Our old friend the dog poisoner was with us last week and "Tony," the handsome and good-natured collie owned by W. R. Gillin, "Capt," the terrier owned by Allison Clark, and several other dogs were victims of the contemptible cur that puts out poison to kill his neighbours dogs, cats, hens and children. All the dirty things that have been done in Hartland for the past ten years or so might well be laid to this individual.

## The Stevens Road Race

The Stevens Road Race was won Saturday by Lawrence Bailey in the remarkably fast time of 28 minutes 30 and 1/4 seconds, a fine performance considering the heat and dust which bothered the runners considerably. Bailey was closely chased for first place by McManus whom he only beat by about a yard. The third man Sprague was ten yards from McManus, and Kearney fourth by about the same distance. All the runners finished. Even little R. K. Jones the youngest contestant in the race who although he finished in last place deserves a whole lot of credit as he ran just as good a race if not better than his rivals.

The following is a summary of the race showing the position in which each man finished and the numbers each wore.

Contestant	Position	Number
L. Bailey	1st	2
W. McManus	2nd	6
R. Sprague	3rd	12
C. Kearney	4th	4

## The Farmers' Telephone Company.

The Farmers' Telephone Co., Ltd. have commenced work on their line from Hartland to Woodstock and intend rushing the work so that the line will be in operation before the last of July. This company is composed of good reliable men, residing principally in the parishes of Brighton and Aberdeen. A charter was secured in 1906 and a line of 18 miles in length, from Hartland to South Knowlesville was built during that year. The next year the line was extended on to Knowlesville, a first class metallic line, equipped with the best telephones that money could buy was installed. At the end of the second year some 34 miles of line were in operation with an up-to-date switch in Hartland and upwards of 60 instruments in use. Most of the business men of Hartland are on this line. Each of the resident doctors having a private wire. The success that the Company had met with, and the solicitation from the patrons of the system, and from the residents through Lower Brighton and Pembroke for connection with the shire-town of the county, induced the Company to extend on to Woodstock, and upon a canvas being made sufficient stock was subscribed to warrant them to build the line. The stock of the company is owned principally by patrons of the line and they virtually control the business of the company.

They have had a satisfactory service so far and also have received a good dividend each year on the amount of money invested. Mr. George Brittan of Windsor is the President of the company, and is the managing director, and will superintend the building of this line and installing of the telephones. Mr. Brittan has made a study of this business since the inception of the company and has become well posted in the telephone business, and the stockholders can rest assured that the work will be well done and at a minimum expense. ## FORTIFIED AT FIFTY

Dr. Williams' Pink Pills Bring Health and Strength to Women at a Critical Time.

Few women reach the age of fifty without enduring much suffering and anxiety. Between the years of forty-five and fifty health becomes feeble, and acute weaknesses arise with rheumatic attacks, pains in the back and sides, frequent headaches, nervous ailments and depression of spirits.

The secret of good health between forty-five and fifty depends upon the blood supply. If it is kept rich, red and pure, good health will be the result, and women will pass this critical stage in safety. Dr. Williams' Pink Pills help women of mature years as no other medicine can, for they make the rich, red blood that means good health, and brings relief from suffering. Mrs. C. Donavon, New-castle, N. B., says: "About two years ago I was greatly run down and very miserable. I did not know what was wrong with me. I was hardly able to drag myself about, had severe headaches and no appetite. I felt so wretched that I hardly cared whether I lived or not. I had often read of what Dr. Williams' Pink Pills had done for others and I decided to try them, and I can now truthfully say I found them all they are recommended to be. Under their use my health gradually came back; I could eat better, sleep better, and felt stronger in every way, and before long I was enjoying as good health as ever I had done."

Dr. Williams' Pink Pills cure by going to the root of the trouble in the blood. They actually make new blood. That is why they cure such troubles as rheumatism, neuralgia, indigestion, kidney troubles, headaches, side-aches and backaches, and the ailments of growing girls and women of mature years. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Last week T. C. Baker of Somerville circulated a paper for subscriptions in aid of the family of Solomon Tracy who was drowned from his ferry boat at Beechwood a few days ago. The sum of \$40 15 was paid in and the money was deposited in the bank at East Florenceville to the credit of Mrs. Tracy. Mr. Baker has adopted one of the children—a girl of five years.

The potato acreage this year will in most sections be an increase over that of last year. Already planting is in full swing, but the weather is very much against the tubers getting a good start.

## A Card of Thanks.

Mrs. C. T. Tabor begs to thank most heartily all her friends, acquaintances and well-wishers who have tendered their sympathy with her in her recent bereavement, and also for the kindly expressions of regard and the tokens of affection, (in wreaths &c) for her late husband at the time of his death and funeral.
