to have his rights acknowledged and respected, he must show that he is determined to maintain and defend them. The Doctor and the druggist stand in a relation of reciprocal benefit to each other. The Doctor prescribes medicines, and the druggist furnishes them. The Doctor orders such remedies as his judgment and experience deem best in a given case. The druggist has no discretion in the matter. It is his duty to fill the prescription just as it comes into his hands, and on no account should he be guilty of such treason and disloyalty, as to try and induce the patient to accept a substitute for the remedy prescribed by the physician, or try to palm off a cheap and worthless imitation.
