Albert J. Phillips.

Word was received here last week of the death of Albert J. Phillips, which took place on December 21st, after a long illness of consumption, at St. Joseph's Hospital, Phoenix, Arizona. Mr. Phillips was a son of the late James Phillips and was well known in Woodstock and Carleton County. He left here about seven years ago, although he has visited here since then. He is survived by one sister, Mrs. A. M. Grant, in Denver, Colorado. His remains were interred in Fairmont cemetery, Denver. He was in his 30th year.

Great Year Ahead.

A great year is promised for readers of the Family Herald and Weekly Star of Montreal. Already the acknowledged best family and farm paper printed, the publishers are out with the announcement that it is to be vastly improved during 1909, in appreciation of the enormous number of subscriptions received. The paper is to be enlarged, their news service vastly improved, more stories of a high order of merit are promised, new contributors of great literary fame will contribute and many new features of absorbing interest are to be introduced. The Family Herald and Weekly Star during 1909 is going to be greater value than ever before.

I. S. G. Vanwart, of Calgary, accompanied by his wife and four children, is visiting his aged father Rev. T. S. Vanwart. The younger Mr. Vanwart was at one time in business in Woodstock, but about twenty-five years or so ago he went west. Settling at Calgary when that hustling city was but a village, he stayed with it as he foresaw great things for a place that had a railroad building to the coast, the mainland coming west from the older portion of the country, bringing settlers and supplies, while from the south and from the north lines were building that would make of Calgary the great centre for cattle and grain that it has become. Mr. Vanwart staked his fortunes with Calgary and has made good. One of the richest men in Alberta, he is now interested in many enterprises; being on the directorate of different industrial companies, and largely interested in land and building investments. He was last year president and manager of the great exhibition held there, which attracted the attention of all Canada. Less than a year ago Mr. Vanwart was east to visit his father, whose declining years he delights in making easy.

Zebulon Connor.

Many citizens will sincerely mourn the death of Zebulon Connor, which took place at 7 o'clock on Thursday evening, at the residence of his daughter, Mrs. John H. Lee, aged 85 years and three months. He was a highly respected citizen, and in his younger days active in the promotion of all good measures for the benefit of the town, a representative of which he was at the council board for some years. He is survived by his wife and one daughter, Mrs. John Lee.

The funeral took place at 2:30 on Saturday afternoon and was largely attended. Services were held at the house by Rev. Drs. Phillips and Keirstead; a short service also at grave. Interment in the Methodist cemetery. The pall bearers were C. B. Snow, W. B. Nicholson, W. B. Belyea and G. W. Slipp. He was a member of the United Baptist Church and in his younger days an active worker in church work.

Local Lumber Outlook.

There being a decided improvement in the American lath market all the mills in the county will soon be in operation. McFarlane's mill on the Little Presque Isle has been running for a month, G. F. Burpee's mill at Avondale, McElroy's at Waterville, and others further up river are engaged in cutting lath, as well as long lumber. J. E. Sayre of F. E. Sayre & Co., St. John, was here last week, and Mr. A. F. Campbell, the local manager, says that they will commence cutting laths at the mouth of the Becaguimac sometime this week. Large shipments of lath, deal and other lumber cut at this mill and held for higher prices are now being shipped by rail. On Saturday, however, work of loading had to be discontinued on account of a scarcity of cars. The Peel Lumber Company who have a big mill at Sickeney Brook will begin operations on laths and long lumber within a short time, as will Hon. J. K. Flemming's mill at Hartland. Mr. Flemming has two mills already in operation, one at Gillespie's, near Salmon river and another at a point between Debec and Benton. Laths are also being cut at Debec and at a new mill on the Houlton Branch of the C. P. R. Over at Centreville C. M. Sherwood's mill is giving employment to a number of men and produces long lumber and lath. There is a report that Mr. Sherwood intends moving his plant to the river where a greater quantity of lumber is available. Taking it all around there is a decided improvement in lumber, owing to a rising market in the states. Almost without exception the laths cut in Carleton county go by rail to New England and Middle States markets. The industry is giving employment to several hundred men and many teams in the county and the aggregate pay roll is heavy.

Howe Campbell's mill at Upper Brighton is also stocking up and will start running soon.

New Year Concert At Hartland.

The concert given New Year's evening by those interested in the Reformed Baptist Sunday school at Hartland was in every way up to the standard set by former efforts in this line. There was a large audience, all the seating capacity of the building being taken up. The program consisted of recitations by Ella McGoldric, Stephanie McMullin, Nellie Nixon, Sarah McMullin, Caswell Craig, Ralph Shaw, Maggie McLaughlin, Shirley Craig, Mary McMullin; solos by Mrs. A. L. Baird, Clara Boyer and Mrs. Dean Shaw; choruses by girls—"All in the Silent Night," "Christmas Joy Belle," "Glory to God," etc.; dialogue by Fern, Maude and Ella McGoldric; trio by Herbert and Evelyn Rogers and Nellie Nixon; drill exercise by girls, "On the Way to Christ"; exercise, "Presents for Grandma," by four girls; exercise by primary class; exercise by nine girls, "New Year's Pudding"; Chorus by Bible Class; Closing anthem by the choir.

