Jacksonville.

Dr. Phillips preached a thoughtful, heart-searching sermon on Sunday afternoon last in the United Baptist church. Each thought was a jewelled arrow so aimed that the most self-satisfied could not but be aroused to serious questioning as to his ideals. Such sermons must ever elevate the souls as well as the minds of those who hear. The Holy Communion was administered at the close.

Mrs. Nancy Murphy.

Andover, N. B., Feb. 18.—The death of Mrs. Nancy Murphy, widow of Geo. W. Murphy, occurred last Wednesday evening at her residence, Murphy's Hotel Andover. The deceased, who was 79 years old, has been in poor health since last summer, but gradually grew worse, and her death was not unlooked for by her family. As many of her family as was possible, including D. Harvey Murphy, of Dexter (Me.), were with her in her last moments, her son Beverly Murphy, of Appleton, being detained on the train by the recent storm.

By her death a landmark nearly as old as the old pine tree that stands on the bank of the river in front of the school house, has been removed. She had a large circle of acquaintances all over the country, who have partaken of her genial hospitality as patrons of the hotel, who will be sorry to hear of her death.

She leaves behind her eight children—Walter, of Michipicoten (Wis.); Leonard and Charles, of Spokane (Wash.); Howard and Beverley, of Appleton (Wis.); Dr. Harry, of Dexter (Me.); Mrs. S. P. Waite and Mrs. C. Waite, of Andover. She also leaves two sisters—Mrs. Adam Beveridge and Mrs. Thos. Cameron, of this village; also a half-brother, Wm. Britt, of Vancouver.

Edmund Thomas.

The many citizens at Benton Ridge will sincerely mourn the death of Edmund Thomas, which took place at his home at 7 o'clock on Saturday evening, Feb 13th. Deceased was one of the earliest settlers of Benton Ridge; he was about 75 years old; he will be greatly missed as an honest and upright citizen a kind and obliging friend and neighbour, and as a kind and loving husband and father. Deceased leaves a second wife and little daughter, four sons, John and James of Houlton, a son Earnest in the Western States, and Edmund of Woodstock, and two daughters one of whom is Mrs. Thomas Winchester of Woodstock.

The Health of Woodstock.

There is evidently an exaggerated opinion as to the prevalence of typhoid fever in Woodstock. There are not more than thirty-five cases and many of these are convalescent. No further word has been received of the analysis of the water sent to McGill University, but it is likely that it will come in a few days, as the two weeks is nearly up. Outside the typhoid there is very little sickness in town. There have been fewer deaths in Woodstock this winter than for very many previous years.

Field And Garden Seeds.

The Season for the purchase of Field and Garden Seeds now being at hand, we are led to think of the importance of buying only those Seeds which are pure and of strong germinating powers. The farmer who buys the best seed obtainable does a service, first to himself; second, to his neighbors; third, to his country. On the other hand, the man buying poor seed injures himself, his neighbour and his country; himself by raising a small crop of inferior quality; his neighbour by maintaining in his own fields a nuisance in the shape of Weeds, the seeds of which, at harvest time, will be blown into the adjoining fields; his country by diminishing to the extent of its own ability its producing power for the best products. In this connection we believe that the passing of the Seed Control Act of 1905 by the Dominion Government as been a large benefit to the farmers of our country, as it has undoubtedly prevented unscrupulous dealers from selling the very poorest seeds. For the above reasons the proprietors of York and Kent Brands of Timothy have been especially careful to buy only the best Seeds procurable. We have seen a report of a qualified expert, which says that in the samples analyzed York and Kent Timothys do not contain a single weed Seed named in the Control Act of 1905. Therefore, if the farmers of this county wish to protect their own, their neighbor and country's interest, they will insist on getting York and Kent Timothy Seeds.
