

Ladies, Take off Your Hats.

Mr. Editor:
I hope you will forgive me for intruding on your valuable time, but now that we have two moving picture shows in town, and very good ones, too, I should judge, by what I have been able to see of them, dodging from one side to the other of one of those large hats, that ladies now wear. The first thing to draw one's attention is a request to the ladies which says, "Ladies will please remove their hats." In looking around one will notice the ladies taking their hats off, but there are others, dressed like ladies and and who have these sombreros on who fail to comply with the request. The question in my mind is, what are they? They surely cannot be ladies or they would doff their headgear at once. Perhaps the request is not broad enough. By saying "Ladies will please remove their hats," I would suggest that it be made to read, "All those dressed in ladies attire will kindly remove their hats." Perhaps then this would have the effect desired. Having been to the moving pictures a few times, and on being told that there was to be an entertainment at St. Gertrude's Hall, I thought I would go and enjoy myself amongst the rest of the folks. In entering, the first thing to draw one's attention was the old request "ladies will please remove their hats," and the same motion by some of taking off the forgotten hat, but again not by all, although in this case specially requested by one of the leading men to observe the request on the card. Word went around the Hall by friends of each other jokingly saying, "take off your hat," to which I heard one say sneeringly, "I don't have to." Every one knew she did not have to, but she never thought that the one behind her had paid as much as she had to get in and enjoy the entertainment. Common courtesy would almost demand her to live up to the request. However, Mr. Editor, I presume there will always be those who think they are superior to anyone else or who are afraid to take their hats off for fear their rats might escape. Thanking you for this space.

I remain one of the
INJURED.

ECZEMA CURED THROUGH THE BLOOD.

By the Aid of Dr. Williams' Pink Pills--That Wonderful Tonic Medicine.

Eczema or salt rheum is a disease of the skin which shows itself in small, red, watery blisters—these blisters break and leave a scale which may be rubbed off with the hand. The affected parts are intensely itchy and the victim cannot bear the touch of any article of clothing over the parts.

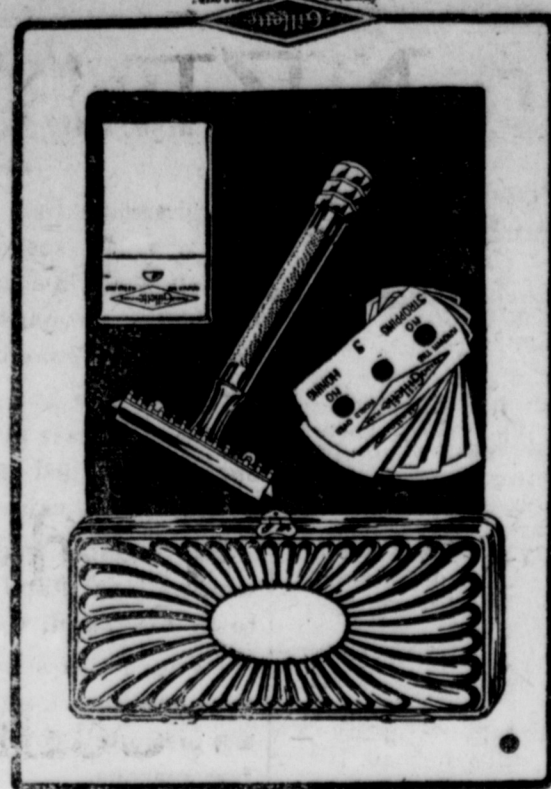

The disease is caused by bad blood and must be cured through the blood. Dr. Williams' Pink Pills have cured many cases of eczema because they are the one medicine that acts wholly on the blood—the seat of the trouble. Among those cured by these Pills is Mrs. Chas. Davidson, of Amherst N. S., who says:—"I suffered greatly from salt rheum or eczema and my hands were badly cracked. I tried several ointments but they did me no good whatever. I was advised to try Dr. Williams' Pink Pills and had only used them for a few weeks when the trouble disappeared and my hands were entirely healed. I am very grateful for what the Pills done for me and would advise other sufferers from this trouble to try them."

What Dr. Williams' Pink Pills did for Mrs. Davidson they have done for many others—not only in cases of eczema and salt rheum but for eruptions and pimples, chronic erysipelas, scrofula, and all other maladies which arise from poor blood. They banish these troubles simply because they clear the blood of all impurities and leave it rich, red and health-giving. The Pills are sold by all medicine dealers or direct by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.
