

**HARTLAND and VICINITY.**

Hartland office in charge of Fred. H. Stevens. Telephone 13-11. Mrs. J. W. Montgomery will also receive items for publication, copy for ads., etc.

WOODSTOCK, N. B. JAN. 13, 1909.

Mr. and Mrs. Stephen McMullin are visiting their daughter, Mrs. G. E. Boyer at Fort Fairfield.

After a holiday visit, Miss Annie Gilliss, professional nurse, has returned to Fort Fairfield to practise her profession.

News of the death of Dorothy Alexander, at Riverside, California, came as a great shock to her relatives and many friends here.

She had been ill all the time since her arrival at Riverside, but the physicians there said that should she become acclimated there would be little doubt that she would be better than when living in the east. Dorothy was the second daughter of Mr. and Mrs. Edward Alexander, who went west from Hartland in October. She was in her seventeenth year and a bright lovable girl. For several years she suffered much illness but during the past two years had been exceptionally well. Very many friends back here in the home land mourn and deeply sympathize with the bereft family.

W. H. Banks of St. John was in Hartland Friday and Saturday.

Mrs. Herbert Estey and Miss Pond of Durham Bridge, York county, were guests of Mrs. C. E. Allan last week.

Miss Mary Hipwell was in Woodstock a day or two last week.

Miss Lala Gilmour of Esdraelon, after visiting at the home of Scott Sipprell a short time left last Monday for the Provincial Normal school.

H. A. Sipprell is temporarily back at his former work with the Estey & Curtis Company.

Harry Hayward, of the Dominion Survey, Ottawa, has returned to the Capital after a visit with his parents, Jarvis Hayward and wife at Ashland. He is a graduate of the U. N. B. and is doing splendidly at his profession, and, as might be expected, thinks Ottawa a capital place to live in.

George Belyea of Rockland returned to the U. N. B. last week.

A series of Revival meetings which began at the Reformed Baptist church a week or more ago are being well attended. The pastor is being assisted by Rev. Percy J. Trafton, pastor of the Reformed Baptist church at Fort Fairfield.

The school at Somerville did not begin last week as it should on account of the illness of the teacher, Miss Sadie Barnett. Miss Barnett is giving excellent satisfaction to both pupils and parents, so one pleased parent took pains to inform the DISPATCH correspondent.

The Hartland school has been minus a primary teacher for a short time on account of the illness of the teacher.

Mrs. Willard McIntyre of Rockland has lately been visiting her daughter, Mrs. Wordy Thornton.

Mrs. David Shaw and Mrs. Burrell Hatfield came home from a visit to Boston a few days ago.

Many Hartland friends will hear with sorrow of the death of G. Leonard Kelley, which occurred at his home at Andover a short time ago. He was an adopted son of the late Mr. Bradley and a foster brother of the large family of children. He was 76 years of age.

Miss Bernice Rideout has returned from Muniac where she has been the guest of Miss Bertie Miles.

Mrs. George S. McLaughlin, of Blaine, Miss Bessie McLaughlin and John McLaughlin of Woodstock were in Hartland on Saturday.

H. L. Dickinson and wife of Windsor were guests of Mrs. Brazil Seeley on Sunday.

Mr. Davidson, representing T. McAvity & Son, St. John, spent Saturday here.

A card from L. E. and Mrs. McFarland, who are having a trip through New England, written on Jan. 8th follows: "Just leaving Buffalo for Boston via New York city. Had a most enjoyable day yesterday at Niagara Falls. The weather is fine and everything is tending to make us have a fine time."

Frank Bixby of St. John spent Sunday at the Exchange.

Miss Sallie Tinker has returned from Houlton and is visiting her aunt, Mrs. Frank Hagerman.

The Lakeville Dramatic Club gave an entertainment in Hagerman & Baird's hall on Tuesday evening.

Mrs. Scott Sipprell has been visiting in Woodstock.

Mrs. D. H. Nixon being convalescent, her sons Bert and Frank have returned to the woods.

Monday evening George R. Burt left for a visit with his daughter, Mrs. Paul Taylor, who lives in Norfolk, Virginia. He expects to be in the south about six weeks. Mrs. T. J. Carter of Andover came down and spent Sunday with her father before his departure.

The day before the big thaw commenced last week, Crawford and Orser of Carlisle took sixteen pairs of horses into the woods to haul off the yards for F. E. Sayre & Co. After waiting a few days the big gang broke up and returned home to await the coming of winter.

