Catarrh

To prove unquestionably, and beyond any doubt, that Catarrh of the nose and throat can be cured, I am furnishing patients through druggists, small free trial boxes of Dr. Shoop's Catarrh Cure. For this purpose I am so certain that Dr. Shoop's Catarrh Cure will bring actual substantial help, nothing certainly, is so convincing as a physical fact. An article of real, genuine merit. But that article must possess true merit, else the test will condemn, rather than advance it. Dr. Shoop's Catarrh Cure is a snow white, healing antiseptic balm, put up in beautiful nickel capped glass jars at 50c. Such soothing agents as Oil Eucalyptus, Thyme, Menthol, etc., are incorporated into a solvent, cream like Petroleum, imported by Dr. Shoop from Europe. If Catarrh of the nose and throat has extended to the stomach, then by all means use internally, Dr. Shoop's Restorative. Stomach distress, a lack of general strength, bloating, belching, biliousness, indigestion, etc., supply call for Dr. Shoop's Restorative.

For uncomplicated catarrh only of the nose and throat nothing else, however, need be used but

Dr. Shoop's Catarrh Cure

SOLD BY ALL DEALERS.

Wedding at Arrowhead, B. C.

A quiet but pretty wedding took place at the home of Mr. and Mrs. A. W. Dickinson, Arrowhead, B. C., when their sister Lillie Dolores, was united in marriage to Robert McMurray in the presence of a few friends.

The nuptial knot was tied by Rev. M. G. Melvin, pastor of Arrowhead Presbyterian Church.

The wedding march was played by Mrs. Dickinson as the young couple marched downstairs and took their places under the arch doorway, decorated with Oregon grapes.

The bride was dressed in a very becoming suit of brown stripe chiffon broadcloth and was attended by little Ethel Boyer as flower girl and Beatrice Boyer as ringgirl.

The groom's present to the bride was a handsome gold watch and chain with monogram engraved and to the flower and ring girls gold bracelets.

The popularity of the young couple was shown by the number of useful and valuable presents which they received.

After partaking of a wedding breakfast Mr. and Mrs. McMurray took the S. S. Rossland amidst a shower of rice and whistles of boats and train for Nelson and other cities down south.

The happy couple on their return will proceed to their new home across the Lake and have the best wishes of their many friends.

Pain anywhere stopped in 20 minutes sure with one of Dr. Shoop's Pink Pain Tablets. The formula is on the 25 cent box. Ask your Doctor or Druggist about this formula! Stops womanly pains, headache, pains anywhere. Write Dr. Shoop, Racine, Wis. for free trial to prove value.

Teachers.

We all love our teachers. That's the reason we pay them so little. A labor of, by, and for love is a noble thing, and we should not debase those whom we love by offering too much filthy lucre.

We do not want our teachers to be stung by the money-bee. Nor are we entirely unselfish in this. If they were so stung, they might communicate the infection to our spotless children, whom we would not make purse-proud for anything in the world except to show that they are better off than those of our neighbours.

Teachers should struggle to make both ends meet. Only thus can they set the divine example. If there is to be any wage-cut due to the industrial depression, it should begin at the little red school-house on the hill or the big, ill-ventilated, unsanitary education emporium in our cities.—Ellis O. Jones in June Lippincott's.

Pains of women, head pains, or any pain stopped in 20 minutes sure, with Dr. Shoop's Pink Pain Tablets. See full formula on 25c. Box. Sold by All Dealers.

In The Highlands.

(Tit-Bits.)

The minister's class at the kirk of Tobermory had been reading the story of Joseph and his brethren, and it came to the turn of the minister to examine the boys.

The replies to all his questions had been quick, intelligent and correct. Such as:

"What great crime did these sons of Jacob commit?"

"They sold their brother Joseph."

"Quite correct. And for how much?"

"Twenty pieces of silver."

"And what added to the cruelty and wickedness of these bad brothers?"

A pause.

"What made their treachery even more detestable and heinous?"

Then a bright little Highlander stretched out an eager hand.

"Well, my man?"

"Please, sir, they sell't him overcheap."

A negro porter was arrested in Montreal on a charge of stealing a pocketbook. The charge was not proven, and the porter took action against the New York manufacturer who caused his arrest. The New York judge gave judgement in favor of the porter, but reduced the damages asked from \$2,500 to \$300, on the ground that because the porter was a negro he could not feel so much humiliation as he would if he were white.

Butter Paper for sale at this office.

The Man Who Can Talk Well.

There is no other one thing which enables us to make so good an impression, especially upon those who do not know us thoroughly, as the ability to converse well. A man who can talk well, who has the art of putting things in an attractive way, who can interest others immediately by his power of speech, has a very great advantage over one who may know more than he, but who can not express himself with ease or eloquence.

You may be a good singer, a fine artist, you may have a great many accomplishments which people occasionally see or enjoy; you may have a very beautiful home and a lot of property which comparatively few people ever know about; but if you are a good converser, every one you meet recognizes and appreciates your art. Everybody you converse with feels the influence of your skill and charm.

In other words, there is no accomplishment, no attainment, which you can use constantly and effectively which will give so much pleasure to your friends as fine conversation. There is no doubt that the gift of language was intended to be a much greater accomplishment than the majority of us have ever made of it.

