THE JAPANESE HONEYMOON

Welcome Musical Comedy at Hayden-Gibson Theatre Friday and Saturday

The famous Herald Square Company in scenic production and the original Mimosa Dancing Ballet. Flattering criticisms from the "Chronicle" "Telegraph" and French papers of Quebec where the company appeared last week stamp the attraction as of unusual merit. All reserved seats are placed at 75, 50 and 35 cents. Seats now on sale.

A Scene from the Japanese Honeymoon.

New Rules Come in Force June 1.

On June 1st a new system of rules goes into effect on the C. P. R. in regard to the operation of trains. It is the standard system ordered by the dominion railway commission, which has been made the legal one for all the railroads in Canada. The new code differs in some important particulars from that which the C. P. R. has been using, and there are many small changes as well with which the various branches of the railway service in connection with the operation of trains will have to become familiar. Some portions of the standard rules will not be at once necessary for use on this section of the road, such as the double track system regulations and those as to the operation of the interlocking or block system. The rules as to train orders, which the telegraphers must assimilate, contain the largest number of radical changes.

Perhaps the only rule in the book not wholly technical and of universal interest is that which governs the emergency flagging of trains by anyone who becomes aware of danger of accident which can be averted by bringing an oncoming train to a standstill. The rule is that any object violently waved by any person standing on or beside the track shall constitute a stop signal. Evidently a coat will do just as well as a real flag.

For some time past Andrew Williams, an instructor, has been on this division holding meetings for the purpose of drilling the men in the rules. All must have passed examinations before June 1st.

DON'T DRUG CHILDREN.

When you give your child a so-called "soothing" medicine you are not curing its sickness. You are merely drugging it into temporary insensibility. The so-called soothing medicines contain opiates, and an overdose may kill the child. When you give little ones Baby's Own Tablets you have the guarantee of a government analyst that this medicine will promptly cure all minor ailments of childhood. Mrs. Alphonse Roy, Scott Junction, Que., says: "My little one was weak and sickly and used to cry day and night, but since giving him Baby's Own Tablets, he has thrived splendidly, and is as good-natured and happy as I could wish." Sold by all medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

BATH

The Bath village Fire department held its annual meeting in Phillip's Hall on Friday evening, when Chas E Gallacher was chairman, the report of the past year was received and some suggestions as to methods of work laid out. W D Wilson was elected Fire Chief for the next year in place of W N Dyer who desired to be relieved.

The water is falling very fast in the river at this point and the Peel Lumber Company have had to quit their rafting work at the Monquart for want of water.

The schools held a very successful concert on Monday evening last in honor of Empire day, the children should be complimented on their splendid performance.

Miss Beatrice L Jones, principal of Perth School spent Friday and Saturday last here with friends. Miss Jones was principal of the village school here last year.

Rev Mr Puddington, of Millville, occupied the pulpit of the United Baptist church here on Sunday evening last.

Miss A L Glass, teacher of the advance department of the school here spent Sunday at her home in Windsor, N B.

T J Carter and wife and daughter passed through here en route to Hartland, with their auto, on Saturday afternoon.

Robert L Simms, Principal of Stanley Village school, spent Empire Day with his brother here.

Norman Campbell of Perth, spent Monday here.

Miss Annie Jones, teacher at Ashland N B spent Sunday at her home here as also did her sister, Clara Jones, Teacher at Linville.

Seeding is well advanced and the larger portion of grain will have been sown this week. The grass crop is looking well.

Miss Maud Stanlake and Miss Dora Barker went home from their schools on Sunday last.

C W Parlee of Stickney, spent Saturday and Sunday with his family here.

Florenceville

We are rejoiced to know that Rev. J. D Wetmore, whose illness has been severe, is able to be about again and to resume his duties, at least in part.

Miss Ethel Orser, of Coldstream, is visiting her sister, Mrs. John Smith.

James Turner of Stickney was a welcome visitor among his former school fellows on Saturday.

James Wiley, M. D., brother of Mrs. Thomas McCain, is visiting at Thomas McCain's.

The funeral of the late James W. Black of Upper Brighton, passed here on Sunday afternoon en route to Wicklow where interment took place.

The Baptist church at Bristol was thronged on Sunday evening with large and small boys and girls, their parents, teachers and friends in observance of World's Sunday School Day. The printed programme prepared by the S. S. Association was carried out. There was much animation and enthusiasm, much to stimulate and encourage. It was one of Bristol's best meetings. The Superintendent, George Boyer, is a loyal Sunday School man. Mrs. Winnie Phillips, Mrs. Scott Darkis and Mrs. John Mead are worthy teachers. Mrs. Phillips' primary class is a large one. The school has been averaging about 60. The work of the years has had its effects. One recalls a worthy succession of Superintendents—Jacob Sherwood, George Wiggins, John Farley, Dow Boyer and upon worthy shoulders the mantle of responsibility has now fallen.

Summer School of Science

Arrangements for the holding of the Summer School of Science here in 1911 are being made. A request for a grant has already been made to the City Council and that body will consider the request at the next meeting.—Fredericton Daily Mail.