The primary department of the Hartland school and the Somerville school opened on Monday, the respective teachers having recovered from illness that prevented them opening with the other schools. Somerville school has an enrolment of forty-three scholars, the largest number in many years. Thirty years ago that school had an attendance of sixty-five, a greater number than were enrolled at Hartland at the same time. The late Mr. Coulthard taught at Hartland and Mrs. Elihu Shea of Grafton was teacher of the school across the river.

Hagerman & Baird have bought out the stock in-trade of the Lyons Syndicate and will conduct a first-class general store. This is located in the Taylor building, recently occupied by Keith & Plummer. Hagerman & Baird will beyond doubt do a splendid business, and the DISPATCH wishes the enterprising firm success.

President Roosevelt need not worry about the extinction of the Canadian race, in lamenting the "race-suicide" of his own country. On Jan 4th Mr. and Mrs. Scott Conk, of Victoria Corner, welcomed into their family circle an additional son, making the total number of boys and girls to date just an even dozen. The parents have been wed nineteen years and are justly proud of their flock of young Canadians. No less elated was Mr. and Mrs. S. R. Hayden, who some time ago bought the DeWitt farm at Somerville, when on Saturday, Jan. 9, twin daughters came to make things interesting for them. The recent addition brings the number of children of these parents up to ten.

On Monday Miss Alice Boyer of Victoria returned to Sackville to take up her studies at the Ladies' Seminary.

For a week there has been absolutely nothing doing in the way of hauling. Produce shipping is suffering a shock, while those engaged in lumber operations have met with heavy loss every day. The river ice has been unsafe for traffic, and, taking it all around, the people had much rather see heavy snows and winds than such unseasonable weather. The only recompense is the easing up on the fuel supply which the mild weather makes possible.

Mrs. C. Humphrey Taylor returned from a visit to Fredericton on Friday.

Miss Susie Gray left last week to take a responsible position in the General Hospital at Providence, R. I. from which hospital she graduated with honors two or three years ago. She was at the time of her graduation given the present position and served in it for about a year when she withdrew to take a trip to California with her sister.

Mrs. J. W. Jackson and daughters of Fredericton have been spending some days with her sister Mrs. D. H. Nixon have returned to their home.

**DISEASE COMES THROUGH THE BLOOD.**

To Cure Common Ailments the Blood Must be Made Rich and Red.

Nearly all the diseases that afflict mankind are caused by bad blood, weak watery blood, poisoned by impurities. Bad blood is the cause of headaches and backaches, lumbago and rheumatism, debility and indigestion, neuralgia and other nerve troubles, and the disfiguring skin diseases like eczema and salt rheum that show how impure the blood actually is. It is no use trying a different medicine for each disease because they all spring from one cause—bad blood. To cure any of these diseases you must get right down to the root of the trouble in the blood. That is just what Dr. Williams' Pink Pills do. They make new, rich blood. That is why they cure these diseases when common medicines fail. Mr. Henry Baker, Chipman, N. B., says:—"About a year ago I was so weak and miserable that I thought I would not live to see spring again. I could neither work, eat nor sleep. My blood was in a terrible condition. My entire body broke out with pimples and small boils that would itch and pain and caused me great trouble. I went to the doctor and tried several medicines but to no effect. I was almost in despair when one day a friend asked me why I did not try Dr. Williams' Pink Pills. I decided to try them and took altogether eight boxes. By the time I had finished them I was like a different man. They not only purified and enriched my blood, but built up my whole system and I have not had a pimple on my flesh nor a sick day since."

To enrich the blood you must get the genuine Pills with the full name "Dr. Williams' Pink Pills for Pale People" on the wrapper around the box. Sold by all medicine dealers or by mail at 50c a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

**JOHN T. G. CARR,**  
PROPRIETOR

**Interest**

The interest your investments yield depend entirely upon the use you make of your funds.

You can put your money in a Savings Bank and realize 3 per cent. on it. Or you can invest in the same securities the bond does, and get 5 or 6 p. c.

A good Bond is as safe as a good bank. No bank is stronger than the bonds it carries.

The net earnings of the Ottawa Electric Company for 1907, a bad year were three and one-half times as large as its interest charges. A wide margin of safety.

Its Bonds can be obtained in denominations of \$100, \$500 and \$1,000. They fit any purse.

They are now selling at par and interest yielding 5 per cent. per annum.

Let me sell you one or two.

**J. N. W. WINSLOW,**  
Woodstock.

Butter Paper for sale at this office.

**BEST**  
**In 15 Seasons.**

Our Christmas trade was the best we have had in thirteen seasons, we have catered to Santa Claus. People came from near and far, people whom we never met before. We had a good Christmas trade and a good trade all through the year; and we want to THANK EVERY CUSTOMER who has bought at our store. Wishing every one a very Prosperous and Happy New Year.

We remain, Yours truly,
