NEWS FROM THE COUNTY.

East Florenceville.

The sporting element is getting stirred up a bit in the village lately.

Some lively brushes have taken place on the ice between the speeders, which has drawn some lively heats between Martells and John Perry's gray mare, the latter having slightly the best of it. The snow Saturday night put an end to the skating which has been fine on the pond.

The Band has started in practicing again with the Sussex trip in view, and Basket Ball keeps it very interesting. The boys have the new Masonic Hall fixed up for games. They already have several games booked. The first with "Mars Hill" here, Tuesday night. The team is composed of the "genuine stuff," and a good game will be seen when the Tigers bows to defeat.

The Hotel was completed last week and sports coming to see the games will find first class accommodation at "Days"; everything up-to-date and in ample condition for a good time.

Florenceville.

It has been a pleasure to meet on his visit home from Revelstoke, B. C., one of our boys who has been doing business in the West, Mr. Jack Hume.

In ready response to the kind solicitation of a number of her friends of Wicklow, Florenceville and Connell, many of the people in these places, as also a number at East Florenceville, united in providing for Miss Annie Upton ere her departure for the Royal Victoria Hospital, Montreal, a sum of money that greatly cheered her heart.

Not in twenty-three years, it seems, has Mr. Vernon Nicholson, one of our citizens, seen such a flow of water past his house as took place during the recent rain-storm.

Mr. W. F. Burns, student of the Halifax Presbyterian College, who, on Sunday, the 3rd inst, declared the Greenfield church vacant, made a good impression. His sermon from Isa 40:31, well-prepared, clear, logical, convincing, led to the distinct discernment that to walk and not faint was greater achievement than to soar on eagle wings.

On Monday the 4th inst, Misses Annie Grey and Hughena McCain left for the Provincial Normal School for advance of class, Miss Rose Perley for the regular work of the course, Miss Annie Upton for the Victoria Hospital, Montreal; Young Mr. McCormack, who had been home to his father's funeral, for Toronto; Mr. Burns for College, Halifax; Mr. Howard Estey for Brooklyn, N. Y.

The heavy rains last week raised the water in the Monouart Stream to a very high pitch and took out the ice. The ice very much damaged C. E. Giberson's Mill Dam situated near the mouth of the stream, and carried away the construction work supporting the pipe of the Bath Water Works, and caused the whole pipe across the Mill Pond to be carried away which is a great inconvenience to water takers.

Rev. John Perry preached at the United Baptist Church here last evening.

Mr. Wm. Harris who arrived home from Montreal on Wednesday last, is in very poor health.

Mrs. Minard daughter of Mr. and Mrs. G.

Milbury of this place arrived here on Saturday to spend some time.

The work of cutting out a road to the right of way on the G. T. P. is being pushed forward rapidly, this point then will become a distributing centre for G. T. P. construction freight, but a considerable snow is very much needed for this hauling work, as well as for the lumber operators.

The School For Servants.

The manager of an employment agency noted with some surprise that a woman in search of a maid asked each of the girls lined up against the wall if she had ever been employed in a minister's family. None of them had been. Then the New York Sun says, the manager's curiosity prevailed. "May I ask," said he, "why you are particularly anxious to know if these girls have had an engagement of that kind?"

"Because we are very hard up just now," the woman replied, candidly, "and I must have a girl who is economical. I have found that of all the servants those who have worked in clergymen's families know best how to economize."—Youth's Companion.
