

Shake in a Bottle.

Now is the time when the doctor gets busy, and the patent medicine manufacturers reap the harvest, unless great care is taken to dress warmly and keep feet dry. This is the advice of an old eminent authority, who says that Rheumatism and Kidney trouble wear her is here and also tells what to do in case of an attack.

Get from any good prescription pharmacy one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces Compound Syrup Sarsaparilla. Mix by shaking in a bottle and take a teaspoonful after meals and at bedtime.

Just try this simple home-made mixture at the first sign of Rheumatism, or if your back aches or you feel that the kidneys are not acting just right. This is said to be a splendid kidney regulator, and almost certain remedy for all forms of Rheumatism, which is caused by uric acid in the blood which the kidneys fail to filter out. Any one can easily prepare this at home and at small cost.

Druggists in this town and vicinity, when shown the prescription, stated that they can either supply these ingredients, or, if our readers prefer, they will compound the mixture for them.

I. B. CURTIS,
Chairman.

Coun. Kinney finished the items in the vouchers read.

The warden read the same.

Coun. Williams moved that the report be received and the recommendations be carried out.

Coun. Kinney—In this business any man may employ whom he likes. I paid for everything but the fumigation, although I offered to do it. I don't like those bills coming against me when I paid them. If Dr. Cummins has anything against me I will pay it. I want everything against John Kinney struck off that bill.

Coun. Connolly—The Board of Health has a right to take charge of small-pox, and the authorities have a right to take charge of the epidemic. There is no reflection on Mr. Kinney but steps must be taken to prevent the spread of the disease.

Coun. Kinney said the chairman of the Board of Health told him he could do nothing for his boy, and he, the speaker told him to get out. This was when the boy was taken sick.

Coun. Gilmour said he didn't see any remedy but to pay that bill. If the smallpox spreads the Board of Health could be held responsible.

Coun. Estey—Dr. Cummins was employed by the Board and was sick. Was I to allow my boy to die because Dr. Cummins was sick? Was I to wait till he got better? Was I not to employ anyone? When Dr. Cummins got better he drove by our door and charged every time he went by. I think the council should not be called to pay for this. According to the bill Dr. Cummins fumigated my house three times. He only did it twice.

Warden—The Chairman of the Board of Health is notified of an epidemic. He employed a doctor to take charge, and in this place Dr. Cummins was employed by the chairman. I do not see how we can help paying the bills.

Coun. Tompkins—The chairman must have known Dr. Cummins was sick. John Kinney's family was sick. No provision was made to fill Dr. Cummins place and Mr. Kin-

ney had to look after this himself.

Warden—I understand that when Dr. Ross was employed by Mr. Kinney, it was not known it was smallpox. Dr. Cummins was called when this was known. Motion Carried.

Dr. D. W. Ross, \$10.10.

A delegation from the Upper Woodstock School Board was heard, Through Coun. Fleming who moved that the piece of land connected with the school house which has been leased for \$1.00 a year for some time past be given out right.

Coun. Melville did not believe in giving it away. He moved in amendment that the land be leased for one year at one dollar.

Coun. Connolly did not believe the time had come for giving away little pieces of land as souvenirs of the Court House. I think we had better not give anything away till we see what we will do with the property.

Amendment was carried.

The following committee was appointed on the assessment for the coming year. Couns. Balmain, Williams and Estey.

Coun. Gilmour said a petition was before the council as to the sale of lager beer in his parish. He was informed that by the decision of the Court, it was illegal to sell lager beer, the same as whiskey. This would effectually deal with the matter. He wished his position understood in connection with the matter. The only reason why the petition would not be pressed was because by the decision of the Court there was a better remedy. People in this county who sell lager beer are violating the law and on being so found could be punished.

The following sums were respectively voted to the parish clerks

Wakefield,	—	\$5 00
Brighton,	—	5 00
Kent,	—	6 00
Aberdeen,	—	5 00
Richmond,	—	2 00
Wicklow,	—	3 00
Peel,	—	3 00
Northampton,	—	3 00
Wilmot,	—	2 00
Woodstock,	—	3 00

Coun. Rideout explained that the parish clerk of Simonds was paid \$3 for hall last year by an error and he was willing to take that for the coming year.

The chairman appointed the following standing committees:—

FINANCE—Couns Balmain, Williams and Estey.

BUILDING—Couns Phillips, Melville and A G Bell.

The lists of the parish officers were confirmed.

Council adjourned till 1.30 p. m.

AFTER RECESS

The assessment for poor purposes was then taken up and was as follows:—

“ Wilmot	400 to be paid to chairman of poor
“ Brighton	600
“ Richmond	350
“ Wicklow	700 to be paid to chairman of poor
“ Northampton	300
“ Aberdeen	150
“ Wakefield	900 to be paid in equal amount to three poor commissioners

Coun. Tompkins moved, seconded by Coun. Melville, that the assessors revisors and collectors pay be fixed at same amount as last year. Carried.

