A New Value For Aeroplanes.

A contemporary which is generally pretty well to the front with suggestions has found a new use for aeroplanes or flying machines. It points out that they will be very valuable for the purposes of smuggling. And when you come to think of it they will be useful for such purposes. It will be pretty hard to have preventive officers to keep track on these new instrument of locomotion. Who can tell what valuable things those balloon racers did not have in their dirigibles when they landed in the wilds of Quebec a few weeks ago. How easy it will be to fly into Woodstock with a small cargo of diamonds or even shirt waists. The only possible thing for the customs authorities to do is to buy some aeroplanes for the use of the officials, and then there might be jealousy as to which one of them would make the first trial trip. The matter is serious enough in all consequence, and really more perturbing than the Drummond-Athabaska election. Who can tell that it may not be the supreme issue at the next general election? A buckboard will not be in it, compared with an aeroplane for smuggling.

The Misses Alta and Mary Adams, Fredericton, were the guests of their aunt, Mrs A G Bailey, for a few days last week.

The Cobbler-Sexton Mining Co.

The Cobbler-Sexton Mining Co, Ltd, of Woodstock, N B, has lately secured from the local government a twenty year lease of their property in Northampton and proposed testing the extent of their ore bodies with the diamond drill. The drill is at present being used by Mr Windsor at Caraquet, but the company hopes to secure it in a short time.

The Cobbler-Sexton has filed its application in the Crown Land office, with the required bond and check for \$100 to insure the safe keeping of the drill.

At a late meeting of the stock holders 20,000 shares were voted for sale at 50c per share, proceeds to go toward defraying expenses of the drill. Five thousand shares have already been subscribed for by the stockholders, which indicates that the stock will soon be taken up.

New Brunswick is gradually coming to the fore in the mining line. With the development of the gas and oil wells in Albert and Westmorland counties; the coal deposits in Queens, Sunbury and York; the Iron deposits of Gloucester and Northumberland; the copper and iron of Carleton; miners and mining capitalists will be attracted this way. The greatest setback to development is the depth of soil which makes prospecting quite expensive. The formation of rock through Carleton, Victoria, Gloucester and Northumberland counties, is correct for quartz mining. There are large deposits of good Iron ore, but being so far inland and distant from coal deposits, it is not easy to market or smelt.

Gold has been panned out on various streams and brooks along the St John river from Meductic to the Tobique. Free gold and silver have been found in the vein matter on both the properties of the Cobbler-Sexton and the Carleton Mining Co, at Northampton. On the Cobbler-Sexton a quartz vein, carrying values of Copper, Gold and Silver, has been traced for two miles on the surface. Although the company has failed to locate a sufficient body of ore to guarantee putting up a stamp mill, yet the surface indications are good and have been pronounced so by the various experts who have visited the property.

If the efforts of the company to locate a body of ore are successful, it will add considerably to the prosperity of the country, and not a little to the town of Woodstock. The company is getting the diamond drill to test the deposits in Northampton, why should not the people take an interest in this, and while the drill is here, make a thorough test of our mineral resources? You can purchase the stock for only 5 cts per share. Five dollars buys 100 shares, \$50 buys 1000. If the company fails to locate an ore body, you lose the \$5, \$10 or \$50 contributed; but on the other hand, if a body of ore is located, it means immense profits to the holders of the stock; and if the Cobbler-Sexton mine proves a success, it means more prospecting, more mines and a boom for the country, for this mineralized belt extends in a north-easterly direction across the province.

We buy stock in outside industries and mines and lose money without a murmur, why not risk a little at home, and find out what treasure mother earth holds in her stony grasp at our own doors.

MOTHER'S LITTLE

TREASURE.

What mother does not look upon her baby as a little treasure. What mother would not rather suffer herself than see her precious little one suffer. The well child brings joy to the home—the sick child brings misery, despair and care. But, mothers, there is no need for your baby to be cross and ailing; even during the much dreaded teething time. What a baby needs to keep him well is an occasional dose of Baby's Own Tablets. These Tablets cure all stomach and bowel troubles; destroy worms and make teething easy. Mrs Pierre M Cormier, New Richmond Centre, Que., writes: "Baby's Own Tablets have been of great benefit to my little one and now he sleeps well and eats well and is happy all the time." The Tablets are sold by all medicine dealers at 25 cents a box or direct from The Dr Williams' Medicine Co., Brockville, Ont.

