NEWS FROM THE COUNTY.

Jacksonville.

A lecture of much interest is to be given by Rev. W. N. Johnson in the United Baptist church on the evening of January 27th. The subject is "London" and cannot but be worthy of a large hearing as the speaker has already won great admiration from his dramatic rendering of readings at several recent concerts. The money raised at this lecture is to be given for the sidewalk.

Johnson Clarke has been visiting his mother, Mrs. Ernest Estey. Mr. Clarke has been in Cuba for some time in the interests of the potato trade, and has been very successful.

The many friends of Miss Bertha Mears, regret to learn that she passed away some two weeks ago, after a short illness of five days. Miss Mears was studying nursing and contracted scarlet fever in the performance of her duty as nurse in a Boston hospital. Miss Mears was a granddaughter of Solomon Kinney, of this place and was very highly thought of in this community, where she lived from early childhood, until recently. She was particularly winsome in appearance and had high ideals of christian living. Her parents predeceased her some years, but one sister remaining of her own family, but the whole community feels the loss of the bright young girl.

The Misses Christina Tilley and Grace Harper, with their cousins William Alberta and Bazi Harper, were week end guests of Mrs. Alice Jewett, of Bloomfield, returning on Sunday evening last.

Mr. and Mrs. Henry Briggs, of Lindsay, were especially invited guests. The regular monthly meeting was held in the evening when good reports of the work were given and a generous collection taken towards the Rest Fund for missionaries who have lost their health in the noble work.

The many friends of Miss Helen Good will be pleased to learn that she is well and enjoying her work among the Burmese. There are many discouragements, but she does not mention them, for, like all who go to the front, Miss Good pictures only the good that she sees.

Mr. Chas. Plummer received a hearty welcome when he took his place once more in the services of the Methodist church last Sabbath. Mr. Plummer has been suffering from a lame foot which was injured in the woods.

Centreville.

The friend of Rev. Mr. Ferguson met at his residence on Tuesday evening of last week and gave him an expression of their feeling toward him to the amount of fifty dollars. He referred to the great kindness of his congregation last Sunday at the close of his sermon and said that the words at his command could not express his thankfulness to them for the kindness exhibited. He surprised his congregation however by stating that his present state of health rendered it absolutely necessary that he should take a rest of some weeks and asked for leave of absence which was granted by the church.

The Canadian Bible Society are urging the branch in Centreville to send in the collections for the year, but no collectors have been appointed by the Baptist church; but the matter will be brought to their attention at once, and also the Episcopal church so that any wishing to give for the purpose of placing a Bible in the hands of those not having one may do so. Miss Minnie Smith was reappointed by the Methodist church for collector for that society and Mrs. A. C. Gibson is Treasurer of the Centreville branch.

C. M. Sherwood is shipping lumber from Florenceville as fast as cars can be secured. Charles Marriethew is managing this branch of the business.

Chester.

The monthly meeting of the Women's Missionary Aid Society of the United Baptist Church was held at the home of Mrs. Charles Giberson, Jan. 13. The number of members present was good. The fame of the hostess' delicious repasts is evidently widespread for many were welcomed to tea who do not often attend. Nor were their expectations disappointed. Seldom does one enjoy a more tempting or more generous tea than was served by Mrs. Giberson and her willing assistants, while her genial nature and ready wit added greatly to the enjoyment of the day.

Nor must the entertainment by Mr. Giberson be unmentioned. His wild pet, "Bobs," the young moose is a wonder to young and old. In the evening his phonograph allowed no dull moments to even the youngest, and the fine piano selections by his three daughters deserve special mention.

The sum of four dollars and ninety cents was realized with proceeds of tea and the different enterprises of the afternoon. This is so far the banner meeting of the society.

Glowing reports of the advantages of St. Cloud's, Florida, balmy air and sunshine are received weekly from C. H. Estey's family, by their relatives here. New Brunswick has it advantages if just now Jack Frost is having his day.