Coun. Fleming moved, seconded by Coun. Bull, that \$150 be assessed to the Parish of Woodstock and charged to Upper Woodstock road district. \$75 to go for sidewalks and \$75 for road purposes.

Coun. Balmain submitted report of finance committee as follows:—

Your committee which was appointed to confer with the auditor in reference to the amount required to be assessed upon the several parishes, for the ensuing year, and make up the estimates beg leave to report that they have attended to that duty, and would recommend that the sum of \$8,000 be assessed for the ensuing year.

Coun. Williams moved that the above be received and recommendations carried out, and that one half the indebtedness of each parish be added to the warrant at the time it was issued. Seconded and carried.

G. W. Hatfield applied to the Council for a renewal of his lease for a wire ferry between Simonds and Peel, and on motion of Coun. Shaw, seconded by Coun. Melville, it was resolved that the petition be granted.

Inspector Colpitts said with reference to the Perkins case last year there were convictions on six cases, the costs were all paid up to that date, and they had given notice of appeal. It was not taken, and finally we agreed to settle for four cases and costs on the six, which made \$320. While the costs were paid Mr. Dibble was not paid, which was \$30. That added to the deficit of \$290, made \$320.

A by-law authorizing the Council through the Warden and Treasurer, to borrow \$5000. from the Royal Bank of Canada, until the

“The physician attending me prescribed, on my rallying from an attack of rheumatism, your Scott's Emulsion, which I have been taking every winter since. I find it most valuable in strengthening and building up one after a severe illness. I have not had rheumatism since the time mentioned above and I owe it to your most valuable Emulsion. It is my life now, and makes me strong and healthy.”—R. PICARD, Grand Ligne, Quebec.

For two hundred years before SCOTT'S EMULSION came Cod Liver Oil was used for rheumatism.

taxes are collected, on their names, the said officials to give promissory notes for that amount, interest to be paid at the rate of six per cent, was submitted, prepared by the bank authorities.

After considering it, Coun. Bell moved, seconded by Coun. J. R. Brown, that the finance committee and the sec-treasurer be authorized to borrow an amount up to \$5000 from any chartered bank. Carried.

Coun. Melville moved the following resolution, seconded by Coun. Williams:

Resolved—That in the opinion of Carleton County Council, in session assembled, the Highway Act 1908 is a good act and we wish to see it proclaimed at the earliest moment; we are however of the opinion that the poll tax of \$2.00, be amended to read \$1.50. And that the Secretary-Treasurer be requested to forward a copy of this resolution to Chief Commissioner Morrissey.

Coun. Connolly asked if that is all the discussion on this road law this County Council was going to indulge in. He thought it would have been well if this Council had discussed the matter further.

Coun. Gilmour moved, seconded by Coun. Kinney, a motion approving of the old Highway Act.

On motion, Couns. Gilmour, Kinney, Keenan and Bradley voted yes, rest of Councillors nay.

Coun. Williams presented a petition as follows asking that the parish of Wilmot be divided for election purposes for the County Council.

Moved and seconded that the parish of Wilmot be divided for election purposes and two Polling places be established instead of one as at present, one at Lakeville and one at Centreville. Commencing at the International boundary line between land owned by William London and Donald Merrithew running east on a straight line to Good Settlement road, thence continuing east between land owned by Pellicier Good and Eli Watters, continuing on a line north side of Thomas Emery, also east between land owned by W. J. Emery and John McEggan, continuing east to parish of Simonds. All on south side of said line to vote at Lakeville and all north of said line to vote at Centreville.

J. F. WILLIAMS
R. BURNS KING

Coun. King seconded motion which carried.

Coun. Lamont submitted the following report on the Scott Act Inspector's report.

To the Warden and County Councillors of Carleton County.

We, your committee appointed to examine the Scott Act Inspectors accounts, beg leave to submit the following:

We have examined his accounts and find the same correct, also vouchers attached for all payments made. The Inspector reports \$824.54 of a deficit, but we find \$739.45 instead, a difference of \$83.09, which sum is in his hands.

The total receipts from fines for the year is \$1582.00. Expenses in prosecuting the Act \$2506.34.

We recommend W. P. Jones' bill and also

The Long, Cold, Dark Evenings,

Are coming upon us when the wise father and mother will look about for some means to keep the young people at home.

Nothing will do this more effectually than a musical instrument, a Violin, an Organ, or a Piano. I heartily recommend to your notice the renowned Gourlay Piano. Won't you come and have a talk with me about the matter.
