**THE WORK WE DO
IS WELL DONE**

Whether it's a full piping for a new house or the repairing of work already done. We tell you all about our work—there's no secret about it. We want you to see how we apply pipes and solder and will tell you why we do it that way.

FEWER BROS.

Dec. 7th, 1908. J. N. W. WINSLOW.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments, must be combined. One is local, one is constitutional, but both are important, both essential. Dr. Shoop's Night Cure is the Local. Dr. Shoop's Restorative, the Constitutional. The former—Dr. Shoop's Night Cure—is a topical mucus membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments. The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, eases nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well

Dr. Shoop's Night Cure

SOLD BY ALL DEALERS.

That "NATURAL RENT."

(Strickland Gillian.)
'Tis sin to check the children at their play,
Georgie Jones was killed at football yesterday;
Henry Smithers' neck was broken at the coasting,
And our own Philander—though we are not boasting—
Fell a score of yards from out a poplar tree,
(He's an angel now), a lovely child was he.
Let the children be untrammelled in their sports,
Listen! What were those two ominous reports?
Charlie Jenkins didn't know the gun was loaded,
So he shot his sister Nell when it exploded.
Hark! the clanging or the plunging ambulance—
Sammy Thompson spilled carbolic on his aunts,
Do not hamper, then, the guileless cherub's play,
Though we read those gruesome stories every day:
Let them blithely shoot and strangle one another—
Don't disturb them, though they die and worry mother,
Utter freedom we should grant the little elves;
Thus they sweetly educate their little selves.

A failing tiny nerve—no larger than the finest silken thread—takes from the Heart its impulse, its power, its regularity. The Stomach also has its hidden, or inside nerve. It was Dr. Shoop who first told us it was wrong to drug a weak of failing Stomach, Heart or Kidneys. His prescription—Dr. Shoop's Restorative—is directed straight for the cause of these ailments—these weak and faltering inside nerves. This, no doubt clearly explains why the Restorative has of late grown so rapidly in popularity. Druggists say that those who test the Restorative even for a few days soon become fully convinced of its wonderful merit. Anyway, don't drug the organ. Treating the cause of sickness is the only sensible and successful way. Sold by All Dealers.

Good Home Receipt.

Get from any prescription pharmacist the following:
Fluid Extract Dandelion, one-half ounce;
Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.
Shake well in a bottle and take a teaspoonful dose after each meal and at bedtime.
The above is considered as the most certain prescription ever written to relieve Backache, Kidney Trouble, Weak Bladder and all forms of Urinary difficulties. This mixture acts promptly on the eliminative tissues of the Kidneys, enabling them to filter and strain the uric acid and other waste matter from the blood which causes Rheumatism.
Some persons who suffer with the afflictions may not feel inclined to place much confidence in this simple mixture, yet those who have tried it say the results are simply surprising, the relief being effected without the slightest injury to the stomach or other organs.
Mix some and give it a trial. It certainly comes highly recommended. It is the prescription of an eminent authority, whose entire reputation, it is said, was established by it.

A druggist here at home, when asked, stated that he could either supply the ingredients or mix the prescription for our readers, also recommends it as harmless.

Fortify now against the Grip—for it comes every season sure! Preventics—the little Candy Cold Cure Tablets—offer in this respect a most certain and dependable safeguard. Preventics, at the "sneeze stage" will, as well, also surely head off all common colds. But promptness is all-important. Keep Preventics in the pocket or purse, for instant use. Box of 48 for 25c. Sold by All Dealers.

A "Rest Cure" at Home.

The harassed brain-worker who finds himself "at the end of his tether" from strain and overwork should try the effect of a modified "rest cure" at home. A day or a week-end in bed is far better than any drugs you can buy if your "nerves" are due to over-

strain and lack of rest. Learn how to relax. Overwork is not so likely to cause "nerves" as worry, lack of method, and eternal rush and bustle. The craze for country cottages is an indication that people are realizing the need for regular periods of rest and quiet, away from the crowd and the hustle of life. But many people must live always in the noise and racket of city life. What of them? If they live the strenuous life they must cultivate the quiet and restful mind.—The Quiver.

Compounding With Temptation.

