Jacksonville.

Rev. E. C. Turner, on Sunday evening
last, preached a sermon upon the influence
of Mother in the home and nation, through
her influence upon the children. Mrs. W. C.
Good sang "My Mother's Prayer" and the
choir rendered sweetly an anthem.

The new organ bought from McMurray &
Co., Fredericton, is paid for and the pastor
thanked those who had made possible the
procuring of such a fine instrument.

Rev. W. N. Johnston preached a most
practical sermon in the afternoon service in
the United Baptist church on "Why I am a
Christian" and Miss Bessie Watson sang a
very sweet solo.

Thomas Corbett, Williamstown, was the
guest of Mr. and Mrs. Samuel Gartley, last
week.

Mrs. Elizabeth Churchill is visiting Major
W. C. and Mrs. Good.

The many friends of Mr. and Mrs. Silas
Wasson regret to learn that they are both ill
at their home at Lakeview. Dr. Kierstead
of Woodstock is in attendance.

Miss Kate Phillips is resting at her home
here, after attending a patient at Limestone,
Me.

Miss Velma Tilley, who has been in atten-
dance upon a special case in the Victoria
Hospital, Fredericton, is now pursuing her
professional duties in Woodstock.

Mrs. Walter Mott has returned from Buf-
falo, where she paid an extended trip to her
old home.

The annual election of officers for the W.
M. S., of the Methodist church will be held
on Wednesday of this week at three o'clock
in the above named church. The delegate
to the branch meeting in St. John, June 1st
to 4th is Mrs. Archibald Plummer.

Under the direction of Mrs. (Rev.) John-
son, the United Baptist Mission Band is pro-
gressing wonderfully. The bright little
paper "Hidings" is studied and is a great
source of information concerning the grand
mission work being done by the Baptist peo-
ple.

Wheat is being sown and potatoes pre-
pared for planting. It is hoped that the far-
mers may make some headway with the crop-
ping if the weather will continue fine.

Mrs. H. E. Smith.

Andover, N. B., May 9—The community
was much shocked and grieved on Friday
morning to hear of the death in Brooklyn,
N. Y., of Mrs. Smith, nee Miss Ethel
Barker, of Four Falls, (N. B.).

The deceased was the youngest daughter
of Mr. and Mrs. C. W. Barker, of Four
Falls, and was a bright and talented young
woman and a great favorite with all her
relends and relatives. She was in the 25th
year of her age.

The body was brought here on Saturday
by the B. & A. and interment took place on
Sunday in the Baptist burying ground. Rev.
Mr. Hopkins officiating. To the sorrowing
husband and bereaved parents much sym-
paty is extended.

Mrs. S. Rogers.

Died at Bristol, Car. Co., N. B., on April
19th, Belle Farley, wife of Deacon Samuel
Rogers aged 50 years.

In her youth she was led to the Saviour,
and all through life was a faithful christian
woman. She longed to depart to be with
Christ. To her it was not death to die. She
leaves to mourn, a husband, two daughters
and one son. The funeral services were con-
ducted by the pastor, J. A. Cahill.

A London clothier was never known to ac-
knowledge that he didn't have anything a
possible customer might ask for. One day
a customer entered the shop and asked if he
had any trousers made especially for one-
legged men. "Certainly," replied the mer-
chant. "What kind do you want. "Dress
pants," said the man. "The best you've
got. Hurrying into the rear of the shop,
the enterprising merchant snatched a pair of
trousers and snipped off the right leg with a
pair of shears. Hastily turning under the
edges, he presented them to the customer.
"That's the kind I want. What's the price?"
"Thirty shillings." "Well, give me a pair
with left leg off." A month later the clothier
was pronounced convalescent.—Dundee Ad-
vertiser.

New Rules on Canadian Wood Pulp

Following the regulation recently adopted
in Quebec forbidding the exportation of pulp
wood from crown lands, the treasury depart-
ment has given instructions to collectors of
customs on the Canadian border assessing
duty on wood pulp and printing paper pro-
duced from pulp wood cut on such lands
after May 1st, as provided in the tariff act.
These rates are as follows:

On mechanically ground wood pulp, one
twelfth of one cent per pound, dry weight.

On chemical wood pulp, unbleached, one-
sixth of one cent per pound dry weight;
bleached one quarter of one cent per pound,
dry weight.

On printing paper, the regular rates, and
in addition thereto the additional duty of
one-tenth of one cent per pound when valued
at three cents per pound or less.

Reforestation Begins in Maine.

