Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pangs of this deplorable disease.

In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, it uniformly cures all curable cases of this heretofore much dreaded disease. Those sand-like granular wastes, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

Wise Entertaining.

The woman who is obliged to entertain very simply should be careful to select a suitable time. Thus, if she chooses a very gay period, the height of the summer or winter season or Easter week, she is putting herself at a disadvantage. She is coming into competition with hostesses who can offer a greater list of attractions than she can. If Mrs. Smith's little lunch is sandwiched in between Mrs. Van Diamond's wonderful entertainments and Mrs. Sunburst's gorgeous dinner, she seems to invite a comparison with these sumptuous affairs, although very likely she has no such intention in reality. Her friends, too, will have so many engagements during the gay season that another invitation will only mean another burden. We want to ask our friends at a time when it will be agreeable to them to visit us. O. J. John Jacob Astor used to say: "When other people want to buy, then you sell. When they want to sell, then you buy." So we would say to the hostess of small means, "When other people are not giving invitations, then you would do well to ask your friends."—Harper's Bazar.

A book on Rheumatism, and a trial treatment of Dr. Shoop's Rheumatic Remedy—liquid or Tablets—is being sent free to sufferers by Dr. Shoop, of Racine, Wis. You that are well, get this book for some discouraged, disheartened sufferer! Do a simple act of humanity! Point out this way to quick and certain relief! Surprise some sufferer, by first getting from me the booklet and the test. He will appreciate your aid.

Compulsory Teetotalism.

What is believed to be the first sentence of compulsory teetotalism in London was passed on Saturday, April 10, at the Greenwich Police Court. The recipient of the novel sentence was Thomas Silver, thirty, of Banp Street, Greenwich, who was ordered to be a total abstainer from intoxicating liquors for three years, as the condition of his recognisance under the Probation of Offenders Act.

Pri-oner had been arrested in High street, Deptford, on a charge of being drunk and disorderly, and he offered such resistance to arrest that he threw the constable to the ground, two other constables having to assist to convey him to the station.

Prisoner: I met some friends, and not drinking any beer, I took some spirits and lost my head. Let me off this time and I'll be a thorough teetotaler.

The magistrate (Mr. Gill) on this took the novel course referred to.

If your Stomach, Heart or Kidneys are weak, try at least, a few doses only of Dr. Shoop's Restorative. In five or ten days only, the result will surprise you. A few cents will cover the cost. And here is why help comes so quickly. Dr. Shoop doesn't drug the Stomach, nor stimulate the Heart or Kidneys. Dr. Shoop's Restorative goes directly to the weak and failing nerves. Each organ has its own controlling nerve. When these nerves fail, the depending organs must of necessity falter. The plain, yet vital truth, clearly tells why Dr. Shoop's Restorative is so universally successful. Its success is leading druggists everywhere to give it universal preference. A test will surely tell. Sold by All Dealers.

No Race Suicide Here.

Fra Torro McRaye relates that while he was clerking in a shoe store in Quebec, the following order was received from a worthy habitant:

"Monsieur,—Please put some shoes on my little family, like dis, and send by Sam Jamson, de carrier:

"One man, Jean St. Jean, thirty-nine year me; one woman, Sophie St. Jean, thirty-eight year, she; Hermedes and Leonore, nineteen year; Honore, eighteen year; Celena, seventeen year; Narcisse, Octavia and Philias, sixteen; Baptiste, fifteen; Celeste, fourteen; Phillips, thirteen; Emile and George, twelve; Babette, eleven; Madore, ten; Pierre, nine; Eugene we lose him; Paul, seven; Alphonse, six; Gaston, five; Armand, four; Maurice, three; Edouard, two; Muriel, one year; Hilaae he go barefoot. How much?"—The Fra.

GROUP stopped in 20 minutes sure with Dr. Shoop's Croup Remedy. One test will surely prove. No vomiting, no distress. A safe and pleasing group—50c. Druggists.

Moving Day Hints.

Harpers Weekly.

To make sure that your truckman shall not smash your crockery, mirror, and picture glass, buy a couple of bricks the day before you move and smash them yourself.

