Prescriptions!

We have been preparing medicine according to doctors' prescriptions for 15 years. In that time our business has doubled in volume, several times over, and yet we have never received a single complaint from any doctor in regard to our manner of compounding Prescriptions. We have always stuck to one policy, namely: To use only the best quality of Drugs that we could get, and always do the work as skilfully as we know how. THAT MAKES GOOD MEDICINE.

ELECTION CARD.

To the Electors of the Town of Woodstock:

LADIES AND GENTLEMEN:—
 At the urgent solicitation of very many friends, both Liberals and Conservatives, I have consented to permit my name to go before you as a Candidate for the Mayoralty. The fairly close attention I have given to town business during the past seven or eight years, and in addition the experience recently gained by being Chairman of the Finance Committee, will no doubt be of considerable benefit to me should I be entrusted with your suffrages and thereby be called upon to preside over the incoming council.
 If, elected, it will be my constant endeavour to discharge the responsible and onerous duties of the honorable position without fear or favor, always keeping in view the best interests of the citizens.
 During the short interval prior to the day of election it will not be possible for me to call upon you all personally. I therefore take this opportunity of soliciting your support.
 With a determination to cheerfully accept your verdict, I remain,
 Sincerely Yours,
 N. FOSTER THORNE.