If you would have a safe yet certain Cough Remedy in the home, try Dr. Shoop's—at least once. It is thoroughly unlike any other Cough preparation. Its taste will be entirely new to you—unless it is already your favorite Cough Remedy. No opium, chloroform, or any other stupefying ingredients are used. The tender leaves of a harmless, lung-healing mountainous shrub, give to Dr. Shoop's Cough Remedy its wonderful curative properties. It is truly a most certain and trustworthy prescription. Sold by All Dealers.

Sit at Your Work.

While it isn't possible to do so with every phase of the housekeeper's work, a number of tasks may be accomplished as well sitting as standing. Unless one is trained to it standing is very tiresome to the average woman. Sitting is a rest for the back at least. And every household task that can possibly be performed in that attitude should be done so. Scrubbing, sweeping and bed-making, of course, must be done while standing but there are other things that do not demand this.

Take ironing, for instance. Purchase or have made a light high stool just the right height to give a satisfactory purchase on the iron. After one or two experiments you will discover that you can iron just as well this way as bending over the board. There are a thousand and one other household duties, such as kneading bread, mixing things in the kitchen, dusting various ornaments, and chairs, cleaning silver, etc., that may be done just as well sitting as standing. When one has been in the habit of standing, or rather in the habit of not sitting, no little difficulty will be experienced at first. But if persevered in the new habit will quickly supplant the old.

A Girl Queen's Tact.

When Queen Victoria ascended the throne it was considered no reproach for men to drink themselves senseless after dinner. Noblemen of the highest rank joining the ladies after dinner in a state of semi-intoxication apparently created no disgust, and the habit of heavy drinking continued. Frank Hird in "Victoria, the Woman," says that the queen herself ended it, at least as far as the court was concerned.

Girl though she was, Victoria set her face against the practice the moment she became her own mistress and expressed her disapprobation with great tact and skill.

When she went to the drawing room with the ladies after dinner, she remained standing until the gentlemen came into the room. The knowledge that her majesty was standing until the gentlemen left the table made it impossible for them to stay behind longer than the few minutes necessary for the drinking of coffee.

This quiet but significant action of the girl queen had a more beneficial result, and by the time she married society was already beginning to look askance at "one bottle" and "two bottle" men.

For Leftovers.

When one has a supply of cold meat, stale bread and leftover stewed tomatoes or a few raw ones, a delicious luncheon or breakfast dish can be fashioned.

Put the meat through the chopper, or, if you have none, cut it into very small dice.

Season the tomatoes highly, if cooked, and add a little more thickening to make a rich tomato sauce. If raw, peel, stew season with salt, pepper and a little onion and thicken with a tablespoonful of flour and one of butter. Keep the sauce hot in a double boiler until needed.

Toast the bread, butter on both sides and put a tablespoonful of the tomato sauce on each piece.

Stir the chopped meat in the rest of the sauce and mix over the fire until thoroughly heated. Give an extra touch of seasoning, put a liberal supply of the mixture on each piece of toast and serve at once.

Any kind of meat or poultry can be used, but cold lamb, veal or chicken is the best.

Another "Sunshine" Feature

This is an entirely new idea, and will especially interest people who reside in natural gas districts. The gas ring takes the place of the lower Sunshine fire-pot, thus making it possible to burn gas in your furnace without inconvenience. Such is not possible in a furnace where the ordinary gas log is inserted; for, should the gas give out, a coal or wood fire could not be started until the gas pipes were disconnected.

To provide against sweating in the summer time, Sunshine Furnace is equipped with a nickelled steel radiator and dome. All bolts and rivets are nickelled, all rods copper-plated. This special treatment, besides meaning quicker and greater radiation from the radiator and dome than cold chill iron could possibly give, acts as protection for the bolts, rivets and rods from inroads of gas. When cast iron comes in contact with our nickelled steel it is coated with our special Anti-Rust treatment, which prevents the slightest possibility of rust commencing anywhere in Sunshine Furnace.

The Gas Ring

McClary's

For Sale by H. H. Faulkner, Woodstock.

NOTICE.

FROM CASH TO CREDIT.

I have decided that on and after JUNE 1st I will conduct my business on a CASH or PAY DOWN system. I will also discontinue to SOLICIT ORDERS by team. But orders left at the STORE or by the PHONE will be DELIVERED PROMPTLY. I hope to be able by this change to supply the Very BEST Goods at the LOWEST Cash Prices, whereby both my Customers and Myself will be mutually benefited.

Over \$30 to \$50.....	15 cts.

These orders are a safe way to remit money at a small cost, and are payable at par at any Chartered bank in Canada (the Yukon excepted) and in the principal cities of the United States.

"Seeing is Believing."

Mrs. G. C. Mills of Robinson (Me.) had been to several opticians for defective sight. They could get no vision from the right eye and condemned it as permanently useless. She now, however, sees perfectly, having had her eyes developed and fitted with glasses by a rather startling new discovery by C. E. Vail, Optician of Centreville, N. B.

Mrs. Chas. Gee of Summerfield, N. B., had not seen out of her right eye for 21 years. Five years ago she was obliged to go to a Montreal Hospital where for three weeks she was treated by the celebrated eye specialist—Dr. Buller. He told her she would never have any use of that defective eye. Mr. Vail, however, by means of his marvelous discovery, fitted her with glasses that developed that eye to perfect sight.

Mr. Vail has been in optical work and research for the past ten years. Two years ago he graduated from the Canadian Optical Institute, at Montreal, receiving therefrom a first-class Diploma. Of late he has been in deep research along new lines and has discovered means by which many ordinarily hopeless cases can be successfully restored to perfect vision.

He is pleased to examine your eyes free of all charge. He also duplicates all kinds of lenses.