Be careful not to pack your rare editions of Thackeray, Dickens and Lamb in the same box with the raspberry jam and tomato catsup. A literary feast is always better without sauces.

Do not worry about the transportation of your wine-cellar. The truckmen will surely give the rare old vintages special attention, and they will doubtless arrive with inside accommodations.

It ought not to take ordinarily active truckmen more than sixteen hours to drive a load of furniture two blocks. If, therefore, your chattels do not arrive at their destination within eighteen hours, you will be justified in issuing a C. Q. D. to the police.

Heavy pieces of furniture should be moved by hand and not thrown to the truck from a second story window. A careless attitude toward this regulation might result in your hitting some passerby on the hat with a Louis Quixote bureau, thereby arousing his indignation.

If it rains on moving day instruct the vanman to cover your kitchen furniture with your plush parlor portiers. Having definite instructions to do this, he will probably ignore them, and thus your portiers will be saved.

If, by mistake, and in the hurry off the last minute, the maid should pack your collars and white waistcoats in the coal scuttle, be careful not to express your opinion of her intelligence in the presence of your children.

Finally, be civil to the janitor on leaving your old apartment. There is no telling when he will be fired by your late landlord and employed by the new.

A pain prescription is printed upon each 25c. box of Dr. Shoop's Pink Pain Tablets. Ask your Doctor or Druggist if this formula is not complete. Pain means congestion, blood pressure. Head pains, womanly pains, pain anywhere get instant relief from a Pink Pain Tablet.

Hot Onions and Pneumonia.

(The Bits.)

Hot onions, according to a French physician, are said to be a sure cure for pneumonia. The remedy is as follows: Take six or ten onions, according to size, and chop fine; put in a large pan over a fire, then add the same quantity of rye meal and vinegar enough to make a thick paste. In the meantime stir it thoroughly, letting it simmer for five or ten minutes. Then put in a cotton bag large enough to cover the lungs, and apply to chest as hot as patient can bear. In about ten minutes apply another, and thus continue by reheating the poultices, and in a few hours the patient will be out of danger. This simple remedy has never failed to cure this too often fatal malady. Usually three or four applications will be sufficient.

The ninth annual meeting and convention of the Canadian Association for the Prevention of Consumption and other forms of tuberculosis is to be held in Hamilton on Wednesday and Thursday, May 19 and 20 next.

The morning of the first day will be devoted to the reading of reports and the appointment of committees. In the afternoon Dr. White of Pittsburg sanatorium will deliver an address on The Duty of Municipalities in Reference to Tuberculosis. In the evening of the same day his worship the mayor will deliver an address of welcome, after which Dr. Adams of Montreal will speak on a subject which ought to command attention, How One Can Do Most Good in Arresting Tuberculosis at the Smallest Outlay.

The topic set down for general discussion during the forenoon of Thursday is The Duty of the People Toward the Movement for the Extinction of Consumption. Hon. Adam Beck, Mr. Downey, Mr. R. P. Dr. Fagan of Victoria, B. C., Dr. Geo. D. Porter and a number of others, both physicians and laymen, are expected to take part in the discussion of this subject.

On Thursday afternoon at 4 o'clock the meeting will adjourn to the Mountain sanatorium to attend a reception given by the ladies of Hamilton. Not the least interesting part of the program is the visit to the sanatorium, when it will be seen how much can be done for the treatment and cure of consumption at a moderate cost. The success of the Mountain sanatorium should furnish an object lesson well worthy of the study of municipalities contemplating action for the reduction of tuberculosis within their own neighborhood.

A tickling or dry cough can be quickly loosened with Dr. Shoop's Cough Remedy. No opium, no chloroform, nothing unsafe or harsh. Sold by All Dealers.

Tempus Fugit.

An Irishman was displaying a full line of samples of dress materials, and the prospective buyer had handled and rehandled them, discussing their merits and demerits, and then finally asked: "Are they fashionable?" "They were when I began to show them to you," said the salesman, "but I'll be hanged if I can tell you now."—W. R. Harp.
