- A R Foster, 18.80.
- D W C Stevens, \$8 55
- W W Hay, \$7.40. (less \$1)

Coun Melville pointed out that this bill charged for horse hire which was not allowed by law. Mileage is allowed. He objected to Coroner Hay taking his own head for it, when the law laid down the plan.
A motion was made that the bill be paid less the horse hire \$1.00. An amendment was moved that the bill be paid at its face. Amendment lost. Original motion carried.
James W Woolverton \$4.50.
W H Everett, when attested to, 50c.
Charles T Boyer, \$16.20.
Carleton Sentinel, \$77.50.
C F Shaw, \$8.
Coun Perry moved that the bill of J F Shaw be laid over until there was an itemized account furnished. Coun Kinney seconded the motion which was carried.
Dr M E Commins, \$6.
J O Hartley, \$115.
Arch Scott, \$4.

Coun Balmain moved that the finance committee and sec-treas be empowered to borrow \$5,000 for current expenses, pending the collection of the taxes. Coun Scott seconded the motion which was carried.
On motion Col A O Hartley was appointed overseer of the poor in the place of W W Boyer.
A bill of Sheriff Tompkins for \$4, attending trial at Judge Carleton's chamber was ordered paid.
Coun Smith would like to see something done by which prisoners in the jail could be made to work on the roads or in some other way. He moved that a committee be appointed to look into this matter. Motion seconded by Coun Scott and carried.
Couns Smith, Gibson and Brittain were appointed a committee.

Coun Kinney moved, seconded by Coun Keenan, that the sum of \$75 be assessed for road damages and charged to the Parish of Kent, and when collected placed to the credit of the Highway Board.
Coun Estey moved, seconded by Coun Tracey, that \$15 be assessed on the Parish of Wicklow for road damages and placed to the credit of the Highway Board.
Coun Tracy asked as to the old court house property at Upper Woodstock.
Coun Phillips—It is leased to Upper Woodstock District till the first of January next for \$18 00 a year.
Coun Melville moved that the building committee be authorized to issue tenders for the purchase of the land and building and report to the council next January. Coun Lamont seconded the motion.
Coun Scott thought the people of Upper Woodstock should be given this property, from a moral point of view, if for no other reason.

Coun Estey—I would be in favor of giving the Upper Woodstock people the preference, but if the committee advertise they will have to take their chances. They had been promised the preference.

Coun Phillips—They might have the preference, but they have had the advantage of the court house for a great many years.

Coun Brown had changed his views since last session. Then there was some talk of it being a park. Now we have the island—the new Connel park, which was open to the residents of the county as well as the town.

Coun Smith asked if when Col Richard Ketchum gave this land it was to revert to his heirs.

Mr Hartley—It is a deed without any restrictions.

Coun Smith—In that case I will support the motion. I think we ought to get as much as we can.

Coun Melville—I am glad to see so many councillors are less anxious to give away the public property than they were last winter. As a matter of fact Upper Woodstock was probably never the place for the court house.

Coun Lamont thought we should get as much as we can for the property but he did not believe in selling the property, but he did not believe in selling the property. Rather lease it and hold on to it. It will not be less valuable in ten years than it is now.

Motion carried.
Coun Brittain brought up a question of a new road in Hartland. How was the money for land damages to be secured?

Sec-treas—You can take it out of the Highway Board grant.

Coun Brittain—The people want the road but the commissioner will not make it till the damages are paid.

Sec-treas—If you have not the money the county would have to pay 6% interest to loan to Brighton.

Coun Brittain then moved that \$1008 be assessed and charged to Brighton as road damages.

Coun Morgan seconded the motion said that under the Highway Act all roads were to be four rods wide. This road could not be more than 30 feet by some 200 ft long. Would it be a legal road?

Mr Hartley said once the road was taken over and used as a public road it would so remain. Although it might not be possible to have it the width directed by the act. Motion carried.

Coun Melville asked for information as to the liability of a parish for the care of a lunatic. The sec-treas pointing out that when an outsider of the county became a lunatic within the county, having a residence here, the parish where he became a lunatic must pay his toll at the asylum.

Coun Morgan referred to by-law No 5 regarding the imposition of licence for travelling showmen. He wished to know how far this extended. The question is to enforcing a licence on local entertainments.

Mr Hartley—It covers practically any performance at which there is an admission charged. But in Woodstock we do not enforce it in the case of local entertainments.

On motion of Coun Lamont Olys Hughes, district clerk, is to be paid \$2 and charged to Aberdeen.

Mr D Johnson was heard in the matter of lighting the court house; he said that the electric company would light the whole building at a cost of \$75 flat rate. Upon motion the matter was left in the hands of the building committee.

Coun Smith spoke of the long service of Coun Williams at this board and moved that a committee be appointed to arrange for a banquet or some other suitable testimonial to be presented to him at the meeting of Council in January next.

Coun Kinney seconded the motion the warden appointing Coun Smith and Kinney such a committee.

Coun Phillips raised the question of the occupancy of the rooms over the Record Office as a residence by the Registrar.

Coun Brown said there was a certain amount of feeling around town as to Mr Lighton using these rooms free and he moved that the question be left in the hands of the building committee.
