## TOO LITTLE BLOOD.

Responsible for Nearly all of the  
Misery Women Endure.

Anaemia is written on the features of ninety women out of a hundred. Unmistakable are the signs of "too little blood." The weaker sex is assailed at all ages by the evils resulting from bloodlessness, from the girl who is weak and languid, with dull eyes, pale lips, fitful appetite and palpitating heart, to the woman who feels "never well," with pains in the back and across the shoulders, fainting fits and aching limbs. And later at life's turning point, nervous disorders and heart troubles make great calls on a woman's strength.

At all ages Dr. Williams' Pink Pills are especially valuable to the female sex, for they alone possess the power of making in abundance the rich, red blood of health. They fill the starved veins with new blood, so that enfeebled bodies are strengthened, weak nerves are fortified, and robust health is restored.

Mrs. E. Smith, Windsor, N. S., says: "A few years ago my health began to fail. I suffered greatly from inward troubles, and in about a year's time my whole system was almost a wreck. My blood had turned to water, and my heart had become so badly affected that I could scarcely go about. In fact life had almost become a burden, and there seemed little hope for me. One day a friend asked me if I had tried Dr. Williams' Pink Pills, and told me that she had been in almost the same condition I was and that the pills had restored her to her splendid health. I took courage from what my friend told me and began to take the Pills. I took them regularly for several months, constantly growing stronger, and the internal troubles from which I had been afflicted were disappearing. I had whole system seemed new, and my strength I wanted to make certain that I would be no return of the trouble and I continued to take the Pills for a time after I had really fully recovered. Since I have proved for myself what Dr. Williams' Pink Pills can do, I have recommended them to a number of suffering people, and those who have given them a fair trial have proved with me that Dr. Williams' Pink Pills are just what they are recommended to be."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
