THE Misses Gallagher's Spring Opening will be held April the thirtieth Tuesday and succeeding days. We will be glad to welcome you to our store and have prepared for your coming, the most comprehensive and best collection of Millinery novelties ever shown. Individuality in Millinery is what counts it's the difference between mediocrity and perfection. The point in which our millinery scores high is in this essential of personality, everything we turn out is a little different from everything else.

MISS HARRIET RAINSFORD, daughter of Mr. H. B. Rainsford, clerk of the Legislature, and Mr. LeBaron Bull, late of Hawkshaw, will be married in Boston on April 14th. P. GANTER died suddenly Monday the 22nd. He was formerly a resident of St. John, but settled with his family on Birch Ridge shortly after the 1977 fire, where he lived for some years, leaving there about twelve years ago. Since that time he has lived in different parts of the country. Last year he went to live with his son, Peter, near Boston, where he died. The remains were brought to Woodstock for burial. He leaves two daughters, Mrs. Amos Gauce, of Riley Brook, and Miss Alice, of Boston, and four sons, Peter, Thomas, and William, of Boston and Andrew, of Grand Falls. Deceased was in his 85th year and was well known and liked throughout the country.—Victoria Co. News.

DR. E. S. KIRKPATRICK has received the appointment of Trade Commissioner to Cuba and the appointment also gives him permission to visit any or all of the West India Islands in the interest of trade between these islands and Canada. We understand that the Federal Government has in view special matters relating to a largely increased trade with the West Indies and as the member for Carleton, F. B. Carvell, has been giving special attention to the subject during the past year it is supposed that the aim is to give the New Brunswick farmers a wider market for their produce. Our friends across the border have been shipping great quantities of produce to Cuba for some time and since Canada has now two direct steamship lines to Cuba which carry freight cheaper than the American lines there seems no reason why the Americans should have a monopoly of this market. Cuba is a great country with an immense population and Canadian products have an equal right of entry there with these from the States and we hope to see in the near future a big movement in Carleton County produce in this direction.

Prescriptions!

We have been preparing medicine according to doctors' prescriptions for 15 years. In that time our business has doubled in volume, several times over, and yet we have never received a single complaint from any doctor in regard to our manner of compounding Prescriptions. We have always stuck to one policy, namely: To use only the best quality of Drugs that we could get, and always do the work as skilfully as we know how. THAT MAKES GOOD MEDICINE.
