NEWS FROM THE COUNTY.

Yeung's Cove Road.

May 20.—Farmers are making use of the fine weather and are hustling in their seed. The grass in this section is looking fine, considering the backward weather we have had.

A gasoline engine on the farm of Messrs. James B. Wiggins & Sons at Wiggins Cove, caught on fire Tuesday afternoon, and only for the promptness of the men who were running it at the time, a bad accident might have occurred. The fire was due to an imperfect joint in the tube leading from the mixing tank to the cylinder head. The gasoline escaped and came in contact with the cylinder on the outside and ignited.

Rev. Marshall E. Mott, of Webster, Mass., came up on Wednesday's boat and will spend a few days with his parents, Mr. and Mrs. Daniel Mott of this place.

Mr. Daniel Slocum of this place is in very poor health, suffering from internal trouble.

Mr. George Slocum and son Otty, of St. John, came up on Wednesday's boat on a business trip.

A memorial service will be held in the Methodist church at Yeung's Cove this evening by Rev. J. S. Gregg.

Kirkland.

There was a thank offering service held in the Presbyterian church on May 15th. Several readings, and recitations were given. Rev. R. A. McDonald was present. The sum of \$4.50 was made by collection.

Mrs. Belle Carr and her children have moved to Kennedy's Mill's in the house owned by Samuel Kennedy some years since, but recently occupied by W. H. Clark. Her business has grown so much, it was necessary to have a store. Her goods are shipped from St. John, Debec Jet. and Canterbury Sta. Our customs officer stops with her when on his routine of duty.

Walter, the son of Mr. and Mrs. Andrew Dickson, died very suddenly, May 18th, aged about 10 months.

Jacksonville.

The World's Sunday School Day was observed here in the churches on Sabbath last. In the United Baptist church, the pastor, Rev. W. W. Johnson, gave a short address for the children upon the importance of Sunday school work and all the music was of a simple nature, especially adapted for the children.

In the Methodist church in the evening the children and members of Sabbath school conducted the main part of the service. The responsive reading was well done and the songs of work and love for God's house were very helpful, especially for the young. The pastor's address was interesting and instructive to all and was listened to with great attention by young and old.

Misses Alice Tilley and Grace Harper, spent Sunday and Monday with Mrs. Chas. Crawford, Debec.

Mrs. Brock Vail is still laid aside with nervous trouble, but is much improved to the delight of all her friends.

A number of men were busy all day Saturday putting out sheer booms.

The arivers camped at Muniac on Saturday night remaining over Sunday.

Flags hung at half mast here all day Friday the 20th inst.

The fine weather has enabled the farmers to push their work rapidly. Although the Spring has been comparatively cold, vegetation is in an advanced condition.

The much talked of comet has been seen by some individuals, but many have been disappointed at not seeing the celestial visitor.

One of our residents caught over seventy

trout on Saturday. Fish stories are largely discounted as a rule but as we have seen the fish we can assure your readers that this fish story can be taken without the customary grain of salt.

A chicken was hatched at Riverview Farm a few days since that was perfectly normal except that it walked backwards instead of in the usual way. After a few days existence here the chicken seemed to conclude that the best way to get on in this world and around the world was to take Weston's way and walk forwards.

Another freak appeared at a farm in Kinardine in the shape of a calf that was a perfect specimen except that it was minus a tail. As the comet lost its tail the calf is quite in fashion with the comet.

Centreville.

J. W. Day, Inspector for the Nova Scotia Fire Insurance Co was in the village several days last week. He is giving the owners of insurable property something to think about in the way of rates.

Burton Clark has gone to Winnipeg for the summer. He had his plans made for the season's work before leaving home.

A great many people were disappointed about the comet, and the wonderful display talked of was away short of their expectations. Hereafter comets will have to get busy to even make people set up and think about them.

The annual meeting of the Baptist church here was held last Tuesday evening. Very few changes were made in the officers for the coming year. Deacons Geo. Gregg and Emerson Crouse were chosen delegates to the Dist Meeting with Andrew Beckwith and Miss Bertie West as substitutes.

Rev. Mr. Walden was given a call to the Postorate here, but no reply has been received from him as yet.

The farmers are making the best possible use of the advancing season in getting their crops in the ground. There will be a much smaller acreage of potatoes this year than last. Grass is not as promising now as in the beginning of the season. Tree planting has been engaged in to a considerable extent throughout the County.

Rev. Mr. Ferguson preached his farewell sermon here last Sunday and it is expected that he will begin his work in Caribou next Sunday. His family will remain here for some time yet.

George Briggs has the carpenters again at work on his house and will complete the work as fast as material can be obtained from the factory.

Mrs. Geo. Belyea expects to have her new house ready to occupy in the early autumn.

Dr. Brown has men at work gardening with the expectation of arriving in the village in about one month.

Another Train Needed.

The success which has attended the placing of an extra train on the Gibson branch on Tuesday, Thursday and Saturday was shown that the line is capable of large passenger traffic. It is suggested that a train to Fredericton early Monday morning would result in many people of the city spending the week end in the country. Such an extension of the service would undoubtedly be well received.—Fredericton Mail.
