Positive Guarantee.

There will be a demand for years to come for the beautiful picture "The Soul's Awakening," issued by The Family Herald and Weekly Star of Montreal. There will also be many sorely disappointed when very soon they are told that not another copy can be had. It is a wonderfully charming picture. It touches the heart of mankind. If placed in a show window almost every passer-by will stop at first sight of it, study it and go away feeling better for having seen it. But there is a reason for being without a copy in your own home. The publishers positively guarantee that for some weeks yet they will mail a copy to every person who remits a dollar for a year's subscription to The Family Herald and Weekly Star. Those who have already subscribed are sure of it. Those who have not should do so now, and be sure, for they will certainly want a copy if they even see it.

Industrial Education in Woodstock

At the fortnightly meeting of the Young People's Society in St. Paul's church last Wednesday, a resolution affirming that this Community would be benefited by the introduction of Industrial education into the public schools was discussed by a number of the members and on motion was lost. At the close of the debate, Mr. C. D. Richards, in a very happy address, stated that this question would occupy a prominent place in the deliberation of educationalists in the very near future. It was only a question of time until the community must see its own great advantage in providing for its boys an agricultural, a mechanical and a commercial training, and for its girls course of study in domestic science.

MEANS SICKLY BABIES.

The baby who suffers from indigestion is simply starving to death. If it takes food it does the child no good, and it is cross, restless and sleepless, and the mother is worn out caring for it. Baby's Own Tablets always cure indigestion, and give the little one healthy natural sleep. Mrs. A. P. Daigle, Lower Sapin, N. B., says:—"For severe cases of indigestion I think Baby's Own Tablets are worth their weight in gold. My little one suffered terribly from this trouble and the Tablets was the only thing that removed the trouble."