A quartette of four gentlemen from Woodstock sang two selections, and Messrs. Campbell and Palmer sang two duets very nicely. The concert opened with a chorus and responsive reading of the Ten Commandments, Scriptural Lesson and Prayer by Rev. S. A. Baker. At the close a treat was provided for all the children present.

Fortieth Anniversary.

A pleasant evening was spent by about sixty of the friends of Mr. and Mrs. C. N. Scott last night, the occasion being the celebration of the fortieth anniversary of their marriage, which took place on January, 4th, 1869. Two persons were present who were at the wedding forty years ago, viz., a sister of Mrs. Scotts and Rev. J. C. Blakney, who officiated on that occasion. Excellent music was furnished by a male quartette composed of Dr. Baker, F. L. Mooers, Geo. H. Arnold and Herbert A. Palmer. Short addresses were made by Rev. J. C. Blakney, Rev. S. A. Baker, and the bride and groom of forty years ago. The evening was spent in a social way, including refreshments. A fine Oak Buffet and other useful articles were presented to Mr. and Mrs. Scott by those present.

Methodist Choir Concert.

The concert in the Methodist church on Monday evening, given by the choir, was attended by a large and appreciative audience. The choir is under leadership of Mr. Bird and is an efficient musical organization. The choruses were all well balanced and harmonious. The soloists of the evening were Mrs. H. N. Payson, Mrs. H. Lockwood, Mrs. Geo. W. Gibson and Miss Mary Street, and Messrs. Donald Matheson, Mr. Bird and Wm. Balmain. A duet was very nicely rendered by Mr. and Mrs. H. Lockwood. A ladies' quartette composed of Mrs. Geo. W. Gibson, Mrs. H. Lockwood, Mrs. Benj. Griffith and Mrs. H. N. Payson sang a selection, as did a male quartette, the singers being Donald Matheson, Leslie Hawkins, Wm. Balmain and Mr. Bird. A duet by Miss Georgie Balmain and Miss Mary Street and a like selection by Miss Montgomery and Miss Mary Street were bright numbers in the programme. Mrs. R. E. Holyoke presided at the organ during the evening and played the accompaniments in a finished manner. The choir, whose names we give below, contains a few, at least, who have faithfully attended the services of the church for many years:

Sopranos—Mrs. Ada Poole, Mrs. Geo. W. Gibson, Mrs. H. Lockwood, Miss Jessie Davis, The Misses Montgomery and Miss Georgie Balmain.

Altos—Mrs. H. N. Payson, Mrs. Benj. Griffith and Miss Mary Street.

Tenors—H. Lockwood, Donald Matheson and Leslie Hawkins.

Basses—Wm. Balmain, Mr. Bird and Walter Stone.

Surveying parties have been at work locating the site of the new C. P. R. station, which however has not been announced yet. The old station having been burned last Monday night. For the present a passenger car has been fitted up, and placed on Welsh's siding for an office, and two box cars for the freight. A platform has been built and now the trains will stop at that point, instead of the platform at the old station.

Mrs. C. A. Phillips received word on Friday of the death of her brother, Isaac Grantham, which occurred quite suddenly at his home in Georgia. Mr. Grantham formerly lived at Aroostook Jct., and was well known here.

The death of Albert Phillips is also reported to have occurred recently in the West. Mr. Phillips was well known here, being the youngest son of the late James A. Phillips.

Lesson in Anatomy.

(The Medical Times.)

Proceeding in a southerly direction from the torso, we have the hips, useful for padding, and the legs. The legs hold up the body, and are sometimes used in walking, but when riding in automobiles they take up valuable space which otherwise might be employed to better advantage.

Attached to the legs are the feet. Some varieties of feet are cold. Some people are born with cold feet, others acquire cold feet, and still others have cold feet thrust upon them.

The surface of the body is covered with cuticle, which either hangs in graceful loops or stitched tightly from bone to bone.

On the face it is known as the complexion, and is used extensively for commercial purposes by dermatologists, painters and decorators.

Between the cuticle and the bones are the muscles, which hold the bones together and prevent them from falling out and littering up the sidewalks as we walk alone.

Packed neatly and yet compactly inside the body are the heart, the liver, and the lungs; also the gall, which in Americans is abnormally large.

These organs are used occasionally by the people who own them, but their real purpose is to furnish surgeons a living.

A PROVINCIAL grant of \$100 has been made to the poultry shows to be held during the winter at St. John, Moncton, and Hartland, conditional upon the prize list being in excess of that amount.