Florenceville Consolidated School

The following results of the mid-term examination of the Florenceville Consolidated School shows the names of those having the highest standing in the Grades of the advanced department.

Grade XI, Willa Hunter, Rosa Perley. Grade X, Jennie Chapman, Grace Bell. Grade IX, Ruby Ross, Myrtle Jones. Grade VIII, Andrew Stephenson, Lynd Stickney.

TOWN COUNCIL

The monthly meeting of the town council was held on Monday evening, the Mayor presiding and all the councillors present. The report of the town treasurer was read and showed a debit balance at the bank of \$3,000 in even figures. A list of unpaid taxes was submitted by the treasurer showing that a very large number of the rate payers have not paid their taxes. In a discussion that ensued, Coun Hagerman said that two excuses were given by people who did not pay, one was that some other citizen did not pay, and the other that the assessor was devoid of any system. The Mayor pointed out that at the last meeting of the council a resolution was passed that after the 1st of November legal steps be taken to collect the taxes. Those who were behind were not people who were unable to pay, but people who simply neglected their duty.

Coun McManus said that the council would require all the money collectable to meet the expenditures for the balance of the year. He thought the resolution of the council should be carried out.

Coun Allingham said that the sooner that the ratepayers learned that they must pay their taxes the better. He wished the council to go right ahead.

Coun Ketchum said that the officials were doing all in their power to gather in the taxes. It was surprising that citizens did not recognize the necessity of keeping the taxes paid. They were getting the benefit of the schools, fire and police protection and yet the tax seemed to be something that was left to the very last. There was a good deal in what Coun Hagerman said as to the system of assessment, but the rate payer had his remedy by stating to the assessor in the spring what property he had.

In furtherance of the resolution referred to the collector was instructed to write to each delinquent taxpayer, at once, demanding payment, and a week afterwards to issue a writ. The Superintendent of Waterworks said that the water rates would be collected without fail, even, if extreme measures had to be taken.

MISS EMMA ARMSTRONG

Miss Emma M Armstrong died at 8.15 Saturday evening, October 29 at the residence of her brother, Charles H Armstrong, Fort Fairfield, after an illness of 2 1/2 years, of cancer of the stomach.

The funeral occurred at the home at 1.30 Tuesday, conducted by Rev M S Trafton, assisted by Rev John Tinling. Music was furnished by the Ames choir. The pall bearers were: Isaac Conant, G F Ashby, Richard Clark and Blanchard Clark. Interment was made in Riverside Cemetery.

Miss Armstrong was born in St John, but lived until about 19 years ago in Lakeville, N B. She then went to Boston, where she spent some 14 years. The past few years she had made her home with her brother Chas H Armstrong of Fort Fairfield. Through her long and discouraging illness Miss Armstrong was a brave and patient sufferer. Wherever she was known her worth was appreciated, and her death is mourned by her many friends.

Miss Armstrong leaves several sisters—Miss Sophia L Armstrong, of Fort Fairfield; Mrs Geo Hannah, of Caribou and Mrs Frank B King, and Mrs Clarence Watt, who reside elsewhere, also two brothers, Charles H Armstrong of this town and William Armstrong of Carleton county, N B.—Fort Fairfield Review.

Hayward-Jewett

A quiet wedding took place at the home of Mr Sanford Boyden, Dorchester, Mass., on Saturday Nov 5th at high noon when Miss Louisa A Jewett, of Florenceville, N B was united in marriage to Mr Clarence E Hayward of Holyoke, Mass. The ceremony was performed by the Rev Leopold Nies, pastor of the Methodist Episcopal Church, of Dorchester. The bride was becomingly gowned in a travelling suit of grey with hat to match. The happy couple left immediately for Winchendon, Mass. Mr and Mrs Hayward will make their future home in Holyoke, Mass.

