## WORK AND WORRY WEAKENS WOMEN

New Health and Strength Can be Had Through the Use of Dr. Williams' Pink Pills.

It is useless to tell a hard working woman to take life easily and not to worry. But it is the duty of every woman to save her strength as much as possible; to take her cares as lightly as may be and to build up her system to meet any unusual demands. It is her duty to herself and to her family, for her future health depends upon it.

To guard against a complete break-down in health the blood must be kept rich and red and pure. No other medicine does this so well as Dr. Williams' Pink Pills for Pale People. This medicine actually makes new, red blood, strengthens the nerves, restores the appetite and keeps every organ healthily toned up. Women cannot always rest when they should, but they can keep their strength and keep disease away by the occasional use of Dr. Williams' Pink Pills, which have done more to lighten the cares of weak women than any other medicine.

Mrs. James H. Ward, Lord's Cove N. B., says:—"About two years ago I suffered so much from nervous prostration that I was little better than a helpless wreck. I suffered from headaches and a constant feeling of dizziness. The least unusual move would startle me and set my heart palpitating violently. I had little or no appetite and grew so weak that I was hardly able to drag myself about, and could not do my housework. In every way I was in a deplorable condition. As the medicine seemed to do me no good, my husband got a supply of Dr. Williams' Pink Pills. I had only been taking the Pills for a couple of weeks when I seemed to feel somewhat better and this encouraged me to continue the treatment. From that on my strength gradually but surely returned, and in the course of a few more weeks I was once more a well woman, able to do my own housework, and feeling better than I had done for years. I have since remained well and I feel that I owe my good health to the healing power of Dr. Williams' Pink Pills."

Every other weak, sickly, worn out woman should follow the example of Mrs. Ward and give Dr. Williams' Pink Pills a fair trial. These Pills will send new blood coursing through the veins and bring brightness and energy to the weak and despondent. Sold by all medicine dealers or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brookville, Ont.

Frank Gardiner spent Sunday with his parents, Mr. and Mrs. James Gardiner, at Waterville.