Mackintosh and his pal Sandy had been inveterate toppers who had signed the pledge and repented. Sandy was greatly shocked one day, however, to catch Mac coming from a neighboring bar the worse for liquor, Sandy remonstrated with him, and warned him of his evil habits.
"Weel," said Mac, "ye see, Sandy, it's this way. Ma work takes me so near to temptation that I canna help it. It's like walking by the side of a great flowing river full of whisky. If ye had that temptation, Sandy, wouldn't ye sup?"
"Na," said Sandy, "not a drop."
"If ye was in a boat and the whisky flowing all around ye, wouldn't ye?"
Again Sandy replied "No."
"Not if ye was up to the neck in it?"
Still Sandy was obdurate.
"Not even if it was up to yer bottom lip?" said Mac, in desperation.
"No," still replied Sandy: "but I'll tell ye what I would do. I'd just wag ma hands like that, and mak' a wee bit ripple."

Dairy Hints.

A damp stable is unhealthy and uncomfortable.
At this season an ounce of prevention is worth five pounds of cure.
The reason some cows are unprofitable lies with the man and not with the cow.
Ninety per cent. of the dual purpose cows are good for neither beef nor milk.
The successful dairyman studies every cow. The individual traits must be considered.
More creameries fail because of a lack of cows than because of indifferent butter-makers.
The milking machine does not object in the least when the cow switches her tail vigorously.
If the skim-milk and buttermilk are returned to the farm we only remove two or three cents manual value for every ton of milk sold.
Use nothing but the best dairy salt in butter. Otherwise good butter is ruined by poor salt or salt which imparts a bad flavor.
There should be no smoking about where the milking is done or about the milk at any time. Milk absorbs the bad qualities of tobacco smoke quickly.
Every time cream is added to the cream jar, stir the whole contents, so that it will be well mixed and promote even ripening of the cream.
Rules for butter making learned from a book are a very good thing, but by no means the whole thing. Experience and close observation are essential to success.
There will be much cleaner milk if the udder is wiped off with a damp cloth, and the long hair clipped off of the udder and flanks and tail before milking.
Some dairymen talk quality, some talk quantity. Few we think would object to both quantity and quality combined. The cow that yields rich milk and lots of it is popular.
Have you a pain—of any kind, anywhere? Stop just a minute and think! It matters not whether it be womanly pains, head pains, or any kind of a pain, one of Dr. Shoop's little Pink Pain Tablets will surely stop it in 20 minutes. Formula plainly printed on the 25c. box. Sold by All Dealers.

Spring Goblins'

The butterfly 'll catch you if you don't watch out,
The linnet and the robin and the whole fine rout;
The bumblebee 'll bite you, and the first thing you know
The dainty, saintly snowdrop will peep through the snow!
All kinds of mysteries moving in the air,
Shadows of a golden girl on a bloomy stair;
Must the Lady April, with her smile and her rain,
Hiding where the wind blows down the lilac lane!
Hyacinth 'll catch you as you walk through the dell;
Funny kinds of folk about—you can never tell
Just when a dandelion's going to make a spring
Right across the meadow where the blue-birds sing!
Violet 'll see you when you come along the way;
Everything ready just to start in and play,
Buds 'll soon be bursting, and I'm sure as I can be
A daffodil is nodding in the garden bed to me!
—[Bentztown Bard in Baltimore Sun.

Stop an Earache
—or any other kind of ache or pain.
Use a remedy that you can depend upon.
You don't take any chances with **Johnson's Anodyne Liniment**—it has a 97 years' record of successful cures to prove its reliability. If you have an earache, headache, or stiff neck, just apply

JOHNSON'S ANODYNE LINIMENT

and see how quickly it will relieve. It's just as effective in healing cuts, burns, scalds, bruises and contusions—just as sure in curing lame back, muscular rheumatism, sciatica, lumbago, stiff joints, strained tendons and all the other outside aches the body is heir to. Don't delay—apply at once—the sooner you do it the quicker you are well. Get a bottle now—have it ready.

25 CENTS A BOTTLE—50 CENTS WILL BUY THREE TIMES AS MUCH ANYWHERE.

The Long, Cold, Dark Evenings,

Are coming upon us when the wise father and mother will look about for some means to keep the young people at home. Nothing will do this more effectually than a musical instrument, a Violin, an Organ, or a Piano. I heartily recommend to your notice the renowned Gourlay Piano. Won't you come and have a talk with me about the matter.