ESTEY-MARGISON

On Wednesday Oct 26th there was celebrated the wedding of Frank Estey and Miss Annie Margison, at the home of the bride's parents Mr and Mrs Chas I Margison of Upper Knoxford. The ceremony was performed in the presence of a large number of invited guests by Rev J B Daggett.

After the wedding ceremony, and an excellent supper, the newly married couple repaired to their own home. They received many beautiful presents. The groom's present to the bride was a gold locket and chain, the bride's to the groom a gold watch chain.

GOOD HEALTH

FOR YOUNG GIRLS

What is Needed is the Rich, Red Blood Dr Williams' Pink Pills Actually Makes.

Perhaps you have already noticed that your daughter in her 'teen's' has developed a fitful temper, is restless and excitable. In that case remember that the march of years is leading her on to womanhood, and at this time a great responsibility rests upon you as parents. If your daughter is pale, complains of weakness and depression, feels "all tired out" after a little exertion; if she tells of headaches, or backaches, or pain in the side, do not disregard these warnings. Your daughter needs help for she is most probably anaemic—that is, bloodless.

Should you notice any of these signs, lose no time, but procure Dr Williams' Pink Pills, for her unhealthy girlhood is bound to lead to unhealthy womanhood. Dr Williams' Pink Pills enrich impoverished blood and by doing so they repair waste and prevent disease. They give to sickly, drooping girls, health, brightness and charm, with color in the cheeks, bright eyes, a lightness of step and high spirits. A case typical of thousands cured through the use of Dr Williams' Pink Pills is that of Miss Grace Cunningham, Winnipeg, Man., who says: "I really cannot say enough in praise of Dr Williams' Pink Pills, as they have made me feel like a new girl. I was pale and almost bloodless and think that on an average I missed at least three school sessions a week, because I felt like a broken down person, and too weak to do anything. The doctor's medicine I took did little more than keep me in hope; it certainly did not cure me. Then I was advised to take Dr Williams' Pink Pills, and they soon made me feel like a new person. Day by day I gained strength and color, and I have your medicine to thank for it."

Dr Williams' Pink Pills are sold by all medicine dealers or may be had by mail a 50 cents a box or six boxes for \$2.50 from The Dr Williams' Medicine Co, Brockville, Ont.

COMPANY HAS NO ASSETS.

Argument on the application to wind up the Alexander Dunbar and Sons Co., Ltd, of Woodstock, was presented before Mr Justice McLeod in St John on Wednesday afternoon.

On a prior day M G Teed, K C, acting for the Edgar Allen & Co, Ltd, of Sheffield, England, a creditor of Dunbar Co applied to have the latter company wound up and a receiver appointed.

C F Inches of Weldon & McLean appeared on behalf of the Bank of Montreal and the Royal Trust Company. The Bank of Montreal are creditors to the amount of \$98,000 and have collateral security upon all the personal property of the company. There is a trust mortgage on all the property which is held by the Royal Trust Company for \$30,000, the debentures of which are held by the Bank of Montreal. The Royal Trust Company went into possession under their mortgage and started suit for foreclosure on October 22nd last. Mr Inches argued that as there was no unsecured property there was nothing to wind up and cited several Ontario decisions which hold that where there is no no property left unsecured the court will not appoint a receiver.

Mr Teed cited several late English decisions which hold that although there is no property to wind up yet the unsecured creditors have a right to have a receiver appointed to investigated the affairs of the company. Argument will be continued at a later date when judgment will be given.

Weldon & McLean are solicitors for the Bank of Montreal and the Royal Trust Company. A B Connell, K C, for the Dunbar Company. M G Teed, K C, for the petitioning creditor, L P D Tilley and J D P Lewin for other unsecured creditors.—Standard.

Friday morning James Saunders, a well known farmer of Lower Windsor, was found dead at the foot of the stairs leading to the cellar, his neck having been dislocated by the fall. It is supposed that he fell when shutting up the house for the night. Deceased who was about 70 years of age leaves a widow and two daughters, Mrs B. Padgett and Mrs Perry of Digby, N S.