Phillips, Me., May 10—Extensive refores-
tation in New England is to have its begin-
ning. One hundred and fifty thousand three
year old spruce trees imported from Norway
are being set out in the vicinity of Madrid
station in this town, under the direction of
an experienced forester. Set out six feet
apart, the trees will cover about 150 acres.
There is little doubt of the success of the ex-
periment as 10,000 trees planted this time
last year have thriven well.

**Coughs, Colds
BRONCHITIS**

If there is an ailment in the throat
or chest, it is surely essential that the
remedy be conveyed direct to the af-
fected part. It's because the healing
vapor of Catarrhozone is breathed into
the sore, irritated throat and bron-
chial tubes, because its balsamic fumes
kill the germs and destroy the cause
of the trouble. These are the reasons
why Catarrhozone never yet failed to
cure a genuine case of Catarrh, Asthma,
Bronchitis, or Throat Trouble.

The wonderfully soothing vapor of
Catarrhozone instantly reaches the furthest
recesses of the lungs, produces
a healing, curative effect that is im-
possible with a tablet or liquid,
which goes merely to the stomach, and
fails entirely to help the throat or
lungs.

To permanently cure your winter ills,
your coughs, sneezing, and Catarrh,
by all means use a tried and proven reme-
dy like Catarrhozone. But beware of the
substitutor and imitator. Look for
Catarrhozone only. 50c and \$1. at all
dealers. 10

Kindness to Teacher

"Jimmy," said the fond mother to her
smart nine-year-old, "what became of that
fruit cake I made for you as a treat yester-
day? Did you eat it?"

"No, mamma," answered Jimmy, with a
grin; "I gave it to the teacher instead."

"That was very nice and generous of you,
Jimmy," complimented his mother. "And
did your teacher eat it?"

"Yes; I think so," answered Jimmy. "She
wasn't at school to-day."

quite rough.

Mrs. Samuel Barlow has returned home
to Lawrence Mass.

Alfred Arbour had the misfortune to cut
the two middle fingers of his hand very
badly.

Mrs. Joseph McDougall, of Limestone is
visiting her sister Mrs. E. Graham of Max-
well.

J. Leslie Kennedy, made a business trip
to Woodstock on May 7th.

John W. Nicholson has gone to Lawrence,
on a business trip. He feels the loss of his
wife and son very deeply.

Mrs. James Denning and Mrs. George
Denning passed through this place on their
way to Debec Junction.

Mr. and Mrs. Watt Taylor, contemplate
moving to Elmwood in a few days.

FARM FOR SALE---A Splendid Trade.

Listen—Owing to illness of the owner, here is one of the best
trades in a farm that has ever been offered to the people of Carle-
ton County, and with-in two miles of three shipping stations, 115
acres, 90 acres under excellent state of cultivation, well watered,
lots of wood, splendid orchard, nice house, ell, and woodhouse,
three good barns, new Granary, hog house and hen house, within
a few rods of several churches and school and in an excellent lo-
cality. There is not a bad feature about this property and the price
is not \$4000, nor \$3500, but a great deal less—as it must be sold
at once.

Rural Phones
Solve These
Every-Day Problems

Problem I. Bad Roads:—
The old way was to curse nature and idly
await sun's return.
The new way is to telephone for what
you want, and smile because you get the
information in a thousand part of the
time.

Problem II. Weather Forecasts:—
The old way was to work on belated in-
formation, and to excuse the losses with
"That's what the farmer has to put up
with."
The new way is to telephone every morn-
ing to the weather man and overcome
much of the needless hustle and bustle of
the old way.

Problem III. Prices Current:—
The old way was to ask a neighbor or
trust to the newspapers.
The new way is to get information in the
nick of time over the phone, thus know-
ing when to sell and when to hold.

Problem IV. Emergencies:—
The old way of procedure when some one
took sick, was to harness up the "driver"
and make all haste for the doctor. Effort
in this direction often procured as its
only result the information: "doctor is
out."
The new way is to call up the doctor on
the phone, and know instantly what can
be done pending the medical man's
arrival.

Problem V. Help:—
The old way was to allow men to go on
boys' errands—waste half a morning
walking to Smith's only to find that his
barrow was already loaned.
The new way is to make the phone your
errand boy—buy, borrow, begot by means
of the "silent partner."
We have prepared a Booklet describing
fully a rural phone system. Hadn't
you better instruct us to send you this
interesting bit of information, seeing
it costs you nothing.

Mahogany Furniture.
I am prepared to restore old pieces of Mahogany
Furniture, no matter how badly broken up. These
old pieces when repaired are quite valuable and
far superior to anything of modern make. Being
a Cabinet Maker and "French Polisher" of many
years experience in the city of St. John, I think I
understand my business. Also general repairing.
